WELCOME TO SURVEY OF ANTHROPOLOGY!

Anthropologists are scientists who study both biological and cultural characteristics of human beings, both modern and ancient. We travel far and wide and generations back in time in order to understand where we came from, where we are now, and where we are going. As a comparative science, anthropologists also study the traditions and customs of our own society. This course will offer a new perspective of your own culture, and a deeper understanding of human history and diversity, as it emphasizes global perspectives.

COURSE DESCRIPTION AND OBJECTIVES

Anthropology& 100 (Item# 5056, section HYA) is a 5-credit course that introduces you to the discipline of anthropology. You are exposed to the basic underlying principles, theories, and methods of anthropology through lectures, textbook readings, articles, discussions, and visual materials. This introductory course will explore the 4 subdisciplines of anthropology: cultural anthropology, linguistics, biological anthropology, and archaeology. Numerous contemporary cultures, as studied by the ethnologist, will be discussed in a comparative fashion. We will explore the general topic of evolution and specifically how it applies to humans. We will look at our primate relatives and come to understand our similarities and differences with them. The viewpoint of archaeology will enhance your understanding of human history, and an introduction to linguistics will provide you with the basics of studying human communication. We will also discuss how various types of anthropologists go about collecting their data, and the rewards and challenges of conducting fieldwork in anthropology.

WHAT IS THE RHYTHM OF THIS COURSE?

Zcx

READ THIS SECTION VERY CAREFULLY

IF YOU DO NOT HAVE FLEXIBILITY IN YOUR SCHEDULE TO SYNC IT WITH THE RHYTHM OF THIS CLASS, YOU WILL HAVE A VERY DIFFICULT TIME SUCCEEDING IN THIS COURSE. REGARDLESS OF YOUR SCHEDULE.

This hybrid class has a unique flow due to the fact that it is mainly on campus with only 1 hour online a week. On-line courses do not take off time for weekends or holidays and often times it takes more time, dedication, and discipline to succeed in an online course. This will apply to you for the online portion of this class. The major components of this course, being mainly on campus, are described in detail below. It is your responsibility to be aware of all deadlines and course updates. Use your own version of the online course calendar to mark important deadlines for yourself. You will be

required to attend class Monday through Thursday mornings and also required to complete about 1 hour online each week. Some weeks we may have less online and some weeks more, but it will average out to be about 1 hour a week.

BOOKS AND REQUIRED MATERIALS

- **REQUIRED TEXTBOOK**
WADSWORTH CENGAGE Learning, William A. Haviland 2013
The Essence of Anthropology (3rd Edition)
ISBN-13: 978-1-111-83344-2 or ISBN-10: 1-111-83344-3

IMPORTANT CLASS POLICIES

Class Communication: Important class updates will be communicated at the beginning or end of class. I may also communicate via Canvas announcements and emails. If you miss class, you should log in to our Canvas site and check for announcements. You must use your Bellevue College email to communicate with your instructor. I prefer you email me via Canvas email.

Make-up tests (including the final) are only offered at the discretion of the instructor and must be arranged **at least one week before the originally scheduled test date.**

If you are requesting a make-up test because you know in advance that you will not be able to complete the test during the allocated time, you must give a legitimate reason. You will need to e-mail *ahead of time* explaining why you need to miss the assessment, and you will be required to provide *appropriate documentation* to explain your absence. Vacation, attendance at social activities, sleeping in, work, picking up someone from the airport, forgetting etc. are not valid excuses for missing exams and you will not be able to make up exams for these reasons. Consideration for make-up exams is provided **ONLY** if you have contacted me **BEFORE** your absence and **IF** you have provided appropriate documentation. A make-up exam may be composed of essay questions under strict time constraints and must be taken as soon as possible. If you are ill during the time of a test you must notify your instructor immediately by email and meet with your instructor upon your return to discuss the possibility of a make-up.

Make-up Discussions: There are 4 discussions (25 points each) and there are no make-ups for these. Dates for the discussions will be announced in class several days prior. Homework will be assigned such as an article or a movie and questions will be provided that you will need to respond to so that you come prepared for our class discussion. A discussion can not be re-created. **Once it has passed – no make up is possible. If you have a valid reason for missing the discussion, then you may turn in the hardcopy of the discussion page for partial credit prior to the discussion date.** No emailed copies will be accepted.

Make-up Quizzes and Documentary Reviews: Are not allowed. These assignments include the online syllabus quiz, and the documentary reviews and quizzes. These are set up to lock at a specific time and date. Once locked – they will not be re-opened.

Submission Process: Assignments will be turned in on Canvas at the appropriate assignment submission board or I will ask that you bring your paper to class.

Attendance: In order to earn the online attendance points –you must log in to our course at least 1 day a week, each week. It is, however, recommended that you log in to Canvas daily to check announcements. Everytime you miss class it is

important that you check Canvas announcements and check in with your instructor the next class. In order to earn your attendance points for in-class you must be present.

COURSE REQUIREMENTS

The Syllabus Quiz: You are required to review this syllabus, including the Procedures and Guidelines of the Social Science Division. Enrollment in the course constitutes an agreement to abide by the policies set forth in these items. A syllabus quiz will be assigned the first week of class on Canvas.

Attendance – Online and In-class: Attendance is required for success in this class. Both online and in-class. You may earn up to 116 points (3 points a week for online attendance and 2 points a day in-class attendance – for a quarter total of 116 points). You must be present to earn the in-class participation points. It is well worth your time to “attend” class regularly and constructively participate. Ideally, you should log in every day to check for assignments and announcements. Participation is easily monitored by yourself and the instructor. You are expected to keep abreast of due dates and any schedule changes. Check the announcements for class updates and reminders every time you log on. It is not the instructor’s responsibility to remind you when assignments are due. Please record your own due dates. It is important that you check frequently as new information or directions may be posted at any time. As the instructor I can see what course elements you are looking at and how long you are looking at them. Attendance/Participation points are an all or nothing case per week. If you log in one day during a week you will get the 3 points for that week, if not, you will not get the points. **These points will not appear in the grade book until the end of the quarter.**

Read the textbook: There is a textbook for this course, listed above. It will be nearly impossible to master content without reading the textbook chapters. It is your responsibility to purchase the textbook in time for the beginning of class. It is up to you to decide the best time to complete each section’s assigned readings. Please ask if you need clarification of materials.

Active Participation: Active Participation will be expected of each of you. You should read all assigned materials for each class ahead of time in preparation for constructive participation.

Discussions: To enhance your learning, the class will participate in 4 class discussions. These will vary in format; you may be required to read a designated article, watch a film in class, do online research or read a specific section of our textbook. You are expected to provide thoughtful, respectful comments that are based on your educated opinion from course materials. For each discussion, you have questions to research, writing to complete and input to contribute to the class. This process is critical for furthering your knowledge, engaging in the class, and for excelling on tests.

If you miss a discussion, you cannot make it up since the moment will have passed (a discussion cannot be re-created). Late discussions are not accepted for any reason.

There are 3 steps to the discussion:

- a. Preparing: By reading an article, a passage in the textbook, watching a film or searching the internet. When there is an article that is the focus of the discussion, read it first, think about the material, and relate it to the textbook or lecture. When the discussion involves internet research, be sure to adhere to best practices in choosing websites or articles for information. If a film is assigned – make sure to watch the entire film and think about how it relates to lecture material or our text.
- b. Writing: Each student will write a 1 page paper. Here I will be looking for your informed scientific analysis about the material in response to the questions provided. Your paper must be well written, proofread for grammatical and spelling errors, substantive in content, clearly show

that you have read or watched the assigned material and all assigned questions addressed. Print on paper and bring to class on the day of our discussion to be turned into your instructor after the discussion is completed. Your responses are expected to be thoughtful and contextual. Be sure to thoroughly answer each part of the discussion and follow the above guidelines to earn full credit. All sources must be cited, whether from the textbook, assigned article, internet website, fellow student, lecture, etc. Please use the APA citation style: <http://www.apastyle.org/>.

- c. **Discussing:** The discussion format will vary, however, most commonly the class is divided into smaller groups to begin discussing the material and then each group will share their thoughts with the rest of the class. You are expected to participate in the discussion. This means that you are expected to share your thoughts on the assigned material. It is informative to hear your classmates responses to the discussion questions as they will vary. Please respect that we will have different opinions, experiences and perspectives to share and that it can be a little intimidating to share ones thoughts in class. Lets make it a great learning experience for all!

Documentary Quiz: These are assigned along with the assigned documentary. The documentary will be available on Youtube, from *Films On Demand* from the Library Media Center or shown in class. There are 5 quizzes and each quiz is worth up to 15 points and must be completed on Canvas after you have viewed the documentary. Each quiz will be found during that weeks assignment page on Canvas.

Documentary Reviews: These are submitted online. These assignments include watching a documentary film and answering questions. You will be asked to summarize the film, tie the film to our textbook or class material and to analyze it by using both your ethnocentric perspective and a relativistic perspective.

Tests: May be given online or in-class. A major part of your course grade will be derived from 5 tests, each of which is on a different material. Each of the 5 tests are worth up to 40 points (up to 200 points total). Questions are derived from our textbook, any other assigned reading, lecture slides, discussions, films, class exercises, handouts and any other instructional material presented to this class. Cheating and plagiarism will not be tolerated (see below). Test conduct will comply with the College policy for academic honesty. An exam may consist of multiple choice, true/false, fill in the blank, term definitions and/or short answer essay questions. There may be up to 40 questions on each exam (each question worth 1 point or more) and you will have 30-60 minutes to complete each test depending on the test. The 5th test is during the last week of class (finals week).

- If the exam is offered online - it will open on Canvas on an assigned Friday at 8:00 am and will close Sunday at 9:00 pm. To take the test online, you will need to be familiar with Canvas. Be sure you know how to successfully submit your answers when completed. Be sure to have a secure internet connection and a reliable computer. In order to submit the test on time, it needs to be started at least 90 minutes prior to the due date/time. **No late tests are accepted for any reason.** It is recommended, not to wait until the last 2 hours – in order to avoid any possible internet or computer issues that may arise.
- If the test is given in class, on campus – you will need to bring a scantron, pencil and eraser.

Extra Credit: May be offered. Take advantage of extra credit opportunities that may be offered as they arise.

NON-SCHEDULED CANCELATIONS

The possibility is always there that class will be cancelled unexpectedly. In the case that class is cancelled, I will post information on Canvas. This could include lecture material, assignments and handouts. It is your responsibility to check this in a timely manner and before the next class session

A NOTE ABOUT COURSE CONTENT

Since anthropologists examine just about every aspect of the social world, we talk about provocative material. Please be advised that we will likely explore controversial topics, they will always be framed within an academic context. When we find ourselves in a space outside of our comfort zone, it provides a great example of our own cultural constructs and is a powerful opportunity for learning. If you have any questions or concerns about content or climate, feel free to speak with me about it right away.

BELLEVUE COLLEGE EMAIL AND ONLINE ACCESS

- For this course you will need access to Canvas and your BC email. Your student MyBC network account can be used to access your student e-mail, log in to computers in labs and classrooms, connect to the BC wireless network and log in to *Canvas*. CLASSROOM LEARNING ATMOSPHERE: GENERAL CLASS CONDUCT

It is important to make sure that the classroom environment is as conducive to scholarship as possible. You are encouraged to participate in discussions of the theories and concepts that will be presented to the class, as long as they pertain to class material. You are also encouraged to learn the names of your fellow students and to be respectful of them. **However, side comments directed to fellow students contribute to distractions, not to learning, and will not be tolerated.** Please review BC's policy in the Student Handbook as well as the policies for this class. All infractions of policies will be reported to the Dean of Student Services, with the recommendation that the Dean take further action.

CLASSROOM LEARNING ATMOSPHERE: ATTENDANCE AND PUNCTUALITY

This class is based on the assumption that you will be attending regularly, participate fully, and support the learning environment for your fellow students. I will take attendance once at every class session at the beginning of the class. If you are absent, **you** are responsible for obtaining lecture notes from fellow students and to gain information regarding announcements or changes to the schedule that you may have missed. Studies have shown that the students who attend class regularly also achieve better grades and a greater comprehension of course content. Please **be on time** for class. If circumstances prevent you from arriving on time, please take a seat **closest to the door** to reduce the number of students who are distracted by your late arrival. Students sometimes encounter circumstances in which they have to leave before the end of class. Once again, this creates a distraction for others. If you should have to leave early, **please arrange to sit close to the door, inform the instructor of your need to leave early, and do not re-enter the room once you have left.**

CLASSROOM LEARNING ATMOSPHERE: TECHNOLOGY IN THE CLASSROOM

Electronic devices (cell phones, laptops, etc.) are a convenience, not a right. They create a distraction for your fellow students. **Cell phones are to be turned OFF while in a classroom. If you have a need to use a laptop computer for note-taking, please see me immediately.**

CLASSROOM LEARNING ATMOSPHERE: CHEATING AND PLAGIARISM

Cheating and plagiarism are concerns on every college campus. Cheating or plagiarism is legitimate grounds for failing the course and dismissal from class. Cheating behavior on tests includes, but is not limited to, looking at someone else's test, asking another student for answers, assisting another student with cheating, passing notes, writing on the desk, talking during the testing period or otherwise being disruptive, using sources for information, etc. If you quote from sources, you must acknowledge those sources; otherwise you will fail this course. If you are unfamiliar with what constitutes plagiarism, please inquire. All course work, except team reviews, is to be performed by you without the assistance of others. Cheating or plagiarism will result in failure of the course. Information about Bellevue College's copyright guidelines can be found at: <http://bellevuecollege.edu/lmc/links/copyright.html>. A good resource for Plagiarism is the Writing Lab: <http://bellevuecollege.edu/writinglab/Plagiarism.html>

For all of your written work: Submit proofread work **only**. If you need help with your writing, please make use of the following student support services:

- Academic Success Center: <http://bellevuecollege.edu/academicsuccess/>
- Academic Tutoring Center: <http://bellevuecollege.edu/tutoring/>
- TRiO Student Support Services: <http://bellevuecollege.edu/TRiO/>
- Writing Lab @ BCC: <http://bellevuecollege.edu/writinglab/>

Preventing Plagiarism: Plagiarism is a form of academic dishonesty occurring when students use information or material from outside sources and do not properly cite those sources. This is grounds for disciplinary action. It is your responsibility to understand plagiarism and its consequences. Plagiarism occurs if:

- a. You do not cite quotations and/or attribute borrowed ideas.

- b. You fail to enclose borrowed language in quotation marks.
- c. You do not write summaries and paraphrases in his/her own words and/or doesn't document his/her source.
- d. You turn in work created by another person.
- e. You submit or use your own prior work for a current or past course, or work from one current course in another course *without express permission* from your instructors. This may also be considered academic dishonesty.
- f. Consequences: If it is determined that you have plagiarized or engaged in other forms of academic dishonesty, you will likely fail the assignment and possibly the course, despite points earned through other work. Acts of academic dishonesty are reviewed for disciplinary action.

CLASSROOM LEARNING ATMOSPHERE

Class discussions and team work, while enriching, can also be challenging and disturbing. You may find that your fellow students hold beliefs and opinions that conflict with your own. This is an opportunity to exercise your listening skills, perfect your critical reasoning skills, and learn to examine claims based on supporting evidence. **It is imperative that this learning environment be safe and open for all students regardless of age, sexual orientation, race, ethnicity, religion, gender, disability, or perspective.** Students who do not adhere to this code of conduct will be asked to leave the class. This behavior will be reported to the Dean of Student Services. Discussion guidelines:

1. We are not here to persuade others to our point of view; rather to examine the merits of each position, based on evidence.
2. We can respect the person even if we don't share his/her opinions.
3. We will give each participant his/her time to express their views without interruption, argumentation, or disrespectful gestures, laughter, or facial expressions, etc.
4. We will question the evidence or the claim; not the person.
5. We will remain open to corrective feedback as to our views and/or the impact of our communication style.
6. We will remain aware of the time and seek to not dominate the discussion. (No more than two comments/questions before yielding the time to others.)
7. We will avoid phrases such as: "People like that..." "That's a stupid question....idea....etc." "They always..."
8. No one should be understood to be 'representing' the **entire** racial/ethnic, gender, class, etc. group to which he or she belongs. You speak only for yourself.

HOW CAN YOU SUCCEED IN THIS CLASS?

1. **ATTEND CLASS:** Attending class helps you gain a better education and better grades.
2. **TAKE NOTES:** Notes will highlight what the instructor has emphasized. Take notes that you can understand and use. Review your notes right after class and before the next class meeting to reinforce learning.
3. **READ:** Read all assigned chapters in the textbook or assigned articles (keep up with the reading). Material that is not covered in class, but is found in the reading assignments, is fair game for testing. You are responsible for your own reading and comprehension of material. I recommend that you read each assigned chapter twice.
4. **PARTICIPATE:** Be prepared for every class by reading the assignments *ahead of time*. This preparation will help you to more fully comprehend material presented in class and feel more confident participating in class discussions.
5. **STUDY FOR TESTS.** Prepare for exams by reading the text ahead of time, reviewing class notes and online lectures or any other assigned material.
6. **COMPLETE ALL ASSIGNMENTS:** Be prepared for your weekly assignments. Plan a set time each week to work on your assignments and schedule it on your calendar. Make sure to contact your instructor prior to working on your assignment if you have questions or need clarification. Follow the instructions and answer all questions in assignments.
7. **APPROPRIATE BEHAVIOR:** Obtain a copy of the BC Student Handbook to familiarize yourself with policies and behaviors that are appropriate to the college environment. Lewd, abusive, disruptive, or harassing behavior will not be tolerated. Turn off all electronic devices before entering the classroom. Arrive to class on time.
8. **ABSENCES:** If you know you will be absent for in-class assignments or quizzes, email me in advance.

9. COMPREHENSION: If you are not understanding course material, come and see me right away. I want you to do well in this course, but I cannot help you if I don't know you need help or want help. Student success is important to me, but you must be serious and an active participant in your own learning.

10. ACCOMMODATION: "If you need course adaptations or special accommodations because of a disability, or if you have medical information that needs to be shared with me in the event that the building needs to be evacuated, please contact me during the first week of the quarter. If you require accommodations due to a diagnosed disability, please contact the Disability Resource Center office in B132. Phone: 425-564-2498 (Voice) TTY: 425-564-4110.

11. TUTORING: If you are struggling with this class or any other class, there is help available on campus and on-line. You may contact the tutoring service on campus. Come and talk with me about how I can help you.

PROCEDURES AND GUIDELINES OF THE SOCIAL SCIENCE DIVISION Winter 2015

Cheating, Stealing and Plagiarizing*

Cheating, stealing and plagiarizing (using the ideas or words of another as one’s own without crediting the source) and inappropriate/disruptive classroom behavior are violations of the Student Code of Conduct at Bellevue College. Examples of unacceptable behavior include, but are not limited to: talking out of turn, arriving late or leaving early without a valid reason, allowing cell phones/pagers to ring, and inappropriate behavior toward the instructor or classmates. The instructor can refer any violation of the Student Code of Conduct to the Dean of Student Services for possible probation or suspension from Bellevue College. Specific student rights, responsibilities and appeal procedures are listed in the Student Code of Conduct, available in the office of the Dean of Student Services and at [http://bellevuecollege.edu/policies/2/2050P_Student_Code_\(Procedures\).asp](http://bellevuecollege.edu/policies/2/2050P_Student_Code_(Procedures).asp)

Email Communication with instructors must be done through student email accounts only. Instructors cannot communicate with students about their course work or grades through student’s personal email accounts.

Incomplete

If a student fails to complete all the required work for a course, an instructor may assign the grade of Incomplete (“I”). The student must complete the coursework by the end of the next quarter, or receive the assigned letter grade (usually an “F”).

F Grade

Students who fail a course will receive a letter grade of "F."

Final Examination Schedule

The Social Science Division will adhere to the final examination schedule as stated in the BC Schedule. Final examinations will be held at the end of each quarter at fixed times. Instructors will not give examinations in advance of the regular schedule. A student who is absent from any examination held at any time during the quarter may forfeit the right to make up the examination. If, for illness or some other circumstance beyond the student's control, the student is unable to be present at any scheduled examination and has contacted the instructor on a timely basis, the student may be permitted to take such examination at a time designated by the instructor.

Withdrawal From Class

College policy states that students must formally withdraw from a class by the end of the seventh week of the quarter (Registration Office, B125). If a student has not withdrawn by that date, an appropriate letter grade will be assigned for the course.

Hardship Withdrawal

Instructors may assign the grade of "HW" (hardship withdrawal) at their discretion in the event that a student cannot complete the coursework due to extreme and exceptional circumstances. Students may also contact the Enrollment Services office BEFORE grades are assigned in cases of hardship.

Students Who Require Disability Accommodations:

Students with disabilities who have accommodation needs are encouraged to meet with the Disability Resource Centre (DRC) office located in B132 (telephone 425.564.2498 or TTY 425.564.4110), to establish their eligibility for accommodation. The DRC office will provide each eligible student with an accommodation letter. Students who require accommodation in class should review the DRC accommodation letter with each instructor during the first week of the quarter.

Students with mobility challenges who may need assistance in case of an emergency situation or evacuation should register with Disability Resource Centre, and review those needs with the instructor as well.

Distribution of Grades

Grades will not be posted in the Social Science Division or in faculty offices, and program assistants or coordinators will not give out grades. Students should access their grades through the BC Web site.

Return of Papers and Tests

Paper and/or Scantron score sheet returns will be arranged in the following ways ONLY: by mail, if student supplies the instructor with stamped, self-addressed envelope (with appropriate postage); or by the instructor designating a time and place whereby the student may retrieve his/her papers. Unclaimed papers and/or Scantron score sheets must be kept by the instructor for a minimum of sixty (60) instructional days following the end of the quarter.
