Jay Inslee Visits BC; Observes ComGen Demonstration

Governor Jay Inslee visited Bellevue College recently. Among other BC campus stops, he viewed a demonstration of undergraduate research by Dr. Gita Bangera and her students.

The ComGen: Community College Genomics Research Initiative,

which Science magazine identified as one of the nation's pioneering community college research projects, was created at Bellevue College several years ago with a National Science Foundation grant. This project allows BC students to conduct genomics research on bacterium which has been exclusively assigned by the U.S. Department of Agriculture. Students looking at research articles, assist in introduction biology courses, and learn important skills such as maintaining lab books and writing manuscripts. The project has boosted the number of students interested in pursuing STEM (short for science, technology, engineering and math) majors and careers.

Complete an IT-related Bachelor's Degree at Bellevue College

Bellevue offers several options for those interested in a 4-year degree in Information Technology. Currently, students can choose **Healthcare Information Technology** or one of four tracks in **Information Systems & Technology**. Beginning fall 2014, the college plans to offer a BAS in **Data Analytics**. If your background and interests are in application development, network

security, business, computer science, database, healthcare or network administration, one of these degrees may be a good fit for you.

BAS degrees at BC are all 2+2 degrees, meaning that students come in with the first two years of college completed, either at BC or another college or university. Applications for fall quarter 2014 will be available winter quarter. Visit <http://www.bellevuecollege.edu/programs/degrees/bachelor/> for more information.

Keep Tabs on Winter Weather Closures

Snow and other weather conditions will not close the BC campus unless:

- * Current local weather conditions severely restrict travel to and from campus, or
- * Campus roadways, parking lots, walkways and buildings cannot be safely maintained.

There are several ways to find out if a campus closure is in effect:

- * Receive e-mail and text messages through the Rave Alert System – also to be used for all types of emergency information
- * Visit the emergency information website at www.bellevuecollege.edu/publicsafety or link to it from the home page
- * Call BC's emergency information line at (425) 401-6680 or the main campus line at (425) 564-1000
- * Visit www.SchoolReport.org or subscribe to their emergency e-mail and text message service
- * Listen for school closure announcements on local radio or television stations

Online classes continue as scheduled even if the physical campus is closed.

In these programs you pay the full fee, regardless of your residency status. Self-support fees are listed with courses in the quarterly class schedule.

Self-support programs (except bachelor's programs) charge the same amounts for residents and non-residents. Self-support bachelor's degree students pay \$245.45 per credit for all credits beyond 18.

For details of each fee, please visit www.bellevuecollege.edu/enrollment/tuition/.

Fee for Continuing Education Courses

Fees for Continuing Education classes are listed in the quarterly Continuing Education schedule. Residency in Washington State is not required for some of these classes; in these cases, all students are charged the same stated fees regardless of residency status.

Payment Information

Tuition and fees must be paid within seven (7) calendar days from the first day you register for classes OR by the first day of the quarter, whichever comes first. Classes may be dropped by the Registration Office for non-payment. Adding then dropping and re-registering for the same class before the quarter begins does not extend or renew the seven (7) original calendar days. **Registrations on or after the first day of the quarter require immediate payment at the time of registration.** If you register after the third day of the quarter, you must obtain a blue permission card from the instructor to enroll. If you register on or after Jan. 21, you must obtain a red permission card from the instructor and pay a late registration fee for each course in addition to regular tuition and fees. You are responsible for learning the exact amount of tuition and fees due.

Find this information from your class schedule online at www.bellevuecollege.edu/services/schedule.asp.

You may pay your tuition and fees by VISA or MasterCard online at <https://www.ctc.edu/-/bellevue/wccba/waci600.html> or at the cashier's office in the Student Services Building. You may pay by check through the mail, or by check or cash at the cashier's office. You are responsible for verifying that payment has been made; for example, if you are receiving financial aid that comes directly to the college.

Refunds for College Withdrawal or Dropped Classes

If you withdraw from the college or drop classes, you may be eligible for a refund. The college begins to process refunds after the fifth day of classes. A processing fee is deducted from the refund amount. The amount refunded is based on your withdrawal or drop date for courses that begin the first week of the quarter. See calendar (p. 5) for deadlines for 100% and 50% refunds. Classes with alternate start and end dates are governed by a different refund policy. The information is available on the Enrollment Calendar at www.bellevuecollege.edu/enrollment/calendar/deadlines/. If the college drops you from classes for disciplinary reasons you will not be eligible for a refund. Some fees are identified as nonrefundable in the class listings. Self-supporting programs may have different refund policies. Contact the program office for details. Refunds under \$25 will not be processed but will be applied to the next academic quarter. Visit www.bellevuecollege.edu/enrollment/tuition/ for more information about refunds.

Drop for Non-Payment

Non-payment of tuition and course-related fees (including returned check and/or credit cards) may result in the student being withdrawn from some or all classes. (BC Policy 7250). A withdrawal fee will be charged if you have ever been dropped for non-payment in the past. Returned checks and/or credit card charges are assessed a fee.

Admission to or registration for classes, conferring of degrees, and issuance of academic transcripts may be withheld for failure to meet financial obligations to the college and may result in the account being sent to a collection service (BC Policy 5150). All collection fees are the responsibility of the check/credit card writer and/or the student. If a student writes three checks (including third-party checks) which are returned, his/ her privilege of check-writing will be denied.

Interdisciplinary Studies

ARTS & HUMANITIES DIVISION

Interdisciplinary Studies combines the study of several subjects into one integrated course or "learning community," usually for ten or more credits. Each IDS course features a theme that forms a common thread across disciplines. The focus of these courses is you. Students learn with each other and from each other by discussing readings in small groups (seminars), taking part in group activities, and, in some courses, by taking field trips. These programs emphasize the process of learning as well as course content. The student centered, discussion-oriented format encourages and supports different points of view and creates a social climate that promotes collaborative learning.

BITE ME 2.0: FOOD SECURITY & SUSTAINABILITY • 10 OR 11 CR

Drive-thru or dining room table? Factory-processed or home-grown? Broccoli, barley, beans or edible food-like substances? What's cheap about cheap food? Is all food equal? What is real? Do you eat for nutrients, taste or cost? The focus of this course is the impacts of lifestyle choices in regard to food. We will examine our behaviors, choices, and responsibilities and consequences of our actions to our communities, nation and the entire globe by investigating ecosystem interconnections. Through our readings and discussions, we will evaluate diverse opinions and values in order to scrutinize our own personal beliefs
