Course Objectives:

To consider the basic themes of geography and how they are applied to explore the relationships between physical and cultural landscapes to provide a foundation in geographic inquiry that will act as a catalyst for future study and to develop a sense of place by fostering a sense of the connectivity that exists between the physical and the cultural world.

Format:

The coursework is divided into 10 Chapters each with a Chapter Quiz: 10 Map Quizzes: a Regional Quiz: a Mid-Term Exam: a Final Exam.

a) Course Chapters and Chapter Quizzes:

Each of the chapters in the class covers one key theme of geographic inquiry and all of the material that you need is in the ebooks, 'Introduction to Geography' and 'World Place Locations.' The 'Introduction to Geography' ebook has the 10 Chapters you will study and the 'World Place Locations' ebook is used for the map quizzes and the Regional Quiz.

It is important to start by developing a **Study Guide** for this class - a notebook of all key ideas/answers to all questions/answers - material that will help you to remember the content. You can use this Study Guide in all of the 'open book' quizzes.

Having carefully read through each chapter, made all appropriate notes in your Study Guide notebook and answered the fifteen **Review Questions** at the end of the chapter you are ready to take the **Chapter Quiz**. Each Chapter Quiz has an open book/open note format with **multiple-choice** questions and is answered totally online using the ebook assessment system. Please note that we will use the ebook assessment system to complete the Chapter Quizzes (not the Canvas assessment system).

There will be 10 questions in each **Chapter Quiz** - 5 will be selected from the 15 Review Questions and there will be an additional 5 questions from material in the relevant chapter.

Again – please note that all exams are open book/open note. You can only make **ONE** attempt to answer the questions in each Chapter Quiz – remember to **'Save'** the answers before you 'Submit' the quiz.

The order of the Chapter Exams will be exactly the same as the Chapters in the ebook - you will have 10 multiple choice questions (5 selected from the Review Questions at the end of the chapter and 5 additional questions from the material in the relevant chapter). Each Chapter Quiz is worth 20 marks (2 marks per correct answer for a grand total of 200 marks).

b) Map Quizzes - World Place Locations:

Please note - this is done using the online textbook 'World Place Locations.'

You will be required to study place locations for the eight major world regions (listed below). **There are 10 online Map Quizzes with 15 questions in each quiz (total 150 marks).**

Note that - Europe and Russia and - North America - are both divided into two quizzes each, a cultural quiz and a physical quiz. For all of the other regional map quizzes the cultural and physical locations are combined into one quiz (cultural is cities and physical is seas, rivers, mountains, deserts and lakes etc).

Preparation for the quizzes is done by completing the respective chapters in the **World Place Locations online ebook** and an atlas of your choice.

For your convenience you may access the A-Z Maps website which is available to you through the College Library - this is an atlas and we also recommend that you print off from this Library resource your own blank maps of the regions for revision purposes. We suggest that you follow the link on the website to **download the blank maps** and label all of the required locations on the map - this will help you to better remember the locations for the quiz.

Preparation for the quizzes is done by completing the respective sections in the World Place Locations online workbook, blank outline maps – for these go to the **College Library site and the blank map PDFs are all on the Periodicals page - under Blank Maps - scroll down to see 'Blank Maps' - all the blank maps can be printed for revision purposes.**

To ensure success, read the **Instructions to the Student** for suggestions, hints, and guidelines in the **World Place Location** ebook.

So - you fill in the blank maps and they are then used to practice identifying the locations listed in each Chapter in the workbook (do not hand in these maps as they are only for your practice). The Place Location quizzes are all 'open book' matching format. Carefully, follow the online instructions when taking the quizzes.

You only have **8 minutes** to answer each Map Quiz so please be sure you know the locations well before you begin.

The 10 Map Quizzes and respective Chapters in the World Place Location online ebook are listed below.

Please note - The Major Features of the Planet Map Quiz is at the start of the World Place Location ebook and this is for practice only – it will not count toward your score for the class – it is only for practice to give you a good idea of what the Map Quizzes.

- 1. Europe and Russia Cultural – Chapter 2**
- 2. Europe and Russia Physical - Chapter 2**
- 3. East Asia – Chapter 3**
- 4. South and Central Asia – Chapter 4**

Remember - Chapter 1 in your textbook considers the **Major Features of the Planet and is not assessed** and should be used as a practice map quiz before you begin the other map quizzes. However, it is advised that you plot the locations on a blank world map to allow you to become more familiar with the format of the workbook.

All 25 questions will be chosen from the 10 Chapter Review Questions in each chapter as well as the questions asked in the Chapter Quizzes. In addition there will be a selection of 10 images and each will require a written response from you. Each image will require you to identify it and to write about the image with as much information as you can. They will each be worth 2 marks for correct identification and a maximum of an additional 3 marks for the discussion you submit.
