Classroom Learning Atmosphere

Instructor's Expectation

Nature of the Course/Instructional Method: This class is based on active learning principles in which student questions and presentations complement instructor facilitated discussions and mini-lectures. Students will work in teams on a regular basis. The instructor will introduce accounting topics with the comments/ideas of student teams. In order to be ready for this, you will need to keep up with your reading. The instructor reserves the right to test you on your reading with occasional quizzes. The instructor will give overviews/detailed information where appropriate, while the student takes notes. Other class efforts will be divided as follows:

1. **Homework:** Keeping up with homework is vital to your success in this class! The instructor will assign specific homework problems for each chapter, however additional practice is encouraged. For each assignment:
 - Each student should complete or attempt ALL of the problems and bring the solutions to class.
 - Instructor will check homework completed individually.
 - There will be a class discussion of selected items. Students and instructor will question/examine/consider/debate the solutions.
2. **Participation:** consisting of in-class exercises and discussion will give students the opportunity to demonstrate subject knowledge. Active participation in group activities is a core function in a business environment. As such, a significant portion of your grade will be sourced to such exercises. I encourage participation. Participation means providing input to the class, such as comments, observations, or opinions. Attendance itself is not graded.
3. **Quizzes/Exams:** Based on lectures/text/guest speakers/other—see the course schedule for the timing. Tests will be a combination of theory and problems. After completion of an exam, you are responsible to turn in the exam document and any materials used during the test. If you do not turn in everything, you may not get credit for the exam. Early exams may be arranged in advance with the instructor. Make-up exams may only be arranged if necessitated by extraordinary circumstances.
4. **Team Projects:** In this class, you and a small team will be responsible for multiple group projects. NOTE: Points are assigned individually and as a group. Team members will evaluate one another's' contributions to the projects as a part of the grading. You will also work with this group on a regular basis on assignments within the classroom.
5. **Workload:** Students may plan that work outside class will be approximately equivalent to the College guidelines of two hours outside class for every hour in class. This amount may vary from student to student and week to week based on the course content.

6. **Instructor Hours:** This instructor's working hours are generally between 8:30 am and 4:30 pm, PST, Monday through Thursday and 9:00 am to 2pm Fridays. Exceptions to these hours may arise, however students should not expect to receive communications from the instructor outside of those times. Be aware that the duties of an instructor extend beyond those of the classroom and access to the instructor may be limited even during the working hours listed above.

Safe Space:

Everyone has the right to

- identify (or not) as they choose
- present however they want
- speak whichever language they want
- be heard
- disagree
- participate in free discussions

Everyone has the responsibility to

- respect the voices of others
- not make personal attacks
- recognize the effect of their words on others
- realize that their experiences are not universal
- be mindful of others' issues with addiction, body image and sexual experience

All without fear of ridicule. Individuals failing to respect these rights and abide by these responsibilities may be asked to leave the classroom. If you feel that your rights have been violated or have concerns, notify me immediately.

Classroom Etiquette: Please **do not talk** when someone else has the floor, be that the teacher or another student. Collaborative learning is welcomed, but not when it disturbs others. If you find that the energy and enthusiasm of the classroom is too distracting, please let me know immediately.

Tardiness Policy: Late arrival to the classroom is disruptive to the learning environment and disrespectful of those already present within the room; therefore, it is not acceptable. Students failing to arrive in the classroom within three minutes of the scheduled start of the class, as measured by the classroom clock, will be considered as tardy. Tardy students may not interrupt the class and therefore may not enter the room. If a break is provided during class, late arrivals may enter the classroom at that time. Since accidents happen, students are provided two tardiness allowances per term. These may be used to enter the room late, without waiting for the break. In the event of extenuating circumstances, notify the instructor.

Computer Use: The operation of computers in the classroom can be a distraction to both the user and those around him or her. As a result, students may NOT use personal computers in class, unless authorized by the instructor. This includes tablets and smartphones, as well as traditional laptop computers.

Testing Periods: No electronic devices, aside from those medically necessary and those specifically permitted by the instructor, may be utilized during any testing period. Students may not wear hats with bills protruding in front. All exams will be proctored, either by the instructor or by a third party authorized by the instructor.

Assignment Submissions: Unless otherwise stated, all assignments are due in class and on paper. Major writing assignments will be due **via turnitin.com**. Submissions of such papers via any other method will **NOT** be accepted.

Late Assignment Policy: Assignment due dates will be announced in advance and the assignments are due at the beginning of the period in which they are due. Any assignment received after the specified collection time will be considered late. **Only team paper assignments will be accepted late. All other assignments, such as chapter problems and questions, must be submitted on time in order to be accepted for a grade.** In the event that you will not be in class when an assignment is due, the assignment must be submitted to the instructor prior to the beginning of the specified class period in order to be considered as received timely.

Team papers submitted late lose 10% of their assigned grade for each day late. Those received on the due date but after the time that others have been collected will lose 10%. Thereafter, assignments will lose an additional 10% per day late. For instance, work due in class on a Tuesday, which is turned in on Thursday will be docked 30%. **NO ASSIGNMENTS WILL BE ACCEPTED AFTER 3 DAYS HAVE PASSED**, e.g., if due Tuesday, the late work will not be accepted after Thursday, close of business.

Should a medical problem, emergency situation, or extraordinary circumstance result in late submission, assignments may be accepted without penalty if documentation of the situation is also provided. Such documentation must come from an unrelated, third party, such as a doctor or clinic.

Email Communication: Electronic communication with instructors must be done through student email accounts or the Canvas messaging system only. Instructors cannot communicate with students about their course work or grades through students personal email accounts.

Absences Policy: If you anticipate being absent during the quarter, I'm willing to make alternate arrangements regarding assignments and exams, **if such arrangements are made in advance.** For weather-related absences, please use Public Safety approved means of determining school closures. You must always be the judge of your own personal safety, and I will accept your judgment. In the event of any absence, it is the student's responsibility to obtain missed class lecture

notes, hand-outs, and assignments from another student, or check the website; do not call me or email me unless it is an emergency. When you need to miss, contact your teammates.

Affirmation of Inclusion

Bellevue College is committed to maintaining an environment in which every member of the campus community feels welcome to participate in the life of the college, free from harassment and discrimination.

We value our different backgrounds at Bellevue College, and students, faculty, staff members, and administrators are to treat one another with dignity and respect.

Religious Holidays

Students who expect to miss classes, examinations, or any other assignments as a consequence of their religious observance should be provided with a reasonable alternative opportunity to complete such academic responsibilities. It is the obligation of students to provide faculty with reasonable notice of the dates of religious holidays on which they will be absent, preferably at the beginning of the term. Students who are absent on days of examinations or class assignments should be offered an opportunity to make up the work without penalty (if they have previously arranged to be absent), unless it can be demonstrated that a makeup opportunity would constitute an unreasonable burden on a member of the faculty. Should disagreement arise over what constitutes an unreasonable burden or any element of this policy, parties involved should consult the department chair, or Dean.
