Values Conflicts

Essential to a liberal arts education is an open-minded tolerance for ideas and modes of expression that might conflict with one's personal values. By being exposed to such ideas or expressions, students are not expected to endorse or adopt them but rather to understand that they are part of the free flow of information upon which higher education depends.

To this end, you may find that class requirements may include engaging certain materials, such as books, films, and art work, which may, in whole or in part, offend you. These materials are equivalent to required texts and are essential to the course content. If you decline to engage the required material by not reading, viewing, or performing material you consider offensive, you will still be required to meet class requirements in order to earn credit. This may require responding to the content of the material, and you may not be able to fully participate in required class discussions, exams, or assignments.

Affirmation of Inclusion

Bellevue College is committed to maintaining an environment in which every member of the campus community feels welcome to participate in the life of the college, free from harassment and discrimination. We value our different backgrounds at Bellevue College, and students, faculty, staff members, and administrators are to treat one another with dignity and respect. <http://bellevuecollege.edu/about/goals/inclusion.asp>

Division Statements

The principle of academic honesty underlies all that we do and applies to all courses at Bellevue College . One kind of academic dishonesty is plagiarism, which may take many forms, including, but not limited to, using a paper written by someone else, using printed sources word-for-word without proper documentation, and paraphrasing or summarizing the ideas of others without acknowledging the source. Plagiarism can also occur when non-written ideas are taken without documentation--using someone else's design or performance idea, for example. In short, plagiarism is passing off someone else's ideas, words, or images as your own; it amounts to intellectual theft--whether or not it was your intention to steal. Bellevue College instructors have access to commercial plagiarism detection software, so please be advised that any work students submit may be tested for plagiarism.

Participating in academic dishonesty in any way, including writing a paper or taking a test for someone else, may result in severe penalties. Dishonestly produced papers automatically receive a grade of "F" without the possibility of make-up. The Dean of Student Services will also be notified of such conduct, and repetition of the behavior will result in progressively more serious disciplinary action (for example, an instructor may recommend that the student fail the course for a second offense or even that a student be expelled for a serious offense, such as stealing an exam).

Grades lowered for plagiarism or other forms of dishonesty may be appealed through the regular channels, and any further disciplinary action taken by the Dean may also be appealed through existing processes.

Student Code

"Cheating, stealing and plagiarizing (using the ideas or words of another as one's own without crediting the source) and inappropriate/disruptive classroom behavior are violations of the Student Code of Conduct at Bellevue College. Examples of unacceptable behavior include, but are not limited to: talking out of turn, arriving late or leaving early without a valid reason, allowing cell phones/pagers to ring, and inappropriate behavior toward the instructor or classmates. The instructor can refer any violation of the Student Code of Conduct to the Vice President of Student Services for possible probation or suspension from Bellevue College. Specific student rights, responsibilities and appeal procedures are listed in the Student Code of Conduct, available in the office of the Vice President of Student Services." The Student Code, Policy 2050, in its entirety is located at: http://bellevuecollege.edu/policies/2/2050_Student_Code.asp
