Course Information:

This course provides an introduction to microeconomic theory, concepts and controversy. Topics covered will include the structure of markets, the theory of consumer choice, the theory of the firm and the role of government in the economy. We will consider these topics from multiple perspectives including both mainstream and heterodox approaches.

Economics is exciting because it is contentious. Controversy in economics stems from the discipline's moral/ethical foundations as well as its powerful political implications. A central theme of this course is exposing the ways in which economics is linked to issues of power, politics and social justice. In exploring this theme students are encouraged to critically examine both economic ideas and existing economic institutions.

Books and Materials Required:

(1) Mankiw, Gregory N., 2009. *Principles of Microeconomics* 6th Edition

(2) Supplemental readings will be posted on Canvas.

**For assistance accessing canvas materials visit the canvas [help desk](#).

Homework assignments are designed to help you keep up with course material and give you an opportunity to practice applying models, solving problems, and writing. **Late assignments will not be accepted.**

Participation

Class attendance is required. More than two unexcused absences will result in a lower grade for the course. You are expected to show up on time and prepared to actively engage in class activities and discussion groups. You are also expected to engage in professional behavior at all times. This includes listening respectfully to your peers and ensuring that you do not disrupt the classroom environment. In class, please make sure your cell phone is off and your laptop is only used for course related work. If you plan to use a laptop in class, you must sit in the front row. Inappropriate use of technology in class will result in lost participation points.

Public Safety and Emergencies

Public Safety is located in the K building and can be reached at **425-564-2400** (easy to remember because it's the only office on campus open 24 hours a day—2400). Among other things, Public Safety serves as our Parking Permits, Lost and Found, and Emergency Notification center. Please ensure you are signed up to receive alerts through our campus alerting system by registering at [RAVE Alert Registration](#)

If you work late and are uneasy about going to your car, Public Safety will escort you to your vehicle. To coordinate this, please phone ahead and let Public Safety know when and where you will need an escort. Please familiarize yourself with the emergency postings by the door of every classroom and know where to go in the event of an evacuation. Your instructor will be asked if anyone might still be in the building, so check in before you do anything else. Emergency responders will search for anyone unaccounted for.

If a major emergency occurs, please follow these three rules:

- 1) Take directions from those in charge of the response** -We all need to be working together.
- 2) Do not get in your car and leave campus (unless directed to)** - Doing so will clog streets and prevent emergency vehicles from entering the scene. Instead, follow directions from those in charge.
- 3) In an emergency, call 911 first, then Public Safety.**

Please do not hesitate to call Public Safety if you have safety questions or concerns at any time. You may also visit the [Public Safety](#) web page for answers to your questions.
