**Course Description:** This course serves to introduce students to the main components of the Criminal Justice System: The Police, The Courts, and Corrections. Important background information on crime, classifications and definitions of offenses, and victims and offenders is discussed as well. The focus of this introductory course includes: 1) Police organization, roles and functions, and responsibilities; 2) Court organization, processes, and outcomes (e.g. sentencing); 3) Punishments issues including probation, jail, prison, and community corrections.

### **Learners will be able to:**

1. Use a working vocabulary based on the terminology used in the three components of the Criminal Justice System.
2. Differentiate between the workings and responsibilities of the three major components of the American Criminal Justice System: the police, the courts and corrections.
3. Describe the theories, models and concepts within the Criminal Justice System and determine their strengths and weaknesses.
4. Explain how laws are made, categorized and enforced and the process of deciding how these laws are applied to case based situations.
5. Identify the reasons why experts in the field think the term Criminal Justice System is a myth and a true system is non-existent.
6. Examine the current major issues within the Criminal Justice System and be able to explain those issues giving case based examples of what they are.

### **RESEARCH PAPER/WIKI-PAGE REQUIREMENTS:**

You will have a research paper/Wiki-page submission. If you choose the paper, it should be to 4-5 pages in length (content, cover page and reference page(s) do not count), 12 point font (Times New Roman), 1 inch margins, and **MUST** have a cover page and references page in **APA documentation style (no abstract is needed, but list all references)**. **The paper must be on a topic within the area of criminal justice. The paper has to be turned in to turnitin.com by **Friday, Nov. 30th at 5pm**. **The paper is worth 100 points.**

**The Other Option:** Submit your topic, at which point it will be paired with those of similar interest and I will place you in collaborative groups. A Wiki-page will be created for your group to upload your submissions. You will be able to see other groups' submissions as well and make constructive comments. I encourage conversation and would like to see two posts of substance. "Good job" and similar posts do not count.

**Course Requirements:** All students are expected to read the required chapters of the textbook as outlined online and in the schedule section of this syllabus. Students are also expected to read the required chapters to attend the online classroom regularly, finish online requirements, take notes, ask questions, and participate in online discussions.

**Make-up Policy:** Any make-up tests are allowed *only at the discretion of the instructor* and immediate notification from the student is imperative. Additionally, *all* make-up exams (for *any un-excused* circumstance) will adhere to the following criteria: 1) administered *only* by the instructor during office hours/or instructor's choosing; 2) *cumulative* in nature; and 3) given in *all-essay* format.

**Veterans:** I thank you for your service to our country and let me know if you need help in any way (tutoring, advising, job opportunities or any other services at the college).

**Running Start Students:** If this is your first class please plan on meeting with me in person for a short chat during the first two weeks of class. I want to help make this college transition successful for you.

**Incomplete:**

If a student fails to complete all the required work for course, an instructor may assign the grade of Incomplete ("F"). The student must complete the coursework by the end of the next quarter, or receive the assigned letter grade (usually an ("F")).

**F Grade:**

Students who fail a course will receive a letter grade of "F."

### **Final Examination Schedule:**

The Social Science Division will adhere to the final examination schedule as stated in the BC schedule. Final examinations will be held at the end of each quarter at fixed times. Instructors will not give examinations in advance of the regular schedule. A student who is absent from any examination held at any time during the quarter may forfeit the right to make up the examination. If, for illness or some other circumstances beyond the student's control, the student is unable to be present at any scheduled examination and has contacted the instructor on a timely basis, the student may be permitted to take such examination at a time designed by the instructor.

### **Withdrawal from Class:**

College policy states students must formally withdraw from a class by the end of the seventh week of the quarter (Registration Office, B125). If a student has not withdrawn by that date, an appropriate letter grade will be assigned for the course.

### **Hardship Withdrawal:**

Instructors may assign the grade of "HW" (hardship withdrawal) at their discretion in the event that a student cannot complete the coursework due to extreme circumstances. Students may also contact the Enrollment Services office BEFORE grades are assigned in cases of hardship.

### **Distribution of Grades:**

Grades will not be posted in the Social Science Division or in faculty offices, and secretaries will not give out grades. Students should access their grades online through Blackboard Vista.

### **Return of Papers and Tests:**

Paper and/or Scantron score sheet returns will be arranged in the following ways ONLY: by mail, if students supplies the instructor with stamped, self-addressed envelope (with appropriate postage); or by the instructor designating a time and place whereby the student may retrieve his/her papers. Unclaimed papers and/or Scantron score sheets must be kept by the instructor for a minimum of sixty (60) instructional days following the end of the quarter.
