Describe the activities and expected accomplishments and why the Student Technology Fee should fund this request:
 This is to replace the equipment used by the general student population, as well as the student-staff at Student Programs. The funding request will help to replace general student PC's, student-staff PC's, the common-use printer, and the scanner at the PALS Center.

What other ways have you tried funding this request:
 I asked the ITS department for a quote and was informed that I needed to go through the STF Committee, as the equipment are student-use items that need replacing very badly.

Describe the anticipated impact on students from these activities:
 This should allow the student-staff at PALS Center to serve the student, staff and faculty on campus in a faster and more responsive way.
