

- 
- [eLearning team](#) is now located in the Library Media Center. Come visit us in D140.
  - Stay tuned for the Open House date in two weeks!
  - Our eLearning team is expanding. We will have an Instructional Designer available for pedagogy and technology assistance from 9:00am – 4:00pm, from Monday to Friday.
  - If you are developing a new course or would like to revisit your current Canvas course site, an Instructional Designer will be able to assist you.
  - Designers will assist instructors with course design strategies as they relate to pedagogical delivery of content. These strategies work not only for online and hybrid courses but also for web-enhanced courses.
  - Use VeriCite as the Plagiarism tool instead of Turnitin. When creating an Assignment, under More Options, under Submission Type, select External Tool, Find VeriCite and select “Load in a new tab”. View the [Introduction to using VeriCite at Bellevue College](#) video and handy tips on using VeriCite. Your eLearning Team can provide tips on using VeriCite in D140.

---

[Upcoming workshops](#) are listed on the eLearning website. All workshops are walk-in in D140. No registration needed.

## VeriCite

Instruction has selected a new plagiarism tool – VeriCite - <https://www.vericite.com/>. The VeriCite LTI App is configured in our instance of Canvas.

- When creating an Assignment, under More Options, under Submission Type, select External Tool
- Find VeriCite and select “**Load in a new tab**”.

View the VeriCite Video: [Introduction to using VeriCite at Bellevue College](#) and the [Canvas VeriCite Instructor Guide](#)

Walk-in help on using VeriCite will be provided by our Instructional Designers.
