BC is a COVID-19 vaccinated campus in Fall 2021.

- **ALL** students both inside and outside of the USA are required to complete [the online COVID-19 vaccination attestation form](#) by **October 4th***.
- **Nov. 5, '21** is the deadline for students to become **fully vaccinated****.
- For purposes of attestation, BC accepts either a [Food and Drug Administration \(FDA\)](#) or a [World Health Organization \(WHO\)](#) authorized COVID-19 vaccine.

*Students who cannot submit the form, because they do not meet any conditions on the form must contact us at ie@bellevuecollege.edu **BEFORE Oct. 4.**

** Per CDC, in general, [you are considered fully vaccinated:](#)

- *2 weeks after their second dose* in a 2-dose series, such as the Pfizer or Moderna vaccines, or
- *2 weeks after a single-dose vaccine*, such as Johnson & Johnson's Janssen vaccine

What is ctcLink?

ctcLink is a single, centralized system of online functions to give students, faculty and staff anytime, anywhere access to a modern, efficient way of doing their college business.

This change is part of a statewide effort, and all Washington state's community and technical colleges will transition to this system, and many already have. **ctcLink goes live at BC on Nov. 8, '21.**

Important notice for future applicants and agents

BC's International Education (IE) will continue using the [International Student Portal \(ISP\)](#), so applicants and agents should be able to submit a new application to BC same as now. **While IE will keep accepting new students during the transition**, we will temporarily lose access to both current and new systems from around mid-October to November 8, '21* and unable to create a new ctcLink ID number.

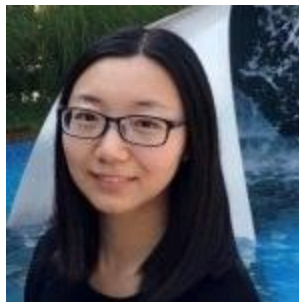

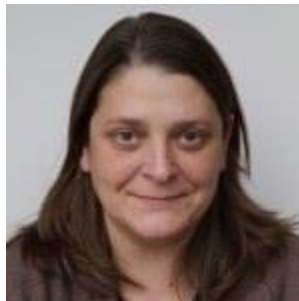

- ***Between Oct. 25 and Nov. 12, '21****, BC's international acceptance notices will be done in *two parts*: 1) acceptance letter and an I-20 form without a ctcLink ID number, and 2) a follow-up with a ctcLink ID number.
- Application processing time immediately after the transition is expected to be slower than normal.
- If an applicant already has a ctcLink ID number from a different WA state community or technical college, please provide us with the ctcLink ID when submitting an application to BC.

- New/accepted students who have already received a student ID number from BC will also get a new ctcLink ID number AFTER Nov. 8, '21. They will need to activate their ctcLink account after Nov. 8.
- Please submit your Fall 2021 referral fee invoice to us early. The earliest IE can start processing the payment is Oct. 17, and we have only two days to process before financial sites close in preparation of the transition. Any referral payments IE could not process during the two days will be processed from around Nov. 12. We appreciate your cooperation and understanding.

If you have any questions or concerns about this, please contact us at ie@bellevuecollege.edu.

**Dates may change without prior notice.*

[IE Admissions team's tip to speed up an application review](#)

Don't Sweat the Small Stuff!

It's okay to make a mistake in the application, or for your student to change their mind about a degree plan or other information. Just let us know! You don't need to start a new application or create a new

profile with a different email. Just email us and wait for us to review the application and change it. We can change everything from the quarter the student is interested in applying to, to if they'll start in Intensive English or go directly to college classes. On a student's Home Page, you can also go to the Profile and edit it to change their home country address, the admission's type (transfer versus overseas), and the program type (Intensive English versus College Credit). These changes will update the application.
