<p>Describe the activities and expected accomplishments and why the Student Technology Fee should fund this request:</p> <p>Start of Summer Quarter, quotas are reset to \$15 for all users. End of each quarter from Summer to the end of Spring quarter the user will have \$15 added to whatever they have in their account (cumulates). Once the next Summer Quarter begins, the quotas will be reset to 15 for all users.</p>
<p>What other ways have you tried funding this request:</p> <p>Currently, all students are reset with \$15 each quarter. Students that end up going beyond this allotment must fund their accounts personally for additional print jobs. Their accounts are then reset at the beginning of the new term with a \$15 credit.</p>
<p>Describe the anticipated impact on students from these activities:</p> <p>This setup will let students who did not use their quota one quarter, to be able to pull that into the next, for one academic year.</p>
