Amount Requested: \$ 3887.48	Fiscal Year: 2017
Request for Funding for Wall-mount TV for Conference Room C211	
Program(s) benefiting from this request? All students and staff using the meeting rooms in C225 and C211 – which includes all clubs and programs, all Student Programs staff, students received in Outreach events, and students from CEO and OLS	
Timeline for Expenditure(s): Bids received in February, purchase in March and installation in April (requires some paint prep and patching before installation).	
Number of Students Served Each Year by Program: Since July 1, approximately 22,786 students, 70 clubs and 60 programs have been directly served through events & meetings. Indirectly this affects all students.	

<p>Describe the activities and expected accomplishments and why the Student Technology Fee should fund this request:</p> <p>Student Programs facilitates student clubs holding cultural and educational activities, legislation events, workshops, campus tours, club and program orientations, S&A Committee meetings, ASG Board and Team meetings, and many other group interactions. The meeting rooms are key to groups sharing information and the new meeting room hardware will allow all students and staff to conduct their meetings, activities and presentations with any device they bring with them.</p> <p>This request is to fund a wall-mounted TV screen for the Student Programs conference room C211, the ASG Boardroom. We requested funding last year for screens for both C225 and C211 but only C225, the larger conference room, was funded.</p> <p>Full details of request are attached.</p>
<p>What other ways have you tried funding this request:</p> <p>None, these types of requests have been funded by the STF committee previously and we consider it appropriate to be funded by STF again.</p>
<p>Describe the anticipated impact on students from these activities:</p> <p>Since July 1, we've received 332 meeting requests, the average number of attendees being 15 people. Room C225 cannot accommodate all of the meeting requests, and having conferencing hardware in Room C211 ensures the full use of our rooms. Students will be able to stream information from any device that they possess, and to use the wall-mounted screen even if they do not possess a device.</p>

Request for Funds for Meeting Room C211 Hardware

2/1/2017

Requester : Tess McMillan, Student Programs

Description: Requesting funds to purchase TV hardware to replace the Smart Board in meeting room C211 to be configured like meeting room C225, which is experiencing nearly constant use. Note: when we upgraded room C225 we donated the old Smart Board to The Watchdog. We would be happy to donate the C211 Smart Board to a department who would like it.

A survey of students and staff revealed the desire for conference rooms to have a wireless wall mounted Smart TV that can controlled via Apple TV (for Mac devices) and a Microsoft wireless display adapter (for PC devices), plus a mini PC attached to the wall that can be accessed by wireless keyboard and mouse. This allows any device to be used in the room as well as people without a device to use the room. We were able to configure our large conference room in 225 last year and would like to configure the smaller conference room, C211 to match but with a smaller TV.

Microsoft Stores Direct Business Sales Terms

By signing below, Customer agrees that the following device purchase terms shall apply to the product, device or hardware (the "Device(s)") purchase identified herein ("Agreement"). This Agreement is separate and independent from any other agreement between Microsoft and Customer that involves or may involve the purchase of any software or other products from Microsoft, including but not limited to any Volume Licensing or other agreement. To the extent such other agreement may apply to Devices or other products covered by this Agreement, and unless otherwise mutually agreed to in writing, its terms supersede any inconsistent or conflicting terms in this Agreement or any resulting agreement between the parties. The Customer's purchase order terms and conditions will not apply to this purchase.

If Customer is a federal, state or local government entity (including education), Customer and Microsoft may have entered into separate and independent terms and conditions via requests for proposal, purchasing programs, procurement covered cooperatives, or otherwise (e.g. NASPO, Texas DIR, CPV). To the extent such other agreement may apply to the Devices or other products covered by, and purchased under, this Agreement, such terms supersede any inconsistent or conflicting terms in this Agreement or any other resulting agreement between the parties.

1. **Acceptance.** Each Customer purchase order is subject to Microsoft's acceptance and the availability of Devices. Microsoft may decline or cancel any order at any time prior to shipping to the Customer. Customer may not cancel any order once Microsoft has begun processing the order.

Microsoft may, in its sole discretion, impose a minimum order requirement to which Customer must agree prior to Microsoft accepting its purchase order.

2. **Affiliates and Resale.** Customer may make Devices purchased under this Agreement available for use by their Affiliates within a country in which Microsoft makes the same Devices available. Absent Microsoft's written consent, customer may not, in any circumstance, make Devices purchased under this Agreement available for use by any unrelated third party. In no circumstances is Customer allowed to resell, lease or transfer for any value any Device purchased under this Agreement.

3. **Delivery.** Unless otherwise agreed in writing by the parties, Microsoft will deliver Devices purchased under this Agreement to the location Customer designates on any applicable order form (DDP, Incoterms 2010). Unless otherwise agreed, Microsoft will use ground shipping to ship Devices to Customer.

4. **Limitation of Liability.** The total liability of each party for all claims related to each purchased Device and this Agreement is limited to direct damages up to the amount Customer paid for the purchased Device(s) or the total amount paid under this Agreement, whichever is less. Customer may not recover any other damages, including consequential, incidental, indirect, special or punitive damages, or lost profits. These limitations apply to all damages related in any way to this Agreement, including anything related to any applicable manufacturer's warranty and claims for breach of contract, breach of warranty, guarantee or condition, strict liability, negligence, or other torts to the extent permitted by applicable law. It also applies even if Microsoft knew or should have known about the possibility of the damages. Some States or Provinces do not allow limitations on liability as stated above, so some or all of this limitation may not apply to Customer.

5. **Software Licenses.** Software included with, or preloaded on, the Devices ("Included Software") purchased under this Agreement may be subject to separate license terms included with that software ("EULA"). Customer accepts the EULA (1) by you sign and/or click "Submit" on any Microsoft order form page (if the EULA is attached or available online), (2) by breaking the seal on packaging of a Device that refers to the EULA, (3) by using the Device or (4) by installing, copying or otherwise using the Included Software. If more than one software product is included in the Included Software, e.g., operating system software and a productivity software suite, then each product may have its own EULA. Customer is not authorized to install or use the Included Software unless Customer first agrees to the Included Software's EULA or has a separate license agreement with Microsoft governing use of such Included Software. If Customer does not want to agree to a EULA, Customer may return the Device unused to Microsoft for a full refund. Each EULA is not part of this Addendum, but to the extent of any conflict with this Addendum, the EULA will control solely for the Included Software to which it applies.

6. **Services.** Microsoft may be asked to provide training, support or depot (customized device), or other services incidental to the Devices purchased under this Agreement (the "Services"). The following terms shall apply to the delivery of all such Services:

7. **Use of technical information from Services.** Microsoft may use any technical information Microsoft derives from providing Services for problem resolution, troubleshooting, product functionality enhancements, fixes, and for Microsoft's knowledge base. Microsoft agrees not to identify Customer or disclose any of Customer's Confidential Information in any item in the knowledge base.

8. **Microsoft as independent contractor.** Microsoft provides Services as an independent contractor and will be responsible for all social security, unemployment, workers' compensation and other withholding taxes for all of Microsoft's employees. Customer and Microsoft each may develop products independently without using the other's Confidential Information.

9. **Warranties.** The sole warranty Microsoft provides for Devices is the manufacturer's warranty (if any) provided with the Device(s). If Customer purchases additional warranties for Devices (whether through Microsoft or a third party), the terms of such warranty shall apply and shall be the only warranty provided by Microsoft. Microsoft warrants that Services will be performed in a professional and workmanlike manner, consistent with industry standards. If Microsoft fails to meet the warranty and Customer notifies Microsoft within 90 days of the date of performance, then Microsoft will either re-perform the Services or return the price paid for them. Microsoft provides no other warranties or conditions and disclaims any other express, implied or statutory warranties, including warranties of quality, title, non-infringement, merchantability and fitness for a particular purpose. This disclaimer will apply except to the extent not permitted by applicable law.

10. **Payment Terms for Microsoft's Invoice; Credit Review.**

Payments to Microsoft must be made in the currency and according to the terms stated on Microsoft's invoice. The terms of any extension of credit under this agreement may be withdrawn by Microsoft upon notice. Microsoft may assess a finance charge on all past due amounts, payable on demand and equal to the lesser of an annual rate of 1% per month or the highest amount allowed by law, applied from the first day the amount is past due until paid in full. Microsoft has no obligation to continue to provide Services if Customer fails to make timely payment. All payment terms are net 30 days from date of invoice.

By accepting these terms, Customer also agrees that Microsoft may obtain a current credit report related to the business entity identified in this application and conduct a review of the credit report. Upon request, Microsoft will tell Customer the name and address of each credit reporting agency from which Microsoft obtained a current credit report. Microsoft may also request audited financial statements to verify financial condition. Microsoft may periodically review the credit performance of the Customer. Deterioration in payment history, financial strength, new reports of judgments/liens or bankruptcy could result in adjustments to the credit terms granted to the Customer.

11. **Returns.** Microsoft will accept returns for items that meet the return criteria set forth below for 30 days from the date of purchase or download, as applicable. All returns and exchanges must be accompanied by the original documentation, instruction manuals, registration, parts and components (including cables, controllers, and accessories) and the original manufacturer packaging. Refunds will be made in the same method as payment was accepted. Refunds will equal the amount paid less the original shipping and handling charges, if any. The following items may not be returned: (i) items that have been personalized or customized; (ii) special order items; (iii) items that have been used, altered or that show wear or damage; (iv) gift cards and Skype cards; and (v) items must be in resaleable condition in order to qualify for a return. Services that have already been delivered may not be returned. For software and games, you may only return opened items during the return period if: (i) you don't agree with the license agreement, or (ii) the media does not work, and (iii) only if you do not make or retain any copies. Opened software and games may only be exchanged for the same product. If we no longer have the same product, we will issue you a Microsoft Store credit. ALL SALES ARE FINAL for random access memory ("RAM") products and clearance items or those marked with a designation such as "Final Sale" or "Non-Returnable." For promotional items and bundles, all included products and/or Services must be returned together. If a service included in the promotion and/or bundle has been used (for example a used promotional promo code), the full retail value of the service will be deducted from the refund amount. When a bundle is purchased and only part of the bundle is returned, the bundle discount is void, and the total bundle discount will be deducted from the refund. A restocking fee of ten percent (10%) may be deducted from the refund amount for hardware products. Microsoft is not responsible for any personal data included on returned or exchanged items. Please ensure that your personal data is removed from all items prior to return or exchange. Notwithstanding the foregoing, nothing in this section will be construed to as a waiver of your statutory rights under the law regarding returns, exchanges or withdrawal rights.

12. **Compliance with laws, privacy and security.**

Microsoft and Customer will each comply with all applicable laws and regulations (including applicable security breach notification law). However, Microsoft is not responsible for compliance with any laws or regulations applicable to Customer or Customer's industry that are not also generally

applicable to information technology services providers. Customer consents to the processing of personal information by Microsoft and its agents to facilitate the subject matter of this Agreement.

Customer may choose to provide the personal information of third parties to Microsoft (including Customer's contacts, resellers, distributors, administrators, and employees) as part of this agreement. Customer will obtain all required consents from third parties under applicable privacy and data protection laws before providing personal information to Microsoft.

13. Defense of third party claims.

Microsoft will defend Customer against any claim by an unaffiliated third party that a Device infringes its patent, copyright or trademark, or makes unlawful use of its trade secret. Microsoft will pay any resulting adverse final judgment or approved settlement. This does not apply to claims or awards based on (1) Customer Data; (2) non-Microsoft software; (3) modifications to a Device made by Customer or any specifications or material Customer provides; (4) Customer's combination of the Device with (or damages based on the value of) a non-Microsoft product, business process or data; (5) Customer's use of a Microsoft trademark without express, written consent, or Customer's use of a Device after being notified to stop due to a third-party claim; (6) Customer's use or distribution of a Device in violation of this agreement, or (7) Devices provided free of charge.

If Microsoft reasonably believes that a third party claim under this section may bar Customer's use of the Device, Microsoft will seek to obtain the right for Customer to keep using it or modify or replace it with a functional equivalent, in which case Customer must discontinue use of the prior version immediately. If these options are not commercially reasonable, Microsoft may terminate Customer's right to the Device and refund any amounts Customer has paid.

Customer must (1) notify Microsoft of any claim subject to this section, (2) give Microsoft sole control over the defense or settlement, and (3) provide reasonable assistance in the defense of the claim. Out-of-pocket expenses incurred in providing assistance will be reimbursed. Microsoft must approve any settlement. The remedies provided in this section are the exclusive remedies for the claims described in this section.

14. Additional Terms.

(a) Non-Microsoft software and technology. Customer is solely responsible for any non-Microsoft software or technology that it installs or uses with the Devices or otherwise in connection with this agreement. Customer will direct and control the installation and use of such software or technology through its actions (including the use of APIs and other technical means). Microsoft is not a party to and is not bound by any terms governing Customer's use of non-Microsoft software or technology. Microsoft will not run or make any copies of such software or technology outside of its relationship with Customer.
