**Course Description:**

This course will focus, from a Geographical perspective, on a range of contemporary issues of major significance to the continued development of life on Earth. This will be achieved by a review of such issues from social, cultural, political and physical systems.

**Course Objectives:**

To consider environmental, political and social issues which have a geographical dimension on a world scale. To study physical, economic, social, cultural and political processes that underlie landscapes, environments and spatial distributions. Candidates should be able to demonstrate a knowledge and understanding of the interaction of such processes and the contribution that geographical inquiry can make to an appreciation of different cultures as well as a sensitivity to, and concern for, landscapes, people and the environment.

**Format:**

(a) Five Module Exams - work through all of the Module course materials before you take the Module Exam(s) - each will be worth 75 points toward the total score = **Total 375 points**

(b) Ten Discussion Topics – each one will be of approximately 200-250 words for an initial posting and 50-100 words for a second response posting; each will be worth 20 points toward the total score = **Total 200 points**

(c) Attendance for the class - 39 classes with 3 points every class = **Total 100 points** (there are 39 classes so you could earn 17 points in extra credit if you attend all).

(d) 10 Weekly Quizzes - these are taken using the Quiz Tool in the online textbook - 5 points each = **Total 25 points** (with 25 points toward your extra credit).

(e) Class Evaluation for extra credit is possible - **20 points**

**Total 700 points(with an additional 62 points maximum extra credit)**

**(a) The Five Modules**

The course material is subdivided into **Five Modules**. You should proceed through each Module in the following way.

1. Each one begins with a **Class Notes** section that will highlight and focus on the major components of that particular topic area. Read carefully through this material and make your own notes that highlight the key points. You will be tested on this material in the Module Exam.

2. After completing the Class Notes section you should proceed to the **Case Studies - Discussion Topics** section. These topics will provide specific illustrative examples of issues associated with the Class Notes. **These Case Studies are all in the online textbook.** Read these and then proceed to participate in the Weekly Discussion Topic.

3. Now turn toward the **Essential Reading** section of the Module. There will be a series of readings that you should study - each has a number of questions that you will need to answer. Complete this section

before you progress onto the Module Exam - you will be tested on these questions and your general understanding of the material from the Module in the Module Exam - using a multiple-choice answer format.

4. You are now in a position to answer the **Module Exam**. Before you attempt the exam carefully read through your notes and the answers to the questions from all of the material that you have read. All of the questions on the exam will be taken directly from the questions from the Essential Reading section as well as the Class Notes.

**You will only have one chance to do each Module Exam - and once you start you must continue – so remember to ‘Save’ your answers as you progress through the exam. - you will be limited to 60 minutes.**

5. There are in all **5 Module Exams - each of 25 questions - that are all answered online**. You will have access to the Module Exams usually for one weekend - you must take the exam sometime during this ‘open’ time period.

#### **(b) Discussion Topics**

You will be required to submit by the course site **Discussion Tool ten weekly 200-250 and 50-100 word discussions based on the Case Studies in the online textbook**. - use the course site Discussion Tool to submit your postings and to participate in the discussion forum.

## **ONLINE PROCEDURES AND GUIDELINES**

### **OF THE SOCIAL SCIENCE DIVISION**

**Revised Fall 2010**

#### **Bellevue College's Affirmation of Inclusion**

Bellevue College is committed to maintaining an environment in which every member of the campus community feels welcome to participate in the life of the college, free from harassment and discrimination. We value our different backgrounds at BC, and students, faculty, staff members, and administrators are to treat one another with dignity and respect. The college's "Affirmation of Inclusion" is in line with the principle of free speech in a free society: we have the right to express unpopular ideas as long as we don't show disrespect for reasonable people who might believe otherwise. In an online course, you will be expressing ideas through the medium of the course site rather than face to face in the classroom. In that case, these expectations refer to the courtesy with which you communicate with one another through e-mails and e-discussions. Part of this respect involves professional behavior towards the instructor, colleagues, and the class itself.

#### **Cheating, Stealing, and Plagiarizing\* and Inappropriate Behavior**

Cheating, stealing and plagiarizing (using the ideas or words of another as one's own without crediting the source) and inappropriate/disruptive behavior are violations of the Student Code of Conduct at Bellevue College. Examples of unacceptable behavior include, but are not limited to: plagiarizing material from the Internet and posting rude or personal attacks in discussions. When you are in doubt about any behavior, please consult your instructor. In addition, you may wish to review the general applicable rules of cyberspace, such as in the Core Rules of Netiquette. The instructor reserves the right to remove posted messages, and downgrade assessments as a result of these types of behaviors. The instructor can refer any violation of the Student Code of Conduct to the Vice President of Student Services for possible probation or suspension from Bellevue College. Specific student rights, responsibilities and appeal procedures are listed in the Student Code of Conduct, available in the office of the Vice President of Student Services, [link to Student Code](#).

#### **Incomplete**

If a student fails to complete all the required work for a course, an instructor may assign the grade of Incomplete ("I"). It is the student's responsibility for maintaining contact and adhering to the agreed-upon actions. Vista class sites, and material, may not be directly accessible after the end of the quarter so it is important to make arrangements before the quarter ends. The student must complete the coursework by the end of the next quarter, or receive the assigned letter grade (usually an "F"). There is a standard form that instructors have access to in their instructor's grade briefcase.

#### **F Grade**

Students who fail a course will receive a letter grade of "F."

#### **Final Examination Schedule**

Final examinations may involve proctored on-campus arranged exams or may be administrated completely online at the discretion of the instructor and in keeping with the stated policies provided in

the course syllabus. Please refer to the syllabus at the start of the quarter for additional details and contact the instructor directly for any clarifications. A student who is not in compliance with the scheduled format may forfeit the right to make up the examination. If, for illness or some other circumstance beyond the student's control, the student is unable to be in compliance with any scheduled examination and has contacted the instructor on a timely basis, the student may be permitted to take such examination at a time designated by the instructor.

### **Withdrawal From Class**

Academic Year: College policy states that students must formally withdraw from a class by the end of the seventh week of the quarter (Registration Office, B125). If a student has not withdrawn by that date, an appropriate letter grade will be assigned for the course.

*Summer Quarter:* College policy states that students must formally withdraw from a class by the end of the fifth week of the quarter (Registration Office, B125). After the sixth day and through the end of the fifth week of the quarter, the “W” grade will become part of the student’s transcript record.

Check Enrollment Calendar Deadlines, Refunds/Withdrawals, for additional details. As with most enrollment deadlines, it is the student’s responsibility to be aware of these dates and act accordingly.

### **Hardship Withdrawal (HW)**

From page 9 of the current course catalog, 2008-2009 online catalog, HW indicates a withdrawal request made because of extenuating circumstances after the official withdrawal period is over. The student must contact the instructor to request this withdrawal option, or the faculty member may initiate the contact. No points are calculated into the grade-point average. Students may also contact the Enrollment Services office BEFORE grades are assigned in cases of hardship.

### **Students Who Require Disability Accommodations:**

Students with disabilities who have accommodation needs are encouraged to contact the Disability Resource Centre (DRC). The office is **located in B132 (phone 425.564.2498 or TTY 425.564.4110, email [drc@bellevuecollege.edu](mailto:drc@bellevuecollege.edu))**. Students will need to establish their eligibility for accommodation. The DRC office will provide each eligible student with an accommodation letter or contact your online instructor directly by email. Students who require accommodation in a course should review the DRC accommodation letter with each instructor during the first week of the quarter.

### **Distribution of Grades**

Students should access their grades through the BC Web site. Any returned material should be accessed prior to the end of the quarter. After the end of the quarter, Vista class sites may not be accessible by students. Individual instructors may use non-Vista tools for recording and maintaining the students’ progress. Questions about grades assigned should be initially directed to your instructor.

### **Submission and Returning of Papers, Assignments and Assessments:**

Specific guidelines for taking exams and submitting assignments are published in the syllabus. Please contact instructor at the start of the quarter for any clarifications.

### **Technical Assistance**

Vista-related or technical issues should be referred to Distance Education.

You may also email them at [landerso@bellevuecollege.edu](mailto:landerso@bellevuecollege.edu) or
