

PSYCHOLOGY 100 - General Psychology Syllabus
Section S, Item 5418, Winter, 2016
TTh - 5:30-7:40 pm, Room A138

Instructor: Michael M. Brislaw, MS, LMHC, Teaching Faculty – Psychology
E-mail: mbrislaw@bellevuecollege.edu
(Please always use email for contacts with the instructor, rather than Canvas)
Phone: (425) 564-2640 (It is much more efficient to contact me via email)
Office Location: D200B
Office Hours: TTh - 4:30-5:20 pm by Appointment

Course Information

Course Outcomes

Psychology 100 is an introductory survey course intended to introduce students to the major concepts, theories, and research findings in the field of psychology. Learning outcomes in Psychology 100 include:

A. Specific outcomes related to psychology as a discipline

1. Describe the purpose, comprehensive scope, and areas of application in the discipline of psychology.
2. Apply and/or critique various research methods used by psychologists in the study of behavior.
3. Recognize, compare and contrast various theoretical perspectives used to explain and guide psychological research and application.
4. Identify historical and present-day contributions of major psychologists.
5. Define key psychological terms, concepts, processes and principles.
6. Apply critical thinking to assumptions, claims, and common sense ideas about behavior.

B. In terms of general education outcomes, students will be able to:

1. Creative and Critical Thinking: The ability to utilize a range of thought processes to evaluate information and opinions, generate new ideas, and identify creative and successful outcomes.
2. Communication: The ability to communicate effectively using written, oral, visual, and/or electronic means, as appropriate to a given situation.
3. Connections: The ability to identify and explore connections, themes, and patterns in the social and natural world, and to see commonalities within dissimilar circumstances.

Outcomes relating to Sustainability will also be part of this course, which will be described in the handout on Personal Sustainability Homework Exercises.

How Outcomes will be met

Exams

There will be five multiple-choice unit exams each containing 25 items, held at the end of each unit described in the Study Objectives. Please bring a scantron sheet and a #2 pencil to each exam. The tentative schedule for exams is posted in the course calendar below, and actual exam dates will be posted on Canvas in the Announcements.

Make-up Exams

In the event of an absence, please contact me prior to the regularly scheduled exam time to schedule a time for the makeup exam.

Homework

The instructor will distribute on Canvas two sets of five (5) Homework Exercises drawn from the chapters in the textbook. Over the course of the quarter, students will need to complete all five (5) Homework Exercises in order to obtain sufficient points to potentially receive a passing grade for the course. Students may work in groups of up to five (5) students on these exercises, sharing the same grade for each exercise. Homework Exercises must be typewritten, and submitted online. See the Homework Exercises handout and Grading Standards handout in Files on Canvas for more information. Each of the five Homework Exercises will be worth 20 points, and will be due on the dates corresponding with the days of the same unit exams. One Insurance Point may be earned per week, up to two (2) points per Exercise, for turning in an Exercise early. Note: It is not possible to earn more than the maximum 20 points for any Exercise using Insurance Points. Conversely, penalty points will be subtracted for each day late an Exercise is turned in (2 points per day). Note: This means an assignment turned in ten days late would be worth no points.

Over the course of the quarter, each student needs to complete at least one of the five (5) Personal Sustainability Homework Exercises, as part of their completion of the total of five (5) Homework Exercises for the class.

Online Links and Videos

Discussion Groups will be posted on Canvas directing students to interesting links and videos relating to the subject matter for the class. Students may submit to me (via the Reply function in Canvas) other links/videos they think might contribute to the class. If I add a link or video a student has submitted to the actual list of links/videos, the student will receive one (1) extra credit point per link/video.

Optional Extra Credit Paper

Students wishing to insure a better grade may choose to do a paper on a pre-approved topic within the field of psychology. In order to foster creativity, a student must develop his/her own topic, and then get it approved by the instructor, prior to beginning the paper. Extra Credit Papers are due by March 15th. Such papers should consist of a title page, a blank page for comments, 3,000-4,000 word count of typewritten content, and a works cited page. Papers shorter than the 3,000-word count or longer than a 5,000-word count will not be accepted. See the Grading Standards handout in Files on Canvas for more information. An Extra Credit Paper must be typewritten, and submitted online. The Optional Extra Credit Paper will be worth 40 points. One (1) Insurance Point may be earned per week, up to four (4) points, for turning in the Paper early. Note: It is not possible to earn more than the maximum 40 points for the Paper using Insurance Points. Conversely, penalty points will be subtracted for each day late an Exercise is turned in (4 points per day). Note: This means an assignment turned in on Friday of the last week of the quarter would be worth no points.

Course Evaluation Extra Credit

Later in the quarter (dates will be posted on Canvas), students may earn five (5) extra credit points in the class by completing the course evaluation from within Canvas.

After completing the evaluation, each student will need to submit a JPG or PNG file of the email s/he receives verifying the evaluation has been completed, in order to obtain the extra credit points. The JPG/PNG file must be submitted within the actual Assignment in Canvas created for this purpose. If 90% of the active students in the class complete the course evaluation, an additional five (5) extra credit points will be earned by each student that has completed the evaluation.

Grading

The points in the class can be broken down as follows:

Source	Points
Unit Exams (exams count double)	200
Homework Exercises	100
Extra Credit Paper	(40)
TOTAL	300

Each of the Exams will contain 25 items and be worth 50 points. The lowest score for each person among the first four Exams will be thrown out, and not used in computing your final grade for the course. The remaining four Exams (the three of the first four, plus the last one) will account for two thirds of your course grade: 200 points (Exams count double for your grade). The Homework Exercises are worth 20 points each and will count as the remaining one third of your course grade: 100 points. A student needs to complete the four required Exams and the Homework Exercises in order to obtain sufficient points to potentially receive a passing grade for the course. Any points earned from the Optional Extra Credit Paper will be added to the final point total for that student after end of the quarter grade curves have been calculated.

Please be aware: There are NO non-passing grades at BC, other than a Failing grade, which will result in 5 credits of 0.0 being factored into your cumulative grade point average. It is the student's responsibility to keep track of their grade for the class, and to Withdraw before the deadline of Thursday, February 18th, if s/he feels his/her performance is unsatisfactory.

Exam and course grades will be assigned through curve grading scores, and then converting these scores into letter grade ranges. Here is an example of a possible grade curve (the curve for our class may differ from this curve):

Point Total	Letter Grade	Decimal Grade Translation
241 (+)	A-, A	3.5 - 4.0
201 - 240	B-, B, B+	2.5 - 3.4
161 - 200	C-, C, C+	1.5 - 2.4
121 -160	D, D+	0.5 - 1.4

Curve grading will be discussed during the first weeks of class, as part of the discussion of probability distributions and normal curves from chapter one of our textbook.

In order for a student to request being given an Incomplete as a temporary grade for the quarter, the following conditions must first be met:

The student has completed a minimum of three (3) of the four (4) required exams for the course, with a passing grade, and

The student has completed a minimum of three (3) of the five (4) homework exercises for the course, with a passing grade.

A student who qualifies for an Incomplete grade must submit a request in writing, preferably via email message. The instructor will print a PDF copy of the contract for his records, and will send a copy of the contract to the student.

The link to the College Grading Policy is located on the web at:

<http://www.bellevuecollege.edu/policies/id-3000/>.

Books and Materials Required

Textbook (Required)

Psychology, 10th Edition, by Myers

Free Book Companion Website: http://bcs.worthpublishers.com/myers10e/#t_746145

Study Objectives

A list of objectives will be distributed on Canvas under Files, identifying areas that will be covered on each of the exams. This list of objectives will be used for unit exams, and should be saved.

Outlines of the content from each unit will be distributed on Canvas under Files, each of which can be used for note-taking purposes in class.

Help with Canvas

The following website about Canvas will be helpful for [Students](#) or: <http://depts.bellevuecollege.edu/helpdesk/students/canvas/>

Classroom Learning Atmosphere

Instructor Expectations

Most class sessions will be a combination of instructor presentations and in-context class discussions. Discussions should be based from a scientific perspective, and information should be related to valid and reliable findings gathered from reputable scientific sources.

Attendance/Participation

Anything covered in the classroom presentations should be considered as testable information, unless otherwise specified. Some information that will be presented is not covered in your textbook. It is each student's responsibility to arrange with classmate(s) to get notes for presentations from which s/he has been absent. Participation is encouraged, but not mandatory during classroom discussions. Actual class attendance and participation will not be used as factors in grading.

Affirmation of Inclusion

Bellevue College is committed to maintaining an environment in which every member of the campus community feels welcome to participate in the life of the college, free from harassment and discrimination.

We value our different backgrounds at Bellevue College, and students, faculty, staff members, and administrators are to treat one another with dignity and respect.

Religious Holidays

Students who expect to miss classes, examinations, or any other assignments as a consequence of their religious observance should be provided with a reasonable alternative opportunity to complete such academic responsibilities. It is the obligation of students to provide faculty with reasonable notice of the dates of religious holidays on which they will be absent, preferably at the beginning of the term. Students who are absent on days of examinations or class assignments should be offered an opportunity to make up the work without penalty (if they have previously arranged to be absent), unless it can be demonstrated that a makeup opportunity would constitute an unreasonable burden on a member of the faculty. Should disagreement arise over what constitutes an unreasonable burden or any element of this policy, parties involved should consult the department chair, or Dean.

College Anti-Discrimination Statement (Title IX)

Bellevue College does not discriminate on the basis of race or ethnicity; color; creed; national origin; sex; marital status; sexual orientation; age; religion; genetic information; the presence of any sensory, mental, or physical disability; gender identity or veteran status in educational programs and activities which it operates.

For further information and contacts, please consult [College Anti-Discrimination Statements](#) or:
<http://www.bellevuecollege.edu/titleix/>

Student Code of Conduct and Academic Integrity

Student Conduct

Any act of academic dishonesty, including cheating, plagiarism (using the ideas or words of another as one's own without crediting the source), and fabrication and inappropriate/disruptive classroom behavior are violations of the Student Code of Conduct at Bellevue College. Examples of unacceptable behavior include, but are not limited to, talking out of turn, arriving late or leaving early without a valid reason, allowing cell phones/pagers to ring, and inappropriate behavior toward the instructor or classmates. The instructor can refer any violation of the Student Code of Conduct to the Dean of Student Success for investigation. Specific student rights, responsibilities, and appeal procedures are listed in the Student Code of Conduct at [Student Code](#) or:

<http://www.bellevuecollege.edu/policies/id-2050/>

Student conduct expectations will be in compliance with policies described in the BC student handbook. Of particular note: Abusive and/or harassing language will not be tolerated towards other students, guests, or the instructor in the class. Also, cell phones and pagers should always be turned off prior to entering class.

If a student is found to be cheating on an exam, that exam score will automatically be graded at zero points, and will be counted as one of the four required grades during the grading process. Subsequent cheating on a second exam will prevent the student from completing four required exams, and will result in a Failing grade in the class.

If a student is found to be plagiarizing information on a homework exercise, that homework exercise score will automatically be graded at zero points during the grading process.

If a student is found to be plagiarizing information on the optional extra credit paper, that extra credit paper score will automatically be graded at zero points.

Bellevue College E-mail and access to MyBC

All students registered for classes at Bellevue College are entitled to a network and e-mail account. Your student network account can be used to access your student e-mail, log in to computers in labs and classrooms, connect to the BC wireless network and log in to Canvas. To create your account, go to [Create Email](#) or:

<https://www.bellevuecollege.edu/netid/>

Please, always use the BC student email system (rather than Canvas) for all contacts with the instructor, and please remember to always sign your email messages with your full name.

Please, check your BC student email daily, and check the Canvas website for our class daily, as these are the means by which important information will be distributed to students beyond announcements in class.

BC offers a wide variety of computer and learning labs to enhance learning and student success. Find current campus locations for all student labs by visiting the [Technology Help Desk](#) or:

<http://depts.bellevuecollege.edu/helpdesk/students/>

Disability Resource Center (DRC)

The Disability Resource Center serves students with a wide array of learning challenges and disabilities. If you are a student who has a disability or learning challenge for which you have documentation or have seen someone for treatment, and if you feel you may need accommodations in order to be successful in college, please contact us as soon as possible.

If you are a person who requires assistance in case of an emergency situation, such as a fire, earthquake, etc., please meet with your individual instructors to develop a safety plan within the first week of the quarter.

If you are a student with a documented autism spectrum disorder, there is an additional access program available to you. Contact [Autism Spectrum Navigators](#) or:

<http://www.bellevuecollege.edu/autismspectrumnavigators/>

ASN is located in the Library Media Center D125.

The DRC office is located in B132 or you can call our reception desk at 425.564.2498. Deaf students can reach us by Skype: the address is **DRCatBC** (NOTE: There is no @ sign...it is actually **DRCatBC**). For application information into our program and other helpful links, please visit our website at [Disability Resource Center](#) or:

<http://www.bellevuecollege.edu/drc/>

Accessibility

The online elements of this course are designed to be welcoming to, accessible to, and usable by everyone, including students who are English-language learners, have a variety of learning styles, have disabilities, or are new to online learning. Be sure to let me know immediately if you encounter a required element or resource in the course that is not accessible to you. Also, let me know of changes I can make to the course so it is more welcoming to, accessible to, or usable by students who take this course in the future.

Public Safety and Emergencies

Public Safety is located in the K building and can be reached at **425-564-2400** (easy to remember because it's the only office on campus open 24 hours a day—2400). Among other things, Public Safety serves as our Parking Permits, Lost and Found, and Emergency Notification center. Please ensure you are signed up to receive alerts through our campus alerting system by registering at [RAVE Alert Registration](#) or:

<http://www.bellevuecollege.edu/alerts/?ref=footer>

If you work late and are uneasy about going to your car, Public Safety will escort you to your vehicle. To coordinate this, please phone ahead and let Public Safety know when and where you will need an escort.

Please familiarize yourself with the emergency postings by the door of every classroom and know where to go in the event of an evacuation. Your instructor will be asked if anyone might still be in the building, so check in before you do anything else. Emergency responders will search for anyone unaccounted for.

If a major emergency occurs, please follow these three rules:

- 1) Take directions from those in charge of the response** -We all need to be working together.
- 2) Do not get in your car and leave campus (unless directed to)** - Doing so will clog streets and prevent emergency vehicles from entering the scene. Instead, follow directions from those in charge.
- 3) In an emergency, call 911 first, then Public Safety.**

Please do not hesitate to call Public Safety if you have safety questions or concerns at any time. For answers to your questions, you may also visit the web page for [Public Safety](http://www.bellevuecollege.edu/publicsafety/) or: <http://www.bellevuecollege.edu/publicsafety/>

Academic Calendar

The Bellevue College Academic Calendar is separated into two calendars. They provide information about holidays, closures and important enrollment dates such as the finals schedule.

Enrollment Calendar - <http://www.bellevuecollege.edu/enrollment/deadlines/>. On this calendar you will find admissions and registration dates and important dates for withdrawing and receiving tuition refunds.

College Calendar - <http://www.bellevuecollege.edu/enrollment/holidays/>. This calendar gives you the year at a glance and includes college holidays, scheduled closures, quarter end and start dates, and final exam dates.

Course Calendar

1/5/16 – 3/22/16

Prologue: Psychology's Roots; Psychology's Big Issues; Psychology's Perspectives; Psychology's Subfields; Studying Psychology

Chapter 1: The Need for Psychological Science; Description; Correlation; Experimentation; Statistical Reasoning; Frequently Asked Questions About Psychology

Chapter 2: Neural Communication; The Nervous System; The Brain; The Endocrine System

Chapter 3: Waking Consciousness; Sleep and Dreams; Hypnosis; Drugs and Consciousness; Near-Death Experiences

Chapter 4: Brief Overview

Chapter 5: Prenatal Development and the Newborn; Infancy and Childhood; Adolescence; Adulthood; Reflections on the Major Developmental Issues

Chapter 7: Classical Conditioning, Operant Conditioning; Learning by Observation

Chapter 8: The Phenomenon of Memory; Encoding: Getting Information In; Storage: Retaining Information; Retrieval: Getting Information Out; Forgetting; Memory Construction; Improving Memory

Chapter 11: Motivational Concepts; Hunger; Sexual Motivation; The Need to Belong; Achievement Motivation

Chapter 12: Stress and Illness; Promoting Health

Chapter 14: Social Thinking; Social Influence; Social Relations

Chapter 15: Perspectives on Psychological Disorders; Schizophrenia; Mood Disorders; Anxiety Disorders; Dissociative Disorders; Somatoform Disorders; Personality Disorders

1/21 First Unit Exam – tentative date (Prologue, Chapters 1 & 2)

2/4 Second Unit Exam - tentative date (Chapters 3 & 7)

2/11	No Class
2/18	Third Unit Exam - tentative date (Chapters 8 & 11)
2/18	Last Day to Withdraw
3/2	Fourth Unit Exam - tentative date (Chapters 12, 4 & 5)
3/8	No Class
3/22	Fifth Unit Exam (Chapters 15 & 14), 5:30 pm
3/22	Special Presentation on William Perry's Theory of Intellectual and Ethical Development in College Age Individuals

Exam Dates

Actual exam dates, other than the last unit exam date, will be announced in class, and posted on Canvas. Class discussions, and potential days when class will not be held (e.g., school closure due to weather) prevent exact exam dates from being known ahead of time.

Expansion

Information about Bellevue College's copyright guidelines can be found at:
<http://bellevuecollege.libguides.com/copyright>

A good resource for Plagiarism and other writing resources is the Writing Lab:
<http://www.bellevuecollege.edu/asc/writing/essays-guides/>

Advising

In-house advising is available for the Social Sciences with Deanne Eschbach in D110C.

Division Statements

PROCEDURES AND GUIDELINES OF THE SOCIAL SCIENCE DIVISION Fall 2013

Cheating, Stealing and Plagiarizing*

Cheating, stealing and plagiarizing (using the ideas or words of another as one's own without crediting the source) and inappropriate/disruptive classroom behavior are violations of the Student Code of Conduct at Bellevue College. Examples of unacceptable behavior include, but are not limited to: talking out of turn, arriving late or leaving early without a valid reason, allowing cell phones/pagers to ring, and inappropriate behavior toward the instructor or classmates. The instructor can refer any violation of the Student Code of Conduct to the Dean of Student Services for possible probation or suspension from Bellevue College. Specific student rights, responsibilities and appeal procedures are listed in the Student Code of Conduct, available in the office of the Dean of Student Services and at

<http://www.bellevuecollege.edu/policies/id-2050/>

Email Communication with instructors must be done through student email accounts only. Instructors cannot communicate with students about their course work or grades through student's personal email accounts.

Incomplete

If a student fails to complete all the required work for a course, an instructor may assign the grade of Incomplete ("I"). The student must complete the coursework by the end of the next quarter, or receive the assigned letter grade (usually an "F").

F Grade

Students who fail a course will receive a letter grade of "F."

Final Examination Schedule

The Social Science Division will adhere to the final examination schedule as stated in the BC Schedule. Final examinations will be held at the end of each quarter at fixed times. Instructors will not give examinations in advance of the regular schedule. A student who is absent from any examination held at any time during the quarter may forfeit the right to make up the examination. If, for illness or some other circumstance beyond the student's control, the student is unable to be present at any scheduled examination and has contacted the instructor on a timely basis, the student may be permitted to take such examination at a time designated by the instructor.

Withdrawal From Class

College policy states that students must formally withdraw from a class by the end of the seventh week of the quarter (Registration Office, B125). If a student has not withdrawn by that date, an appropriate letter grade will be assigned for the course.

Hardship Withdrawal

Instructors may assign the grade of "HW" (hardship withdrawal) at their discretion in the event that a student cannot complete the coursework due to extreme and exceptional circumstances. Students may also contact the Enrollment Services office BEFORE grades are assigned in cases of hardship.

Students Who Require Disability Accommodations:

Students with disabilities who have accommodation needs are encouraged to meet with the Disability Resource Centre (DRC) office located in D125 inside the library media center (telephone 425.564.2498 or TTY 425.564.4110), to establish their eligibility for accommodation. The DRC office will provide each eligible student with an accommodation letter. Students who require accommodation in class should review the DRC accommodation letter with each instructor during the first week of the quarter.

Students with mobility challenges who may need assistance in case of an emergency situation or evacuation should register with Disability Resource Centre, and review those needs with the instructor as well.

Distribution of Grades

Grades will not be posted in the Social Science Division or in faculty offices, and program assistants or coordinators will not give out grades. Students should access their grades through the BC Web site.

Return of Papers and Tests

Paper and/or Scantron score sheet returns will be arranged in the following ways ONLY: by mail, if student supplies the instructor with stamped, self-addressed envelope (with appropriate postage); or by the instructor designating a time and place whereby the student may retrieve his/her papers. Unclaimed papers and/or Scantron score sheets must be kept by the instructor for a minimum of sixty (60) instructional days following the end of the quarter.

**If you are accused of cheating, stealing exams and/or plagiarism, there is a Bellevue College Student Discipline and Appeals Procedure (the right to due process) which you may pursue. Contact the office of Division Chair (D110), the Dean of Student Services (B231A) or the Associated Student Body (C212) for information regarding the appeals process.*
