Course Description: This course provides a forum for critical analysis of the cultural framework of sports, specifically basketball in this case, and the world around it. The rise in popularity of basketball and those associated with it has given profound mainstream influence to extremely diverse groups and individuals that historically have had little or none. The resulting cultural and intercultural interactions that play out will be used as valuable learning resources in the continued effort to foster greater understanding. Multiple perspectives on the topic of sports will be examined to enhance the discourse of the class.

Course Objective: The cultural aspect of basketball has been an important part of the overall culture of the United States for nearly one hundred years. At the same time, a struggle for equality has been played out as billions of fans watched, cheered, and booed. This course strives to deconstruct and understand how games, struggle, and change have interacted to affect our world.

Student Outcomes: The United States is highly unique in the incredible amount of racial, ethnic, cultural, and economic diversity it possesses. Thus, it is imperative that its citizens to possess the willingness and ability to relate to and understand individuals with different backgrounds. The universal nature of what defines sport makes it an ideal conceptual tool to explore the dynamics of cultural interaction within society at large. A successful student in this course will:

1. Increase his or her skill development in critical thinking, reading, and writing.
2. Further their knowledge base of social issues and ideas within an increased frame of reference.
3. Develop the ability to sort, decode, and understand cultural and intercultural messages.
4. Become familiar with the role, impact, and influence of basketball in society.
5. Understand your place as a potential difference maker and positive contributor in the world.

DESCRIPTION OF ASSIGNMENTS

1. Class Discussion and Participation: All students are expected to maintain a regular presence in the course. Failure to do so will have an adverse affect on a student's ability to remain informed and connected to the inner workings of the course. During the class it is the student's responsibility to keep a critical eye and ear tuned to the materials presented and topics discussed. Active engagement with the curriculum and each other in discussion threads on a weekly basis is required.

In order to earn full participation credit each week, initial discussion comments and questions on the week's material must be posted by Wednesday. In addition, each student must engage in class discussions by posting at least five (5) responses to classmate's postings by the end of the week (Sunday evening.)

NOTE: Assigned readings should be completed in advance of the time they appear on the course calendar and quoted whenever possible in discussion. Backing your view with established research and writings makes your point that much stronger. Reading preparedness on the part of students contributes to richer understanding of lectures and deeper class discussions.

2. Sports Autobiography: Prepare a 4-6 page autobiography of the role that sports and/or basketball have played in your personal and/or family history. Start by describing your relationship with sports and how it has informed your attitudes, beliefs, and values. Include any significant moments or events in your life, either as a participant or spectator that have been related to sports. In addition, be sure to include references to the aspects of culture discussed in the course reading as they apply to your cultural autobiography within the context of sports.

Finish by discussing how these factors have influenced who and where you are today. Since you are the expert on this topic, think broadly while crafting these descriptions.

3. Reflection Papers: Throughout the quarter there will be materials focusing on past, current, and future issues involving the culture of sports and basketball, as well as related points. The assigned written responses to these portions of the curriculum will generally range between 2-4 pages. Instead of just being a summary, these assignments are exercises in critical evaluation and discussion on the part of the student. **Inclusion of citations and/or quotes from assigned course readings is required in order to earn full credit on these assignments.**

4. Film Response Series: Throughout the quarter two basketball related films will be shown in class. After viewing each movie will come a 3-5 page paper linking course readings to your observations of the major cultural points and symbols in the film.

5. Midterm Exam: TBA

6. Final Research Paper: The Final Research Paper will consist of a 6-10 page typed, double spaced paper based on your experience at a live basketball event chosen and ATTENDED DURING WINTER QUARTER 2014 with this assignment in mind. This event can be any level from little league to professional. The key for this assignment will be for you to view and write about this event through the lens of culture as discussed in the Course Readings. The inclusion of quotes and citations from these articles when writing this paper is a requirement. Here is an outline for this paper:

Section 1: Introduction/Personal Statement

- Discuss why you chose this event.
- Explain the cultural relevance of this event.

Section 2: Literature Review

- You must include and quote at least 4 sources (APA or MLA style)
- What do the established opinions of others say about the background of your event?

Section 3: Evaluation, Discussion, and Conclusion

- Explain, discuss and critically examine your experiences and cultural observations at the sporting event you have selected to attend for this assignment.
 - What cultural symbols did you see at this event and what did they represent?

Section 4: Bibliography/List of References

- List all sources for quotations, statistics and figures, and other referenced information included in the research paper.
- Either APA or MLA style of citation is acceptable.

Be sure to label each section, include a cover page, spell check, correct grammar, etc. The grading rubric that will be used to score the exam is included in this syllabus.

7. Final Research Paper Presentation: Each student will be responsible for creating a 5-8 slide PowerPoint presentation (including pictures taken by you at your event) of your basketball event to the class at the end of the quarter. These presentations will be on display during the last week of class.

All assignments must be typed, double spaced, spell checked, stapled, and submitted in a timely manner. Late assignments will only receive half credit unless prior arrangements are made.

All written assignments must have the following headings:

Student's Full Name

Course Title and Number

Date Submitted

A short, concise, and meaningful title

****All required reading/viewing materials will be available on course website.**

PROCEDURES AND GUIDELINES OF THE SOCIAL SCIENCE DIVISION

Revised Summer 2007

Cheating, Stealing and Plagiarizing*

Cheating, stealing and plagiarizing (using the ideas or words of another as one's own without crediting the source) and inappropriate/disruptive classroom behavior are violations of the

Student Code of Conduct at Bellevue College. Examples of unacceptable behavior include, but are not limited to: talking out of turn, arriving late or leaving early without a valid reason, allowing cell phones/pagers to ring, and inappropriate behavior toward the instructor or classmates. The instructor can refer any violation of the Student Code of Conduct to the Dean of Student Services for possible probation or suspension from Bellevue College. Specific student rights, responsibilities and appeal procedures are listed in the Student Code of Conduct, available in the office of the Dean of Student Services.

Incomplete

If a student fails to complete all the required work for a course, an instructor may assign the grade of Incomplete (“I”). The student must complete the coursework by the end of the next quarter, or receive the assigned letter grade (usually an “F”).

F Grade

Students who fail a course will receive a letter grade of "F.”

Final Examination Schedule

The Social Science Division will adhere to the final examination schedule as stated in the BC Schedule. Final examinations will be held at the end of each quarter at fixed times. Instructors will not give examinations in advance of the regular schedule. A student who is absent from any examination held at any time during the quarter may forfeit the right to make up the examination. If, for illness or some other circumstance beyond the student's control, the student is unable to be present at any scheduled examination and has contacted the instructor on a timely basis, the student may be permitted to take such examination at a time designated by the instructor.

Withdrawal From Class

College policy states that students must formally withdraw from a class by the end of the seventh week of the quarter (Registration Office, B125). If a student has not withdrawn by that date, an appropriate letter grade will be assigned for the course.

Hardship Withdrawal

Instructors may assign the grade of “HW” (hardship withdrawal) at their discretion in the event that a student cannot complete the coursework due to extreme and exceptional circumstances. Students may also contact the Enrollment Services office BEFORE grades are assigned in cases of hardship.

Students Who Require Disability Accommodations:

Students with disabilities who have accommodation needs are encouraged to meet with the Disability Support Services (DSS) office located in B132 (telephone 425.564.2498 or TTY

425.564.4110), to establish their eligibility for accommodation. The DSS office will provide each eligible student with an accommodation letter. Students who require accommodation in class should review the DSS accommodation letter with each instructor during the first week of the quarter.

Students with mobility challenges who may need assistance in case of an emergency situation or evacuation should register with Disability Support Services, and review those needs with the instructor as well.

Distribution of Grades

Grades will not be posted in the Social Science Division or in faculty offices, and secretaries will not give out grades. Students should access their grades through the BC Web site.

Return of Papers and Tests

Paper and/or Scantron score sheet returns will be arranged in the following ways ONLY: by mail, if student supplies the instructor with stamped, self-addressed envelope (with appropriate postage); or by the instructor designating a time and place whereby the student may retrieve his/her papers. Unclaimed papers and/or Scantron score sheets must be kept by the instructor for a minimum of sixty (60) instructional days following the end of the quarter.

*If you are accused of cheating, stealing exams and/or plagiarism, there is a Bellevue College Student Discipline and Appeals Procedure (the right to due process) which you may pursue. Contact the office of Division Chair (D110), the Dean of Student Services (B231A) or the Associated Student Body (C212) for information regarding the appeals process.
