### Course Description

- The Spanish II course continues introducing students to basic vocabulary and grammar structures. This course develops listening, reading, writing, and speaking skills through a variety of interactive, audio and video activities. Authentic video and audio material will be used as well as online tutorials for grammar lessons' explanations as part of the e-textbook. Students will learn cultural aspects of the Spanish-speaking world and will communicate with the instructor and classmates via chat and e-mail. *Recorded and Partner activities are an innovative and essential part of EN LINEA. To complete these activities, you must have a microphone, speakers (or headset), and a sound card in your computer.*

### Course Objectives

- Upon completion of this course, students should be able to speak and write simple sentences & short paragraphs about topics covered during the quarter using newly acquired vocabulary and grammatical structures, including discussing past events; understand basic questions on subjects explored during the course and reply accordingly; read and comprehend the "gist" of simple authentic material (ads, messages, captions, articles, videos, etc...). Students should "get by" if traveling to visit a Spanish-speaking country. This course will prepare students for Spanish 123 (Spanish III). A C- grade minimum is advised to move on to the next level.

## Calendar

- **Check the course calendar everyday** (before you log-on to *Quia*/EN LINEA). Please do not use the calendar to link to QUIA, you will have to log in directly in QUIA using your username and password. I am not using the Blackboard Vista Calendar. Instead I am going to e-mail the Calendar the first day of the quarter. Save it or print it for easy consultation. The calendar will list when a new lesson begins by its title, the quizzes & test dates, projects, deadlines, and holidays. The dates listed on the e-textbook EN LINEA site are Lesson deadlines, but the dates listed on the calendar are a suggestion for setting the pace of the class. If a test date or any other important deadline should change, I will post the news under "Announcements" on our Blackboard Vista site.

## Communication

- Communication will take place via e-mail and chat in Blackboard Vista only. If you need to contact me, e-mail me to my Blackboard Vista account Please try to write in Spanish as much as possible.

**Blackboard Vista and the calendar should be checked at least once a day.**

If this is your first on-line course, it's bound to be a bit confusing at the beginning. Don't be afraid to ask questions or admit you're having trouble with something. Feel free to email me to my Blackboard Vista account or post your questions in the student to student discussion board. Your classmates may be able to answer before I do.

### Verification of Attendance

In order to be able to send you the attendance verification for Financial Aid, you will need to get the E-text: *En Línea*, and take the first Contextos Quiz. Once you have submitted the first quiz, please send me a message requesting the letter. Make sure to include your name and Student ID. Once you have a hard copy of the letter take it to the Financial Aid Office in person.

### Online conduct & etiquette

- Be respectful of instructor and classmates at all time. No vulgar and offensive language will be tolerated. Do not abbreviate words but use correct spelling when typing in Spanish. English IM and SMS lingo you normally use do not correspond in Spanish and should not be used in our course. *¡Gracias!*
- Please do not use an electronic translator from English into Spanish. Especially not to write sentences or paragraphs. You will receive a 0 in that work; and believe me I will notice it right away.
