PREREQUISITE: PSYC 100

TEXT: Comer, R. (2014). Fundamentals of Abnormal Psychology (7th. Ed.). N.Y.: Worth Publishers.

COURSE DESCRIPTION

PSYC& 220 is an introductory course on maladaptive behavior and the etiology (causes), description, and treatment of psychological disorders. The course will cover theoretical approaches to abnormal psychology, classification and assessment of major disorders, and therapeutic responses to disorders.

Learning Outcomes (at the end of this course students will be able to):

After completion of this course, students will be able to:

1. Articulate the criteria and controversy regarding the definition of abnormal behavior.
2. Demonstrate knowledge of the prevalence and historical/ contemporary views of abnormal behavior.
3. Describe current practices of diagnosis, assessment, and research (including DSM) in classifying disorders and determining the need for treatment.
4. Describe the major techniques and theoretical approaches to understanding and treating abnormal behavior.

5. Identify the major diagnostic categories and distinguish among the symptoms, proposed causes, and preferred treatments of each of the following disorders:

Anxiety and related disorders
Mind-body disorders
Personality disorders
Substance substance use and addictive disorders
Sexual disorders
Mood disorders
Schizophrenia disorders
Neurocognitive disorders
Selected disorders of childhood and adolescence
Dissociative disorders
Somatoform Disorders

COURSE REQUIREMENTS

Format: Students are required to read chapters in the assigned text, participate in a weekly discussion forum, submit assignments, and take exams, all on-line.

Readings: You are expected to read the assigned literature and review the weekly objectives/ study guide.

Discussion: Topics/ Questions are presented at the beginning of each week. Discussions are intended to increase your experience as a learning community and should deepen your understanding/thinking about the subject matter. Weekly discussions will count 45 points. Total points possible for discussions are 450 points (45x10=450). Specific details on how to write discussion responses are available under 'Instructions for Discussions' in the 'Getting Started' Folder. Week 1 is a practice week to give you the opportunity to better understand the requirements. Completing Week 1 Discussions will also give you the option to miss one discussion.

Assignments: The purpose of assignments is to give you an opportunity to apply knowledge. Detailed instructions will be provided for each activity in the corresponding modules. You need to complete and submit one Case or DSM-5 assignment during the quarter (170 points). In addition you need to submit an Introduction and Technical Plan the first week of class (30points). All assignments are due at the indicated dead-line and late papers will lose points (one day late: half a letter grade; two days late: one letter grade).

Quizzes: After completing a module you have to take a short quiz of 30 multiple choice questions (available Sunday afternoon through Monday midnight). Each quiz

will cover information pertaining to the module only. Total points possible for quizzes is 300 points (30 x 10weeks= 300 points).

Quiz Rebuttal Policy: You may rebut, *in writing*, any question on any of the quizzes. Your rebuttals must include:

1. The complete question.
2. The option you chose.
3. Why you chose an incorrect option.
4. One reference from your textbook to support your argument.

Rebuttals are due within one week of the quiz.

Class Evaluation: Class evaluations are an important part of the class and you are required to complete the evaluation before you will get access to the final exam. Online evaluations will be available **Monday, November 4 through Friday, December 6 at 4:00 p.m.**

Final: The Final exam, given during finals week, will be comprehensive and will consist of 50 multiple choice and true/false items (50 points).

Make-up policy: You can make-up one weekly quiz. Make-ups need to be scheduled with the instructor and will be given during finals week.

GRADING

Grades will be determined as follows:

Exams	9@ 30 points	300
Discussions	10@ 50 points	450
Case Assignment	1 (out of two possible)	170
Introduction and Technical Plan		30
Final Exam		50
Total =		1000

Grading Scale:

<i>Grade</i>	<i>A</i>	<i>B</i>	<i>C</i>	<i>D</i>	<i>F</i>
plus	Not given	870 - 899	770 - 799	660 - 699	< 600
	930 - 1000	830 - 869	730 - 769	600 - 659	

minus	900 - 929	800 - 829	700 - 729		
-------	-----------	-----------	-----------	--	--

Students with special learning needs should contact the instructor as soon as possible.

Accommodations

If you need course modifications / adaptations or accommodations because of a disability, please let me know as soon as possible. If you have not done so already, you can contact the Disability Resource Center (DRC) in B132 or by calling 425.564.2498 or TTY 425.564.4110. Information is also available on their website at <http://bellevuecollege.edu/drc/>.

Affirmation of Inclusion:

Bellevue College is committed to maintaining an environment in which every member of the campus community feels welcome to participate in the life of the college, free from harassment and discrimination. We value our different backgrounds at Bellevue College, and students, faculty, staff members, and administrators are to treat one another with dignity and respect.
