**Please note: THE LEGAL STUFF:** This syllabus was constructed as a tentative plan for how the course will proceed. A number of conditions and circumstances may arise which can alter the topics, schedule, activities, materials, etc. The faculty member reserves the option to make any changes, as s/he deems necessary.

### Course Outcomes

Managerial Accounting involves the analysis and evaluation of timely and relevant accounting information for planning, motivating/directing, controlling and decision-making so as to make profit or meet other objectives of the organization. Students concentrate on the use of information by business managers and decision makers.

After completing this course, students should be able to use basic accounting information to:

1. Demonstrate a general understanding of the uses/benefits of accounting information in an organization and provide a framework for applying this information in a simulated setting.
2. To evaluate cost terms, concepts, and behaviors as they relate to accounting systems.
3. To analyze cost-volume-profit relationships for decision making.
4. To utilize budgeting techniques, variance analysis, the balanced scorecard and other tools to measure organizational performance.
5. Create accounting models for use in decision making, capital budgeting, differential analysis and other performance measures.
6. Demonstrate "test for understanding" skills with the instructor, to assure he/she is on track with the course assignments and expectations.
7. Improve the following skills: learning, written communication, teamwork, deductive reasoning, and critical thinking

## How Outcomes Will be Met

Students will complete case study assignments, homework problems, exams, quizzes, and participate in class discussions in order to improve the skills necessary for success in a business environment.

# Classroom Learning Atmosphere

## Instructor's Expectation

Nature of the Course/Instructional Method: This class is based on active learning principles in which student questions and presentations complement instructor facilitated discussions and mini-lectures. Students will work in teams on a regular basis. The instructor will introduce accounting topics with the comments/ideas of student teams. In order to be ready for this, you will need to keep up with your reading. The instructor reserves the right to test you on your reading with occasional quizzes. The instructor will give overviews/detailed information where appropriate, while the student takes notes. Other class efforts will be divided as follows:

1. **Homework:** Keeping up with homework is vital to your success in this class! The instructor will assign specific homework problems for each chapter, however additional practice is encouraged. For each assignment:
  - Each student should complete or attempt ALL of the problems.
  - Instructor will check homework individually for completeness.
  - There will be instruction regarding selected items. Students and instructor will question/examine/consider/debate the solutions.
2. **Participation:** consisting of online discussions giving students the opportunity to demonstrate subject knowledge. Active participation in group activities is a core function in a business environment. As such, a portion of your grade will be sourced to such exercises.
3. **Quizzes/Exams:** Based on lectures/text/other—see the course schedule for the timing. Tests will be a combination of theory and problems. After completion of an exam, you are responsible to turn in the exam document and any materials used during the test. If you do not turn in everything, you may not get credit for the exam. Early exams may be arranged in advance with the instructor. Make-up exams may only be arranged if necessitated by extraordinary circumstances. All exams must be proctored by an instructor approved facility.
4. **Team Project:** In this class, you will be responsible for completing work as a member of a small team. NOTE: Points for the team project(s) are assigned individually and as a group. Team members will evaluate one another's contributions to the projects as a part of the grading.
5. **Workload:** Students may plan that work outside class will be approximately equivalent to the College guidelines of two hours outside class for every hour in class. This equates to 15 hours per week for online courses. The actual amount may vary from student to student and week to week based on the course content.
6. **Instructor Hours:** This instructor's working hours are generally between 9:00 am and 4:30 pm, PST, Monday through Thursday and 9:00 am to 2pm Fridays.

Exceptions to these hours may arise, however students should not expect to receive communications from the instructor outside of those times. Be aware that the duties of an instructor extend beyond those of the classroom and access to the instructor may be limited even during the working hours listed above.

## **Safe Space:**

Everyone has the right to

- identify (or not) as they choose
- present however they want
- speak whichever language they want
- be heard
- disagree
- participate in free discussions

Everyone has the responsibility to

- respect the voices of others
- not make personal attacks
- recognize the effect of their words on others
- realize that their experiences are not universal
- be mindful of others' issues with addiction, body image and sexual experience

All without fear of ridicule. Individuals failing to respect these rights and abide by these responsibilities may be referred to the Dean of Students. The instructor reserves the right to delete inappropriate communications from any public forums. If you feel that your rights have been violated or have concerns, notify me immediately.

**Testing Periods:** No electronic devices, aside from those medically necessary and those specifically permitted by the instructor, may be utilized during any testing period. Students may not wear hats with bills protruding in front.

**Exam Proctoring Policy:** All exams will be proctored, either by the instructor or by a third party authorized by the instructor.

Proctored exam sessions will be provided on the Bellevue College main campus at times listed in your course schedule. If you are unable to make the scheduled times, you must arrange your testing at an eligible testing center at your own cost. You must provide a stamped envelope with the instructor's address to the testing center.

If you do not live in the local area (distance over 100 miles from the Bellevue College Campus), you may request an off campus proctor. Do so using the "Off Campus Proctor Request form" which is available in the introductory module of your Canvas site. You must obtain approval from the instructor of your third party proctor **no later than 14 calendar days prior** to the first day of campus proctored exams. Failure to arrange for approved proctoring in a timely fashion will result in a zero score on the exam.

**Assignment Submissions:** Unless otherwise stated, all assignments are due through submission to the assignment within Canvas. Major writing assignments will be due via turnitin.com. Submissions of such papers via any other method will **NOT** be accepted.

**Late Assignment Policy:** Assignment due dates and times will be announced in advance. Any assignment received after the specified collection time will be considered late. **Only team paper assignments will be accepted late. All other assignments, such as chapter problems and questions, must be submitted on time in order to be accepted for a grade.** In the event that you will not be available when an assignment is due, the assignment must be submitted to the instructor prior to the due date and time in order to be considered as received timely.

Team papers submitted late lose 10% of their assigned grade for each day late. Those received on the due date but after the time that others have been collected will lose 10%. Thereafter, assignments will lose an additional 10% per day late. For instance, work due on a Tuesday by 5 pm, which is turned in on Thursday at 2 pm will be docked 30%. **NO ASSIGNMENTS WILL BE ACCEPTED AFTER 3 DAYS HAVE PASSED**, e.g., if due Tuesday, the late work will not be accepted after Thursday.

Should a medical problem, emergency situation, or extraordinary circumstance result in late submission, assignments may be accepted without penalty if documentation of the situation is also provided. Such documentation must come from an unrelated, third party, such as a doctor or clinic.

**Email Communication:** Electronic communication with instructors must be done through student email accounts or the Canvas messaging system only. Instructors cannot communicate with students about their course work or grades through students personal email accounts.

**Absences Policy:** If you anticipate being absent during the quarter, I'm willing to make alternate arrangements regarding assignments and exams, **if such arrangements are made in advance.** For weather-related absences, please use Public Safety approved means of determining school closures. You must always be the judge of your own personal safety, and I will accept your judgment. In the event of any absence, it is the student's responsibility to obtain missed class materials and assignments.

### **Affirmation of Inclusion**

Bellevue College is committed to maintaining an environment in which every member of the campus community feels welcome to participate in the life of the college, free from harassment and discrimination.

We value our different backgrounds at Bellevue College, and students, faculty, staff members, and administrators are to treat one another with dignity and respect.

## **Religious Holidays**

Students who expect to miss classes, examinations, or any other assignments as a consequence of their religious observance should be provided with a reasonable alternative opportunity to complete such academic responsibilities. It is the obligation of students to provide faculty with reasonable notice of the dates of religious holidays on which they will be absent, preferably at the beginning of the term. Students who are absent on days of examinations or class assignments should be offered an opportunity to make up the work without penalty (if they have previously arranged to be absent), unless it can be demonstrated that a makeup opportunity would constitute an unreasonable burden on a member of the faculty. Should disagreement arise over what constitutes an unreasonable burden or any element of this policy, parties involved should consult the department chair, or Dean.

## **College Anti-Discrimination Statement (Title IX)**

Bellevue College does not discriminate on the basis of race or ethnicity; color; creed; national origin; sex; marital status; sexual orientation; age; religion; genetic information; the presence of any sensory, mental, or physical disability; gender identity or veteran status in educational programs and activities which it operates.

Your instructor will be asked if anyone might still be in the building, so check in before you do anything else. Emergency responders will search for anyone unaccounted for.

**If a major emergency occurs, please follow these three rules:**

**1) Take directions from those in charge of the response** -We all need to be working together.

**2) Do not get in your car and leave campus (unless directed to)** - Doing so will clog streets and prevent emergency vehicles from entering the scene. Instead, follow directions from those in charge.

**3) In an emergency, call 911 first, then Public Safety.**

Please do not hesitate to call Public Safety if you have safety questions or concerns at any time. You may also visit the [Public Safety](#) web page for answers to your questions.

## **Final Exam Schedule**

Instructors will not give examinations in advance of the regular schedule. A student who is absent from any examination held at any time during the quarter may forfeit the right to make up the examination. If, for illness or some other circumstance beyond the student's control, the student is unable to be present at any scheduled examination and has contacted the instructor on a timely basis, the student may be permitted to take such examination at a time designated by the instructor.

The final exam will be held during the period assigned by the college. Please consult the collegiate schedule at <http://bellevuecollege.edu/classes/exams>
