

MATH PLACEMENT GRID FOR BSD STUDENTS

ENROLLED AT THESE SCHOOLS: BELLEVUE HS, SAMMAMISH HS,
NEWPORT HS, INTERNATIONAL HS, BIG PICTURE HS

Students who have earned a grade D in their last math class must be placed by ALEKS or an Entrance Exam (EE). Math Placement at Bellevue College expires after one year.

If your last math course was...	And you earned a grade of...	And you completed it within () of today's date,	You can be placed into () or below.
GEOMETRY	C	ONE YEAR	MATH 097

STUDENTS COULD BE PLACED INTO HIGHER LEVEL. FOR THE PLACEMENT, FOLLOW THE CLASS GRADE OF AP GRID ABOVE.		

^(*) It is not clear where to place with a grade of C in Math Models. It would provide a better placement to use the Algebra 2 grade.

^(A) . Bellevue College only credits for HL (Higher Level), not SL (Standard Level). Students will follow the letter grade for the placement.

^(B) . IB math SL1 and SL2 are two year courses, one year for each. The completion of SL1 is equivalent to the pre-calculus course. On the completion of SL2, a student has an option to take either IB or AP test. If a student has an AP test score, then it follows BC policy on AP test. If a student has an IB test score, then it follows the class grades of AP grid.
