The theme this year is Design:
- Responsive Design – Responds to the needs of the users and the devices used
- Instructional Design – Canvas design tools and ideas
- Visual Design – Screen Capture, Captioning using Panopto or YouTube
- Analytical Design – Developing materials for Online/Hybrid/On-ground course delivery

We will have four concurrent sessions. Facilitators will demonstrate a concept and share effective examples of activities in Canvas. Each session will have a hands-on component where you will get time to update your current Canvas course.
