Outcomes – WA Learning Standards

Outcomes are skills in English that students should be able to do by the end of winter quarter.
By the end of winter quarter successful students should be able to:

- **Read with understanding** everyday words and short paragraphs about families, everyday activities, neighborhoods and homes, and shopping and money. “Scan” to find important information in a story. Use who, what, when, where and why to help you understand a story.
- **Convey ideas in writing** about a picture, about yourself, your family and your goals. Ask and answer questions. Fill out forms and write about your activities, clothing, your home and/or neighborhood, nationalities and languages. With guidance, edit your writing for the Be-verb, present continuous tense, and present tense.
- **Speak so others can understand** to talk about your family, to ask where places are in a neighborhood, to ask about homes, to ask questions about clothes shopping and money, and to ask about languages and nationalities. To ask questions when you don’t understand.
- **Listen actively** to understand personal information, short conversations about topics in our book, instructions and stories.

About Class

You will need the Side by Side Plus Book 1, Side by Side1 Activity & Test Workbook, a three-ring binder, paper, pens and pencils. Bring everything to class every day.

- Come to class on time.
- Do all homework, and be a good student in class (work well in groups and be nice with classmates). **Ask questions – questions tell me you care about your learning.**
- **No cell phones in class; turn your cell phone off!**

Attendance

You need to come to class every night. You may miss up to 20% of class, (4 nights or 16 hours), and still get a grade of **Progress** for the quarter. If you miss more than 20% of class you will get a grade of **No Progress**. Attendance is important to progress to the next level. When you are sick, call Jill at (425) 564-2404. If you leave class and cannot come back, tell your teacher. It is very important.

You may miss class for a religious holiday. You must still do the schoolwork. Please tell Jill if you need to miss class for this reason. You must still take the CASAS tests.

Progress

Your English must get better. Come to class. Do all the class work and homework. Take the tests at the beginning and end of the quarter. Practice English out of class. You can stay at this level for 3 quarters. You must make progress in reading, writing, listening and speaking to go to the next level.

Progress Policy

Students in ESL classes at Bellevue College should make progress in their level. Your teacher looks at your attendance, classroom work, and tests (including CASAS tests) to decide your progress. Your teacher will tell you at the end of the quarter that you need to improve. If you don't improve and there is no progress in your work, you might not be able to register for classes in the future.

FERPA: Student Privacy and Independence

*We do not wish other people (parents, spouses, and friends of students) to speak for students about his or her school performance because this can slow student growth and progress. We do this because we would like students to speak for themselves and be independent. We also do it because federal law (the Family Educational Rights and Privacy Act) says that we must protect the privacy of student education records. It is BC policy to keep school performance between the school and the student. If a student asks for a parent, spouse, or friend to be at any instructor-student discussion of academic performance, instructors will look at each situation and make the final decision. You can see all of this policy, **Arts and Humanities Commitment to Student Growth and Development**, at <http://bellevuecollege.edu/ArtsHum/AHGdlns-StdntGrwth.htm>.*
