Educational Programs for Retirees

Life-long learning. Lifetime friends.

Professional Instructors

Stimulating Classes

Relaxed Atmosphere

Involved, Supportive Community

Educational Programs for Retirees

Since the **TELOS** program began in 1976, the oak tree has been its distinctive symbol. Telos is the Greek word (τέλος) meaning 'fulfillment'. And that's what the **TELOS** program offers: an engaging community where adults can fulfill their continuing desire to learn and grow.

TELOS presents a broad range of classes to meet a wide variety of interests. The atmosphere is intellectually stimulating and supportive. Classes are small and informal. Students and faculty interact as peers, making learning a creative exchange of ideas. Many students form lasting friendships.

At **TELOS** the emphasis is on education and growth, not measuring performance. There are no entrance requirements, grades or tests.

TELOS also has a student run organization called TSO. For more information, go to their website: studentweb.bellevuecollege.edu/telos-tso/.

*"Education is a social process...
Education is growth... Education is life itself."*

John Dewey, 1859-1952

TELOS: Educational Programs for Retirees

Professional Quality Instructors

Classes are taught by men and women who have expertise in their subject matter and excellent teaching skills.

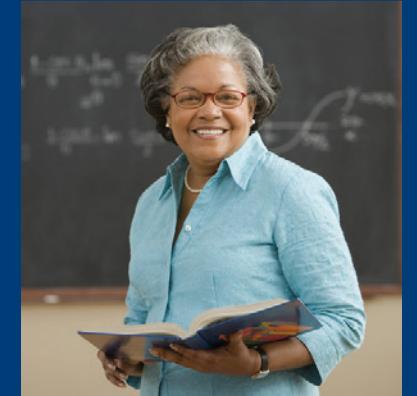

Many are active or retired faculty from colleges and universities. Others are professionals with expertise in many fields. All share a keen interest in contributing to the mental, physical and spiritual fulfillment of older adults.

Convenient Times and Locations

Classes are held weekdays from 9:30am to 3:30pm, so you won't get caught up in rush hour traffic. Most classes meet for 90 minutes one day a week for eight weeks during Fall, Winter and Spring quarters.

Classes are located at the Bellevue College North Campus (see the back for map).

Involved Students

Most **TELOS** students are retirees. They come from a wide variety of backgrounds and share a common desire to expand their knowledge,

find fresh avenues of growth and establish new friendships by forming a community of individuals with common interests. There are no age requirements to register for **TELOS** classes.

Reasonable Cost

Since **TELOS** is a program for retirees, we work hard to keep costs low. Individual course costs can be found online. We think you'll

agree that **TELOS** offers a very good value for the high quality of instruction. Financial assistance is available for low-income participants.
