The purpose of this MOU is to document the parties’ agreement regarding their collaboration in facilitating a pathway for Collaborating CC’s students’ transfer to ASU. The benefits of this MOU for Collaborating CC’s students include:

- ✓ Guaranteed general admission to ASU and admission into major of choice if all requirements are satisfied* **Some majors have additional or higher admission requirements.**^{1 2}

Universal Articulation Description

ASU is a comprehensive **public research university**, measured not by whom it excludes, but by **whom it includes** and how they **succeed**; advancing **research and discovery** of public value; and assuming **fundamental responsibility** for the economic, social, cultural and overall health of the **communities** it serves.

Universal Articulation at Arizona State University gives students attending partnering community colleges access to ASU’s transfer tools, in order to help create a seamless transition to ASU and enable students to successfully complete their bachelor’s degree.

The Universal Articulation tools assist in determining how a student’s previously earned college credits will transfer into ASU majors. Students, along with the staff who support them, will have access to the Transfer Guide, ASU’s transfer planning tool. This guide allows students to build MyPath2ASU™ which maps a transfer pathway to their desired ASU major from any domestic institution. By signing an agreement, students will track their progress and earn guaranteed admission to ASU and into a pathway major if all requirements are satisfied.^{1 2} Some majors have additional requirements.

¹ General university admission is guaranteed upon successful completion of the following conditions: 1) Completion of an associate degree from a regionally accredited higher education institution with a minimum 2.00 cumulative GPA (Arizona residents) or 2.50 cumulative GPA (nonresidents) or 2) completion of 24 or more transferable semester credits posthigh school with a minimum cumulative transfer GPA of 2.50 (4.00=“A”) and verification of high school graduation or the equivalent. *NOTE: Some ASU colleges and schools have additional or higher requirements for admission into their majors.*

² Students will also need to submit an Arizona State University admission application, including an application fee and other required documents, such as official college/university transcripts.

MyPath2ASU™ pathway programs include a minimum of 24 semester credit hours, students with fewer than 24 credit transfer credit hours will need to meet the appropriate [admission](#) requirements.
