Expected time

The Business Transfer Program prepares students for careers in business. All the courses in the program are second-year (200 level) courses that are **rigorous** and have many requirements.

For online classes, students are required to spend at least **50 hours on the course** website and a total of **10 to 15 hours per week** on the entire course. An online class does not reduce any course requirements. Instead, it only offers you the flexibility of creating your own learning schedule. Make sure you manage your time well.

| Exams | <p>There will be THREE PROCTORED EXAMS given at BC main campus, at approximately the 4th, 7th, and the weekend closest to the finals period. You must provide a stamped envelope with the instructor's address to the testing center.</p> <p>Note: If you do not live in the local area (distance over 100 miles), you may fill out the "Off Campus Proctor Exam Request Form" (posted under <i>Getting Started</i> folder), and fax the form to 425-564-3108 Attn: Judith Paquette. Please note the last day to submit the form on Calendar. Once your request is approved, you may take the exams and final at your local area with an eligible testing center (fees may apply).</p> <p>Exam 1 covers Ch 1, 2, and 3 and Exam 2 covers Ch 3, 4 and 5. The Final is comprehensive. Exams are <u>closed book</u>, but a 3" x 5" note card is allowed, <u>both sides</u>. | Chapter Reading Questions | <p>Learn to read a textbook! To prepare yourself for the chapter, you are required to answer a series of chapter reading questions. The answers to these questions must be in your own words. Do not copy verbatim from the textbook nor copy and paste from other sources. Prepare all your answers before you complete the assessment. Students have given feedback that these reading assignments help to understand the concepts. Print out the questions in advance and be prepared as you read.</p> |
| Homework | <p>Chapter homework assignments are listed on the Schedule. <u>Keeping up with homework is vital to your success in this class!</u></p> <ul style="list-style-type: none"> • Each student completes or attempts ALL of the homework in a Word or Excel file and posts the solution. • Instructor will check homework completed individually. |
| Chapter Quizzes | <p>Chapter Quizzes are open for a brief period of time (see schedule). They may be taken twice and the highest score is logged. This accommodates for any technology glitches. They are 20 questions multiple choice and must be completed in 1 hour. You are allowed to take two quizzes per chapter during <u>designated times</u>. The best score will be logged. Remember, the quizzes come from an extensive test bank and they will be different every time that you take it.</p> |

| Email feedback | <p>Please use Canvas. Do not use my regular email unless you cannot get hold of me on Canvas. I monitor email on a daily basis on weekdays. If you do not receive a reply within 24 hours on weekday, please resend your email. If the Discussion area is popular, I will monitor it also.</p> |

However, Canvas email is fine. • Homework assigned is a <u>minimum</u> and must be turned in ON TIME. You need to do much more (especially chapter review problems) on your own in order to succeed. |
| Review sessions | <p>Prior to exams, review sessions will be scheduled on campus or online if there is enough interest. Please let me know your interest and availability.</p> |

Learning Outcomes.

1. Identify the purpose and uses of financial accounting
2. Apply basic accounting principles and assumptions to business transactions
3. Employ double-entry bookkeeping to record and report on basic business operational transactions in an accounting system •
4. Describe the impact of basic operating transactions on a business's financial position
5. Critically analyze a business's financial position and operational results
6. Discuss the origins of fraud and means by which a business may protect itself from it
7. Demonstrate business communications skills through a variety of assessments such as team assignments, oral presentations, and written documents

My Advice: This is a TIGHTLY-SCHEDULED and FAST-PACED course. The materials involve learning the language of business – accounting, and the transactions needed to track a business, and how to do a rudimentary analysis of a business. We have no time to take a break or revisit material – it is VERY HARD to catch up if you slack off. Having said that, please contact me EARLY if you need extra help and I will try to arrange this.

My Background. Judith Paquette, CMA (Certified Management Accountant, 2004), MBA: Golden Gate University, San Francisco, BS (California State University, Fresno)--major: Business, minor: Mathematics. 14 years of accounting and auditing industry experience with four companies, including two Fortune 200 companies: Industries included retail (Gottschalk's), semiconductor (Motorola), heavy duty trucking (PACCAR), wireless phone service (Western Wireless). Teaching since Fall 1997, fulltime since Fall 2002. *Why did I leave Corporate America?* Although I loved the work (and the pay!), I love teaching more.

WITHDRAWAL POLICY If you decide to drop the class, it's okay. Students who do not officially withdraw will have their grade calculated on the number of points earned divided by the total possible points assigned for the entire quarter. Please act responsibly and officially withdraw from any classes you choose not to complete. Unless you **formally** drop by the deadline (I think it's the end of the 7th week from the start of the quarter, but check the course schedule to be certain), you will receive an F grade, with 0.0 grade points. There may be a situation that warrants an NC grade, which does *not* put grade points on your record. If you reach this point, see me.

Please note: THE LEGAL STUFF: This syllabus was constructed as a tentative plan for how the course will proceed. A number of conditions and circumstances may arise which can alter the topics, schedule, activities, materials, etc. The faculty member reserves the option to make any changes, as she deems necessary.

Tips to Improve your Understanding of the Course: Do you know how to read a textbook? (I learned my 5th year of my Master's degree program. Don't wait until then; see my website for a few tips!) **WEBSITE:** <http://personal.bellevuecollege.edu/jpaquette/>
