<p>Describe the activities and expected accomplishments and why the Student Technology Fee should fund this request: This is a new event that the Center for High School Programs Office has created to bridge the gap for students that have earned dual credit during high school and are unclear how to continue their college education. Beyond College in the High School and Running Start Fair, will inform parents and students about: FAFSA/Financial Aid, Dual Credit Advising that aligns with high school graduation requirements and 4 year degree programs here at BC and other state universities and colleges. The event will demonstrate career and college pathways that meet the graduation requirement for the State of Washington High School and Beyond Plan and the Bellevue College mission of Achieve the Dream. Students and parents will also have the opportunity to glean information for staff that are experts in their 4 year degree programs. Please find attached information regarding the event.</p>
<p>What other ways have you tried funding this request: The Running Start Program and College in the High School Program, do not have any event funding that is accessible?</p>

Contact a few other departments to request funding assistance, no luck.
Describe the anticipated impact on students from these activities: Students and parents will have a good understanding about career and college pathways, how to navigate FAFSA/Financial Aid, the important for the student to meet with one of our advisors for College in the High School or the Running Start Programs, learning about all of the 2 year and 4 year degree options here at Bellevue College. Navigating the 4 year university and college application processes.
