What is Running Start?

- Running Start was created by the *Learning by Choice* bill in 1990. This bill determined that:
 - High School students can earn college credits.
 - School districts pay for the tuition for the approved amount of college credits (for 100 and 200 level courses) for Running Start students.
 - Running Start students are responsible for all class and student fees, so the program is not completely free.
- Running Start is available at all Washington State community colleges
- Bellevue College Running Start has around 2,800 students enrolled

Running Start is a Dual Enrollment Program

- **Dual Enrollment** is when a student is enrolled at both a high school and a college.
- Running Start students are earning both high school and college credits at the same time.
- Classes taken through Running Start can be used for high school graduation requirements, associate's degree requirements, as well as other degree programs such as bachelor's degrees.
- 1 High School credit = 5 Bellevue College credits
- Use your Course Equivalency sheet from your school district to know exactly what classes at Bellevue College will meet your specific high school graduation requirements. Students can obtain this sheet from their high school counselor.

Running Start Enrollment Options

- Running Start students can enroll as full-time or part-time students.
 - Full-time students typically take 15 credits (three 5-credit courses) per quarter.
- Running Start students can take any course at Bellevue College as long as they meet the **prerequisites** for the course.
 - **Prerequisites** are requirements that students need to meet in order to enroll in a course. Requirements are often having completed a specific course with a certain grade or placement into the course or a specific course level.
 - For example: <u>ENGL& 101 English Composition I 5 Cr.</u>

Prerequisite: Placement by assessment or ENGL 092 or 093 with a C- or better.

Enrollment in specific courses at Bellevue College is never guaranteed even if the course is needed for a high school graduation requirement.

Running Start is only during Fall, Winter, and Spring quarters.

This is subject to change.

Students are allowed to take classes over the summer if they would like, however, they currently are responsible for the tuition as well as class and student fees.

Please email your questions to runningstartnewstudent@bellevuecollege.edu

Running Start Eligibility

To participate in the Running Start program students must be both of the following:

- A high school junior or senior
- Enrolled in a public high school in Washington state.

If home school or private school student , the student will need to be enrolled in their local public high school or with the their local school district as a enrolled non-attending student.

Characteristics of Successful Running Start Students

Ready for college level academics

Ready for more independence and responsibility

Able to manage their time well

Able to track their high school graduation requirements

runningstartnewstudent@bellevuecollege.edu https://www.bellevuecollege.edu/runningstart

FERPA and Parent Involvement

- The Family Educational Rights and Privacy Act (FERPA) is a federal law that any educational institution administered by the U.S. Secretary of Education must follow. This act is about protecting student privacy by not releasing grades or other personal information to anyone but the student.
- Under FERPA, instructors cannot communicate with anyone but the student about the student's course work or grades. This is a federal law to which Bellevue College must legally adhere. It does not matter if the student is a minor and a Running Start student; all students taking college courses are considered adults and FERPA applies to all.
- Parents cannot schedule conferences with the instructor, file a grade appeal on a student's behalf, or communicate details about a grade appeal or complaint. The student is responsible for all communication regarding course work, grades, and appeals or complaints.

Learn more at: https://www.bellevuecollege.edu/ferpa/reference-library/

Running Start Academic Policies

Important policies to guide Running Start students toward success.

Required 'C' Average

- Grades earned through Running Start will be permanent on a student's college transcript.
- In order to support our students to be successful college students and to protect them from negatively impacting their college transcript we required that students maintain a 'C' average.
- Low grades can indicate that a student is not ready for the college environment, the new independence and responsibilities, or for the rigor of college level courses.
- Earning low grades can even impact a students ability to receive financial aid in the future.

Academic Resources for Students

Different resources on campus that Running Start students should know about.

runningstartnewstudent@bellevuecollege.edu https://www.bellevuecollege.edu/runningstart

10/28/22

The Academic Success Center (ASC)

- The ASC offers free tutoring and learning services for all Bellevue College students.
- They provide
 - One on one virtual tutoring
 - Writing, Reading, and Math labs
 - Workshops
 - Online Resources

Webpage: https://www.bellevuecollege.edu/asc

Email: asc@bellevuecollege.edu

Disability Resource Center (DRC)

- If Running Start students have an IEP or a 504 plan at their high school they may be eligible for accommodations at Bellevue College through the DRC.
- The accommodations must be arranged through the DRC by the student and updated each quarter.
- High school accommodations are different from college accommodations. Meet with the DRC to learn more about what your accommodations could be.

Webpage: <u>https://www.bellevuecollege.edu/drc</u>

Email: drc@bellevuecollege.edu

Placement and Testing Services

- All Running Start students must complete English placement as part of our admissions steps.
- Math placement will be needed if the student plans to enroll in any math or science courses, and if they plan to complete an associates degree.
- Students need English and Math placement in order to register for classes that have English and Math prerequisites.
- To complete placement students can take a placement test or use their high school transcripts, AP exam scores, Smarter balance test scores, and more. See the placement and testing webpage for more information regarding placement.

Webpage: https://www.bellevuecollege.edu/testing

Placement Documents: <u>Request English and Math Placement :: Student Central Forms</u> (bellevuecollege.edu)

Running Start Advising and Educational Planning

- At Bellevue College, we has advisor/s specifically for Running Start students. Advising is available via email, phone calls, or video meetings.
- Students can meet with an advisor to plan how to meet their high school graduation requirements, plan how to earn an associates degree, find resources on campus, discuss their plans for after high school, and more.
- Before meeting with an advisor students must:
 - Complete all admissions steps and be cleared to register for classes.
 - Meet with their high school counselor to confirm their remaining high school graduation requirements and obtain their districts course equivalency sheet to determine which courses at Bellevue College will fulfill those requirements.

Webpage: https://www.bellevuecollege.edu/runningstart/navigation/advising-educational-planning/

Program Costs

The Running Start program covers the tuition for the approved number of credits determined by the student's high school on their Enrollment Verification Form.

runningstartnewstudent@bellevuecollege.edu https://www.bellevuecollege.edu/runningstart

10/28/22

Cost Simplified

• Running Start students are responsible for class and student fees as well as any books or materials required by their classes.

• Running Start students are responsible for tuition if they:

- Enroll in a **below college level course** (any course below level 100).
- Enroll in **more credits than approved** for by their high school counselor on their Enrollment Verification Form. The student is then responsible for the tuition for the credits above the approved amount.

For more information about cost of tuition and student fees please visit <u>https://www.bellevuecollege.edu/tuition/</u>

Cost Simplified Example

A Running Start student is approved for 15 credits at Bellevue College. The student then enrolls in 18 credits at Bellevue College. Running Start will only cover the tuition for 15 credits.

How many credits of tuition is the student responsible for?

The student is responsible to pay for 3 credits of tuition, plus any class and student fees.

Running Start Fee Waiver Petition Form

• Running Start students may be eligible for our Fee Waiver if any of the following applies to them:

- The Fee Waiver Petition form is available on our webpage https://www.bellevuecollege.edu/runningstart/navigation/forms/
- Students need to email this form and required documentation to <u>chsprograms@bellevuecollege.edu</u> no later than the 5th day of the quarter.

Time Management

Running Start students should understand the time commitment they are making when they enroll in classes at Bellevue College. Enrolling in 15 credits of classes is about the same amount of time as a full time job each week: 30-45 hours.

- 1 credit at BC = 1 hour of class + 1-2 hours of homework/studying
- 15 credits at BC = 15 hours of class + 15-30 hours of homework/studying

Running Start Enrollment

runningstartnewstudent@bellevuecollege.edu https://www.bellevuecollege.edu/runningstart

10/28/22

Enrollment Verification Form

- This form is required each quarter in order for the student to enroll in classes. Students need to submit a new version of this form each quarter.
- The Enrollment Verification form indicates how many college credits a student is approved for by their high school/district.
- Students should keep a copy of their Enrollment Verification Form in case our office asks students to resubmit the form.
- Our office is only able to process this form if it is filled out completely and correctly with the required signatures.

At this time we are only accepting digital copies of Enrollment Verification Forms.

The form is available for download at https://www.bellevuecollege.edu/runningstart/navigation/forms/

Enrollment Verification Form

Section 1: Student Information

Section 2: High School Counselor

Section 3: Parent/Guardian and student signatures

All signatures are required except for the College Running Start Advisor/Rep. Our office will sign there.

Things to Consider before joining Running Start

runningstartnewstudent@bellevuecollege.edu https://www.bellevuecollege.edu/runningstart

10/28/22

Benefits of Running Start

- Almost free college tuition
- Variety in course selection
- Flexible schedule
- Students develop independence, self-advocacy, responsibility
- New social environment and diverse community
- Opportunities to explore career options through course selections
- Earn college credits to use towards a degree program
- Exposure to the college experience
- Rigorous academics

Challenges of Running Start

- Cost of student and class fees as well as books
- Rigorous and fast pace academics
- Monitoring your high school graduation requirements
- Time management
- New social environment, independence, and responsibilities
- Potential harm to your college and high school transcripts if not able to do well in classes
- FERPA parents do not have access to student educational records or instructors
- Course content not adjusted to meet high school level student
- Conflicting schedules with BC and your high school activities
- Students do not check their Bellevue College email consistently and miss important deadlines and information
- Students missing payments for classes and their classes being dropped

Is Running Start right for you?

- Participating in Running Start should be a decision made with the student and their family.
- When considering participating in Running Start ask yourself these questions:
 - Are you comfortable in a college level class room with students of all ages?
 - Can you be assertive and ask for help when you need it?
 - Are you self-sufficient? Are you able to seek out resources on campus?
 - Have you done well in your classes in H.S.?
 - Are you ready for the rigor of college level academics?
 - How important are high school activities to you?
 - Are you able to miss certain events if you have classes or exams at BC at the same time?

Need Help? Visit the <u>Technology Service Desk</u>

The student will receive an email from <u>runningstartnewstudent@bellevuecollege.edu</u> with steps to complete Admissions for the Running Start Program.

*ctcLink Student Number Included Again.

Applying Best Practices

- Admission Completion Deadline: December 22, 2022 by 5pm Academic Calendar
- Be sure to check your BC and personal E-mail often allow time for the processing to happen – Deadlines are communicated via E-mail and our website.
- It's encouraged to use your legal name that will match the High School Records.
- Email <u>Runningstartnewstudent@bellevuecollege.edu</u> with any questions, concerns, compliments; we will call to action!

ctcLink: A Single Sign On Is Here Now!

Manage and track your Bellevue College experience through a single portal.

ctcLink is a single sign on and Student Homepage where you register for classes, handle financial aid, pay tuition and fees, and more.

This change is part of a statewide effort to update student, faculty, and staff information systems and provide you with a better, more simplified student experience.

Explore this page for more details or use the navigation (left on desktop, above if on mobile) to get more information and support at <u>ctcLink for Students (bellevuecollege.edu)</u>.

BC Vaccination Attestation (Confirmation) and Exemption Requirements and Information to protect the health and safety of the Bellevue College campus community and the public, the College requires all faculty, staff and students to be fully vaccinated against COVID-19 with an authorized vaccine unless an individual receives an authorized exemption.

BC Student COVID-19 Vaccination Attestation (Confirmation) Form (tfaforms.net)

All new students will have a Vaccination Attestation hold until they complete that task; before any registration.
