**Expected time outside of class**

The Business Transfer Program prepares students for careers in business. All the courses in the program are second-year (200 level) courses that are **rigorous** and have many requirements.

For classes, students are required to spend at least **two hours outside of class for every hour I class.** Make sure you manage your time well.

<b>Exams</b>	<p>There will be THREE EXAMS given, at approximately the <b>4<sup>TH</sup>, 8<sup>TH</sup>, AND 12<sup>TH</sup></b> weeks of the quarter.</p> <p>Early exams may be arranged in the advance with the instructor. IN GENERAL, NO MAKE UP EXAMS WILL BE GIVEN.</p> <p>Exam 1 covers Ch 9 and Ch 10, Exam 2 covers Ch 11 and Ch 12, and the final is comprehensive and also includes Appendix C (back of textbook, after chapter 14). Exams are <u>closed book, closed notes</u>.</p>
<b>Chapter Quizzes</b>	<p>You will be given VERY short (15 minute) quizzes following each chapter based on the reading assignment. This is an early opportunity to assess your readiness for the chapter.</p>
<b>Chapter Outlines</b>	<p><b>Learn to read a textbook!</b> To prepare yourself for the chapter, you are required to submit chapter outlines at the beginning of each chapter. This is designed to help you get more out of the class discussion by having the class discussion be the second time you see the material. Put the outline in your own words and don't hesitate to include examples from the textbook. With the exception of the first chapter, all outlines will be due <b>FRIDAY at the beginning of class</b>.</p>
<b>Homework</b>	<p>Chapter homework assignments are <b>listed on the Schedule</b> and are due as listed <b>at the beginning of class</b>. Keeping up with homework is vital to your success in this class!</p> <ul style="list-style-type: none"> <li>• <b>Each student</b> completes or attempts ALL of the homework and brings these solutions to class.</li> <li>• <b>Instructor</b> will check homework completed <b>individually</b>.</li> <li>• <b>Each homework team</b> will present one homework problem (pre-assigned), either individually or as a team. ALL PRESENTATIONS MUST BE DONE ON THE OVERHEAD PROJECTOR (or camera, if available), USING A TRANSPARENCY.</li> <li>• <b>Homework review</b>. There will be a class discussion of the solution. Students and instructor question/examine/consider/debate the solution.</li> <li>• <b>Tips:</b> I also want to see that you have an understanding of the proper format. Please note the difference between <b>SSQs, Qs, BEs, Exs, Probs, and BYPs</b> etc. in the assignment. Keep your homework until the day of the test. You may need it! <b>Reality:</b> Students who attempt the homework <i>before</i> it is covered in class usually earn an A grade.</li> </ul>
<b>Practice exams</b>	<p>Occasionally, I issue practice exams. They usually do not include the <i>solutions</i>.</p>
<b>Computer Lab</b>	<p>You will be assigned an independent computer lab to work on in lieu of one class period. You are encouraged to review the lab early to ask any questions.</p>
<b>Projects</b>	<ul style="list-style-type: none"> <li>• <b>Financial Statement Analysis</b>— more on this later. NOTE: This is a GROUP PROJECT although there is opportunity for some individual scores. The project will be submitted in 3 parts. You will use concepts from the second half of the textbook.</li> </ul>
<b>Email feedback</b>	<p>I will monitor email on a daily basis on weekdays. If you do not receive a reply within 24 hours on weekday, please resend your email. If the Discussion area is popular, I will monitor it also.</p>
<b>Student Absences:</b>	<p>In the event of absences, it is his/her responsibility to obtain missed class lecture notes, hand-outs, and assignment from another student, or <b>CHECK THE WEBSITE</b>. When you need to miss: CALL/EMAIL YOUR TEAMMATES!</p>
<b>Helping you succeed</b>	<p>The Business Transfer Program encourages you to make use of our study center (The <b>Business &amp; Economic Study Center</b> located at C207K. Student tutors are available according to the schedule posted. You may use the study center to meet with your group or to interact with other students. Students find the study center to be extremely helpful to their success.</p> <p><b>Read</b> lecture notes (PowerPoint slides), <b>Review</b> the textbook. • <b>Study in groups</b> and <b>start early</b> on homework assignments and projects.</p> <ul style="list-style-type: none"> <li>• You can use the Discussion page on MyBC to post questions that your class mates or I can answer.</li> <li>• Homework assigned is a <b>minimum</b> and must be turned in <b>ON TIME</b>. You need to do much more (especially chapter review problems) on your own in order to succeed.</li> </ul>
<b>Participation</b>	<p>What is Participation? We do a LOT of group work and everyone needs to help the group succeed! <b>Near perfect attendance</b>. You earn points for being here and participating with your TEAM and</p>

	<p>you lose points for skipping or being unprepared. A constructive attitude!.</p> <p><b>Being Ready:</b> Homework done <u>BEFORE</u> class time. Having some knowledge of the material before it is presented in class so that you can provide some regular verbal input (question, comment, observation, an opinion).</p> <p><b>Etiquette:</b> Please do not talk when someone else has the floor, the teacher or another student. <i>And yes, I have kicked students out for this. . . . (But I always invite them back the next day).</i></p> <p><b>I WELCOME</b> collaborative learning, but not when it disturbs others. <b>If you find that the energy &amp; enthusiasm of the classroom is too distracting, please let me know immediately.</b></p>
<b>Review sessions</b>	<p>Prior to exams, if desired, review sessions will be scheduled during class time or in addition to class time. View the calendar to get the exact times. <b>You</b> will drive the review sessions, not me. When your questions cease, the session will end.</p>
<b>Standard of Behavior</b>	<p>All interactions will be evaluated as to whether they are acceptable in the business environment. This includes interactions in the class, on online discussion forums, email communications, with the instructor, with fellow students, and in the community. Inappropriate communications include jokes and discussions your classmates find offensive, excessive messages, and other communications which would be typically deemed inappropriate in the workplace. The student will be informed and expected to comply with requests for change and improvement. <b>Please note that the instructor reserves the right to delete inappropriate communications from any public forums.</b></p>

NO ASSIGNMENTS WILL BE ACCEPTED AFTER 1 SCHOOL DAY HAS PASSED. <i>Hint: If you think you'll have trouble with this policy, turn in your assignments one day EARLY.</i>

**Learning Outcomes. The Student will be able to pick up any (domestic) Company's Financial Statement and assess that company's financial stability, cash flow prospects, & balance sheet:**

1. Analyze a company's current liabilities and long-lived assets; Prepare depreciation and amortization journal entries. Understand and calculate **money** valuation using the time value of money principles.
2. Discuss and account for debt financings and corporate stock transactions, and their valuation.
3. Prepare and analyze a cash flow statement; Identify/apply the tools for evaluating a company's performance.
4. Create an Excel spreadsheet of selected accounting information, including formatting, calculating, and labeling of financial data.
5. Improve "test for understanding" skills with the instructor, to assure he/she is on track.

***This is a TIGHTLY-SCHEDULED and FAST-PACED course, and will feel very different to you from Accounting 201. The materials take you into the world of Balance Sheet analysis, time value of money, cash flow. We have no time to take a break or revisit material – it is VERY HARD to catch up if you slack off. Having said that, please contact me EARLY if you need extra help or want to attend one of the on campus Accounting 202 class and I will try to arrange this.***

**My Background.** Judith Paquette, CMA (Certified Management Accountant, 2004), MBA: Golden Gate University, San Francisco, BS (California State University, Fresno)--major: Business, minor: Mathematics. 14 years of accounting and auditing industry experience with four companies, including two Fortune 200 companies: Industries included retail (Gottschalk's), semiconductor (Motorola), heavy duty trucking (PACCAR), wireless phone service (Western Wireless). Teaching since Fall 1997, fulltime since Fall 2002. ***Why did I leave Corporate America?*** Although I loved the work (and the pay!), I love teaching more.

**WITHDRAWAL POLICY** If you decide to drop the class, it's okay. Students who do not officially withdraw will have their grade calculated on the number of points earned divided by the total possible points assigned for the entire quarter. Please act responsibly and officially withdraw from any classes you choose not to complete. Unless you **formally** drop by the deadline (I think it's the end of the 7<sup>th</sup> week from the start of the quarter, but check the course schedule to be certain), you will receive an F grade, with 0.0 grade points. There may be a situation that warrants an NC grade, which does *not* put grade points on your record. If you reach this point, see me.

***Please note: THE LEGAL STUFF:*** This syllabus was constructed as a tentative plan for how the course will proceed. A number of conditions and circumstances may arise which can alter the topics, schedule, activities, materials, etc. The faculty member reserves the option to make any changes, as she deems necessary.
