Our Instructional Designers and our Digital Learning staff wear many hats at Bellevue College. Our multi-talented designers and eLearning staff assist you with being creative as you develop your Canvas course, teach you the tools you need to build a student-centric home page, help you locate open education materials, get you started on recording a video or hand hold you as you prepare to setup the online meeting tool.

New Canvas Gradebook

[New Gradebook](#)

[New Gradebook - Video overview \(7min\)](#) – This video explains all the new features in the New Gradebook.

[New Gradebook: Resources and FAQs](#)

[How to Mute an Assignment](#)

Canvas course shells for spring quarter are ready for content migration.

1. Once content has been migrated, build your modules, assignments, discussions and quizzes.
2. Check all the dates for the submissions. Due Dates will be listed in the Syllabus tool.
3. Go to your Files area and delete Duplicate Copies of content.
4. In the Files area, [Publish all the needed Folders and Files](#).
5. Run the [Validate Links](#), available under Settings and Update all the broken links and files
6. Important: Go to Student View and check for any Unpublished content or content with a Locked message.
