Sapling Access Code

Course Outcomes:

After completing this class, students should be able to:

- Apply the theory of rational choice to explain individual behavior.
- Explain how markets allocate, produce, and distribute society's resources.
- Predict how government intervention impacts market outcomes.
- Critique market outcomes and government policies using concepts of efficiency and equity.
- Explain firm behavior under various degrees of competition.
- Extend the market framework to analyze market failures.
- Critically analyze the positive and negative impacts of markets as they relate to social justice and environmental issues.
- Represent and understand economic concepts and outcomes in numerical and graphical form.

Grading:

Evaluation of student performance will be based on two midterms, one semi-cumulative final, online interactive homework sets, and class participation. The relative weights are as follows. There are two grading options. I will choose whichever gives you the higher grade. A grade scale is listed below and each component is described in detail in the following subsections.

Option 1

Sapling HW	30%
Midterm #1	20%
Midterm #2	20%
Final	20%
Class Participation	10%

Total 100%

Option 2

Sapling HW	30%
Highest Midterm	30%
Final	30%
Class Participation	10%

100%

Grade Scale:

100-94 A, 93-90 A-, 89-87 B+, 86-83 B, 82-80 B-, 79-77 C+, 76-73 C, 72-70 C-

69-67 D+, 66-63 D, 62-60 D-, 60<F

Exams:

All midterms will be a combination of essays, case problems, and multiple choice. **You will need to bring an examination book (a.k.a. blue book).** You can purchase these at the bookstore. I suggest you buy 3 of them at the beginning of

the semester. **If you fail to bring a blue book you will be penalized 5% for that exam.** Make up exams will only be given for school excused absences, catastrophic accidents, profound personal tragedy, severe illness, or other extraordinary circumstances. Poor planning, being overloaded with work, or vacation plans do not normally constitute valid reasons for make-up exams.

Sapling Homework

1. Go to <http://saplinglearning.com>
- 2a. If you already have a Sapling Learning account, log in then skip to step 3.
- 2b. If you have Facebook account, you can use it to quickly create a SaplingLearning account. Click the blue button with the Facebook symbol on it (just to the left of the username field). The form will auto-fill with information from your Facebook account (you may need to log into Facebook in the popup window first). Choose a password and timezone, accept the site policy agreement, and click "Create my new account". You can then skip to step 3.
- 2c. Otherwise, click "Create account". Supply the requested information and click "Create my new account". Check your email (and spam filter) for a message from Sapling Learning and click on the link provided in that email.
3. Find your course in the list (you may need to expand the subject and term categories) and click the link.
4. Select a payment option and follow the remaining instructions.

Once you have registered and enrolled, you can log in at any time to complete or review your homework assignments. During sign up - and throughout the term - if you have any technical problems or grading issues, send an email to support@saplinglearning.com explaining the issue. The Sapling support team is almost always more able (and faster) to resolve issues than your instructor.

Homework due dates are on Exam dates. Do not miss them. The sapling homework will allow you to continue to rework the problem sets until you get them correct. However, with each incorrect attempt you will lose 10% for that section of the question. You will be able to drop the two lowest homework assignments. It is *impossible* to do well in the course without doing these. ***Late work will not be accepted. Extensions will not be granted. You should have a back up plan in place for any computer/internet issues you may run into.***

Class Participation:

Participation points will be based on random attendance checks. Students will also be expected to arrive on time each day. Attendance will be called at the beginning of class. I will select 11 days at random and grade your engaged attendance. You must not only be physically present, but also mentally engaged. If you cannot contribute to class discussion or work with your peers, then you may lose your points for the day. Of the 11 days I will drop one and the remainder will equal 10% of your final grade. Attendance and preparation matter to your grade!!!

Instructor Expectations:

I expect students to show up to class prepared, participate in discussion, and not distract other students. If you and your personal electronics become a distraction to other students, then you will be dismissed for the day and warned. If it is a recurrent problem, then you will be referred to the Dean for removal from the class and any disciplinary action that office deems appropriate.

Affirmation of Inclusion:

Bellevue College is committed to maintaining an environment in which every member of the campus community feels welcome to participate in the life of the college, free from harassment and discrimination.

We Value our different backgrounds at Bellevue College, and students, faculty, staff members, and administrators are to treat one another with dignity and respect.

Religious Holidays:

Students who expect to miss classes, examinations, or any other assignments as a consequence of their religious observance should be provided with a reasonable

alternative opportunity to complete such academic responsibilities. It is the obligation of students to provide faculty with reasonable notice of the dates of religious holidays on which they will be absent, preferably at the beginning of the term. Students who are absent on days of examinations or class assignments should be offered an opportunity to make up the work without penalty (if they have previously arranged to be absent), unless it can be demonstrated that a makeup opportunity would constitute an unreasonable burden on a member of the faculty. Should disagreement arise over what constitutes an unreasonable burden or any element of this policy, parties involved should consult the department chair, or Dean.
