

Student Technology Fee Committee
Request for Funds

<i>Make sure to complete all areas</i>				
Request Submitted for STF Committee	Documents Attached	Number of Students Impacted by This Request	STF Committee Representative Presenting Request	If Approved, Next Step:
<input type="checkbox"/> Fall <input checked="" type="checkbox"/> Winter <input type="checkbox"/> Spring	<input checked="" type="checkbox"/> Quote <input type="checkbox"/> Contract <input type="checkbox"/> Other	30		<i>Submit Request Center Technology Ticket with Funding Request & Quote attached.</i>

Requester: Ndayishimiye Priame	Date Submitted: <i>(must be submitted no less than 10 business days prior to meeting)</i>
Amount Requested: \$5000	Fiscal Year: 2018
Request for: GPS Tracker for Payers	
Program(s) benefiting from this request: Womens Soccer	
Timeline for Expenditure(s): 1 month	
Number of Students Served Each Year by Program: 25-30	

Describe the activities and expected accomplishments and why the Student Technology Fee should fund this request:

GPS Trackers allow our sport program to add data analysis to our program. It includes exclusive access to an online cloud-based software. Made for coaches, not only will we be able to analyze every player in detail, but also review the team as a whole as well as gain detailed insight into a full season.

The head-to-head comparison feature gives coaches an enhanced understanding into who is putting in the hard yards, who is improving and the workload management. Let the data previously only accessible to the elite answer your questions.

Soccer-activity tracker metrics include top speeds, sprint distances, PlayerLoad™, distance per minute, impacts received, and work ratio, energy and power scores across a full squad to give you more information than ever before.

What other ways have you tried funding this request:

Team fundraising

Describe the anticipated impact on students from these activities:
It compare your performance metrics to those of a professional player, allowing student-

REQ# _____ - _____

athletes to see how you rank against the very best.
The wearable GPS tracker gives student-athletes unrivalled insight into performance with heat, zone and sprint maps. student-athletes will be able to see where they spent the most time on the pitch and action zones, in addition to the number and directions of their sprints.

Requester: Send request to your Division Chair or Supervisor for initial approval.

Supervisor: _____
Signature Date 11/15/2018

WHAT WE DO

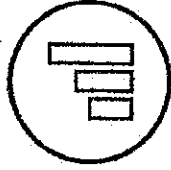

PERFORMANCE

Use GPS to help your players understand their performance better. Closing the gap between game day and training

DEVELOPMENT

Compare your best talent across different age groups, use that information to see where they sit against your elite players, identify the areas they need to improve and then develop them to help them reach the top

WELFARE

PlayerTek allows you to use the same injury risk management and return to play procedures as professional teams. Start tracking performance and monitoring player loads now, to avoid injuries in the future

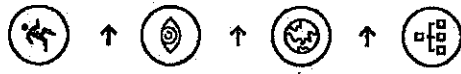

COMPARING THE DEMANDS OF JUNIOR & PROFESSIONAL SPORT
