

Access Pearson in Canvas through Follett BryteWave

Launch Pearson content

1. Enter your Canvas course and locate the BryteWave app.

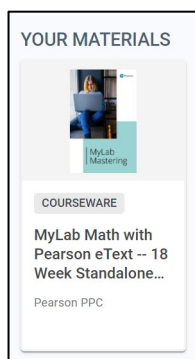

Important The name and location of the app may vary based on the set up of the course. In the example below, select the Modules left menu tab. Under the BryteWave Course Materials, select BryteWave Course Materials.

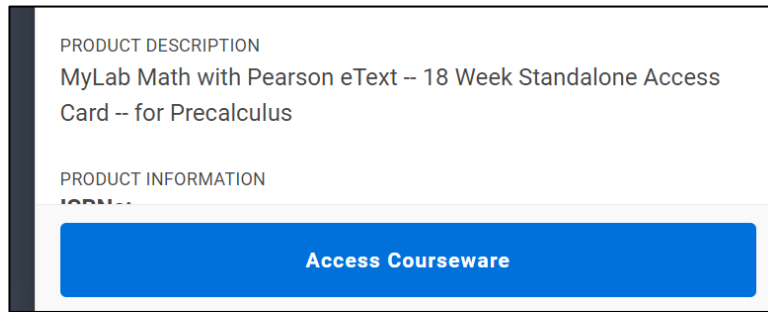

If you are opted in, your Pearson materials tied to this course will appear under Your Materials.

- If you are currently Opted Out for course material access, log in with your school email address at brytewave.redshelf.com to review your opt status.

2. Under Your Materials select the materials for your course.

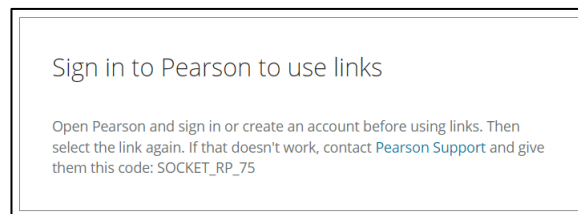

3. Select Access Courseware to access the Pearson materials.

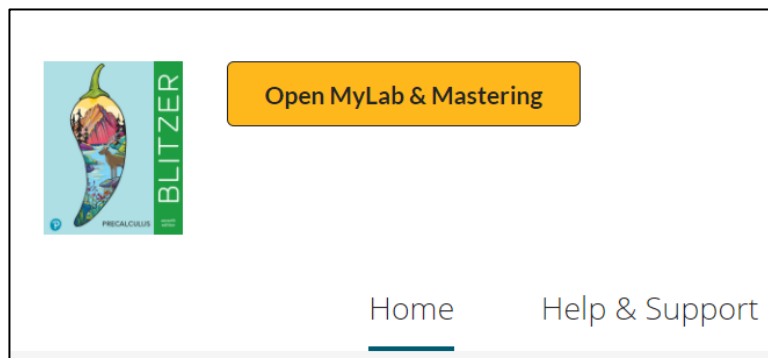

Access your Pearson course materials

Pearson course materials can be accessed via the BryteWave Course Materials link.

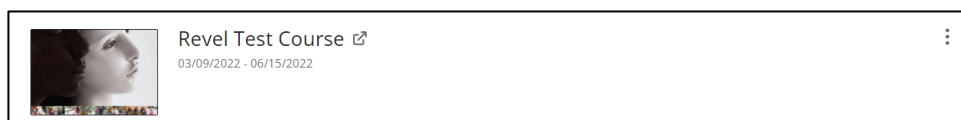

Important Use the BryteWave Course Materials link the first time you access your Pearson materials. If you use another Pearson link the first time you may be presented with an error message like the one below.

4. Select Open MyLab & Mastering or select the Revel course title to launch your Pearson course.

OR

Important Use Help & Support to find downloadable diagnostics about your course. If you contact Pearson Support, you will be asked for this diagnostics file

5. If prompted, read and select I Accept to agree to Pearson's End User License Agreement.

6. Link your Canvas account to either:

- An existing Pearson account by entering your Pearson username and password.
- A new user Pearson account by selecting the Create button.
