Teaching with Canvas: Canvas 101

Register for Canvas 101. Earn that Canvas 101 badge, interact with other colleagues in your workshop online and start using Canvas tools effectively. This workshop is modular so instructors with varied backgrounds and experience can select the order of the modules that best apply to their needs. It is self-paced, project-based, and guided–a facilitator will be available to answer questions and to evaluate participant projects.

A new Canvas 201 course is being offered for Fall 2018, and Canvas 101 will be a prerequisite for this upcoming intermediate-level Canvas training.

Copyright Information for Educators

Copyright Information for Educators is an introductory course offered online available for faculty and staff, that provides an overview of concepts of copyright and fair use. The course is divided up into six modules: (1) copyright law in education, (2) TEACH Act, (3) Digital Millennium Copyright Act (DMCA), (4) public domain, (5) Creative Commons, and (6) copyright compliance and management. You will learn about copyright and how it impacts content you share with the public and/or integrate into your Canvas courses. This course includes assessments and a guide to creating a copyright management plan.
