## Equity in Athletics Disclosure Act (EADA) Report

### Report on Athletic Program Participation Rates and Financial Support Data

Any coeducational institution of higher education that participates in Title IV, the federal student aid program, and has an intercollegiate athletic program, must comply with the EADA by preparing an annual report officially called The Report of Athletic Program Participation Rates and Financial Support Data; more commonly called the EADA Report.

The requirements for reporting include two elements. First; a report made available to students, prospective students, and the public each year. Second; the data is submitted online to the Secretary of Education after which it is migrated to the Office of Post-Secondary Education (OPE) public website at <http://ope.ed.gov/athletics>.

This report is made available to fulfill the first element of making the data available publicly. It contains elements which are in addition to those required by the online report submission. You are encouraged to visit the OPE public site to view the online report.
