Required Text: *Criminology: The Core (4th Edition).* By Larry J. Siegel

I. Course Description:

The course is designed to make students aware that the objective of Criminology is the development of a body of general and verified principles and of other types of knowledge regarding the process of law, crime, and treatment or prevention. These bodies of knowledge are constructed from study and analysis conducted in accordance with the scientific principles of research methodology. At the end of the course, you should have a good understanding of crime and criminology. This knowledge will enable you to view the relevant issues surrounding the question of criminal behavior from more than one perspective.

II. Class Format:

This class will be a combination of lectures and class discussions. You are responsible for coming to class prepared (i.e., having read the assigned material) to actively participate in class discussions. We will spend a considerable amount of time discussing cases and theories included in the materials and practical applications of class material. It is my intention to cultivate a classroom environment in which each of us feels free to express opinions and ask questions. Opinions expressed by students must be supported by social, legal, economic and/or political arguments. We do not discuss to demonstrate whether we are right or wrong. Rather, it is an exercise to develop a broader understanding of the complexities of theories. DISRESPECT IN ANY FORM WILL NOT BE TOLERATED.

III. Grading:

Your grade will be based upon a total of 400 points (three exams at 100 points each and one five-page research paper at 100 points). These points will be a reflection of exams, the completion of paper and class participation. The grading scale is as follows:

100%-97%	A
96%-93%	A-
92%-89%	B+
88%-85%	B
84%-81%	B-
80%-77%	C+
76%-73%	C
72%-69%	C-
68%-65%	D+
64%-61%	D
60% and below	F

IV. Assignments:

1. PARTICIPATION

Participation is key to your understanding of concepts discussed in this course.

Understanding or mastery of concepts may be demonstrated by appropriate application of criminological theories during classroom discussions. Students may have their grades increased by 1/3 through active participation.

2. EXAMS 300 points

There will be three exams during the quarter, consisting of two midterms (100 points each) and a final (100 points). The exams are not cumulative. Each exam will include material from the book and class lectures. Material from the book will be covered even if we have not discussed it in class. The exams will be in-class, closed-book, and consist of multiple choice and essay questions. I will conduct a thorough review the day before the exam in class. **No make-up exams will be allowed unless you have a medical emergency, with proof.** BRING A SCANTRON SHEET, A #2 PENCIL AND A PEN TO CLASS FOR EXAMS.

3. RESEARCH PAPER ON A SPECIFIC CRIMINOLOGICAL BEHAVIOR (I.E. SERIAL KILLER, HABITUAL FELON, ETC.) 100 points

At the beginning of the Fifth Week, an assignment sheet will be handed out describing structure and requirements for the paper.

V. Course Rules:
