How to succeed in this course

This is a TIGHTLY-SCHEDULED and FAST-PACED course, the later materials are built on top of the previous materials and get harder and harder. We have no time to take a break or revisit material – it is VERY HARD to catch up if you slack off. For the first 1/3 of the course, we will cover TWO to THREE chapters per week. Then we slow down to ONE chapter a week as the materials get much more complicated after Chapter 7. The last couple of weeks will be very busy with the Team Project.

- Attend **ALL** classes, and **turn off** cell phones during class. **Preview** and **print out** the lecture notes **before** class, make sure you leave enough spaces to write down MORE notes, and **Review** lecture notes **after** class.
- Make good use of the resources (solution manual, available documents and resources in course website), see tutors for special help.
- Homework assignments are really the **minimum** requirement for exercises and must be turned in **ON TIME (at the beginning of the class)**. You need to do a lot more extra work and especially chapter review problems on your own in order to succeed.
- **Study in groups** and **start early** on projects.

Course Requirements

Attendance and Participation:	5%
Homework: homework will be assigned almost every class, and due on the next class. Check the lecture notes for details.	10%

Exams: There are TWO in-class exams, on the 4th and 8th week. Exams are closed book, close notes. <u>ONLY TWO Standard Letter Size cheat sheets will be allowed (4 pages).</u>	30%
Project – Individual Report Part	10%
Project – Team Report Part	10%
Final: Exam will be cumulative, but more concentrated on the stuff after the 2 nd Exam (80%+).	25%
Total	100%

Assignment Policies No Exception!

There is a significant amount of assignments in this class. You can expect to spend **a minimum of 15 hours per week** to study and to complete the assigned work. **Make sure that you can spend at least that much time this quarter.** If you are overloaded with other work, this may not be the right quarter for you to take this class. **Make sure you are NOT OVERLOADED!!**

Since our textbook has some print errors, **treat lecture notes as the “model” if there are any “conflicts” between the textbook and the lecture notes.** You may find the assigned **reading assignments** and **homework problems** at the **last** couple slides (the one before the “END”☺) of each chapter lecture notes.

All assignments are due **at the beginning of the class**, and will be accepted only if you are present in class. **Any assignment turned in 5 minutes past the starting of the class will be considered late.**

Late Work Policy:

- 1) You have a total of **THREE FREE LATE DAYS** in the quarter:
- 2) Late days are counted by **CALENDAR DAY**, each late day may only apply to **ONE assignment**, and may **ONLY** be used in homework and/or individual report (NOT applicable on take-home Quiz, team report, or extra credit assignments).
- 3) After all three free late days are used up, there will be no late homework will be accepted.
- 4) **NO credit** will be given after the homework solution has posted, regardless how many free late days you have left.
- 5) **All late assignments must be submitted to D-110 for date/time stamp.** Make sure you put down the class title, the section number and the instructor’s name clearly.

The Project has THREE parts: Team Contract, Individual Report and Team Report.
NO LATE TEAM REPORT!

NO MAKEUP EXAMS, however, alternative exams may be scheduled **ahead of time with at least 48 hours prior notice**.

Policy Regarding Plagiarism, Stealing and Cheating

Cheating includes, but is not limited to:

- Turning in assignments or papers or tests/quizzes that have been used in other classes, including a previous enrollment in this class by you or another person.
- Copying answers on any written or practical exam/quiz
- Glancing at nearby exams.
- Two different people working together on the same assignment and submitting the same file from each person as individual work
- Giving and/or receiving help during an exam/quiz
- Disk copying, purchasing/selling answers to any portion of the course
- Misrepresenting file creation dates in any way
- Lack of reference for the source of cited information
- Copying information for written work and representing it as your writing

Stealing includes, but is not limited to, taking the text, notes, exams, library books or other personal property of others without their permission.

Plagiarism is presenting the words, ideas, and/or work of others as if it is an individual's own work. It includes, but is not limited to, using other's papers as one's own and including parts of published works without giving credit where credit is due.

If you choose to cheat, steal or plagiarize, one or more of the following actions will be taken:

- You will receive a zero for the assignment.
- You may receive a failing grade for the course.
- A report of the incident will be forwarded to the Program Chair and the Dean of Student Services. He/she may file the report in your permanent record and/or take further disciplinary action.

If you feel you have been unfairly accused of any of the above, you may appeal. For a description of due process, see WAC 132H-120, available in the Dean's office.
