<b>Requester:</b> Chelsie Hanks	<b>Date Submitted:</b> 2/24/17
<b>Amount Requested:</b> Similar to cost of the kiosks in the R bldg.	<b>Fiscal Year:</b> 16-17
<b>Request for</b> Computer/Print Kiosks in the T Bldg.	
<b>Program(s) benefiting from this request?</b> The large student lounge areas on the 2 <sup>nd</sup> and 3 <sup>rd</sup> floors of the T Bldg. are frequented by many students from across campus. Students enrolled in many of the Health Sciences, Education & Wellness Institute programs, as well as other programs that schedule classes in the T Bldg. on the First and Second floors would benefit from these kiosks.	
<b>HSEWI Programs:</b> Allied Health Alcohol Drug Counseling Early Learning Teacher Education Diagnostic Ultrasound Health Promotion & Management BAS Health & Physical Education Neurodiagnostic Technology Nuclear Medicine Nursing (ADN, BSN, CNE, NAC, RNR) Radiation Therapy Radiologic Technology	
<b>Timeline for Expenditure(s):</b> 6/30/17	
<b>Number of Students Served Each Year by Program:</b> 500 - 600 students per quarter (HSEWI Programs and other students taking classes in T Bldg.).	

<p><b>Describe the activities and expected accomplishments and why the Student Technology Fee should fund this request:</b> Having these kiosks in the T Bldg. would provide students without their own personal computer convenient access to a computer to print and access information online. This will benefit many students on campus not only students in the HSEWI programs. Providing computer/printing kiosks meets the BC strategic plan goal #3 equity and social justice for all.</p> <p><b>What other ways have you tried funding this request:</b> When the T Bldg. was being planned, we had originally considered installing kiosks on the 2<sup>nd</sup> and 3<sup>rd</sup> floors however there wasn't enough funding to move forward with this project.</p>
