304 Alaskan Way, S Post Alley, Seattle, WA 98104

Harmony is achieved when the ele-

ments come together in a unified

way. Certain elements can be re-

peated, yet they still look and feel

like they are lending themselves to a

Unity refers to how different elements

or design work come together and

create a sense of wholeness. It can

be achieved through proximity, sim-

plicity, repetition and continuation

The intersection of two or more sets is

the set of elements that are common to all of them. Thus, the intersection of the sets and is the set.
