Course Requirements and Instructor's Expectation

Mandatory attendance and expected time

The Business Transfer Program prepares students for careers in business. All the courses in the program are second-year courses that are rigorous and have many requirements. **For online classes, students are required to spend at least 50 hours on the course website and a total of 10 to 15 hours per week on the entire course.** An online class does not reduce any course requirements. Instead, it only offers you the flexibility of creating your own learning schedule. Make sure you manage your time well.

Proctored exams

There will be THREE PROCTORED EXAMS given at BC main campus at the scheduled times. If you are unable to make the scheduled times, you have to arrange your testing at an eligible testing center at your own cost. You must provide a stamped envelope with the instructor's address to the testing center.

Exam 1 covers Chapter 1 and Chapter 2

Exam 2 covers Chapter 3 and Chapter 4.

The final exam is comprehensive and covers Chapters 1 through 8.

Exams are closed book, closed notes. TWO different time slots will be offered for each proctored exam, on Friday evening and Saturday morning, please check the sign-up folder on the Course Content page. Make sure you SIGN-UP with ONE slot as soon as you can. **No make-up exams are allowed, however, alternative exams may be scheduled on campus ahead of the scheduled time with at least 72 hours prior notice.**

Assessments

There will be a reading assessment at the beginning of each chapter. The reading assessment requires that you read the chapter and answer the questions that are already posted on the course content page. The reading assessment is due on Tuesday each week.

The answers to these questions must be in your own words. Do not copy verbatim from the textbook nor copy and paste from other sources. Prepare all your answers before you complete the assessment. Students have given feedback that these reading assignments help to understand the concepts.

You will be required to complete a 20-question multiple choice quiz for each chapter with a deadline as to when this must be completed for each chapter. These quizzes are timed for 30 minutes. It is generally recommended that you take these quizzes as a way of assessing whether you understand the chapter. In the classroom setting, these quizzes are taken closed book and the scores on these quizzes highly correlate with the scores on the proctored exams. Although I cannot monitor how you complete these quizzes, it is recommended that you take them by yourself and closed book. This means that you have studied the material and really understand it. You are allowed to take two quizzes per chapter during designated times. The best score will be logged. Remember, the quizzes come from an extensive test bank and they will be different every time that you take it.

Homework assignments and comprehensive problem

See the course schedule for the homework exercises and problems for each chapter. Do these assignments on WileyPLUS. Note that only the Set A problems are assigned. However, I am also making the rest of the end of chapter problems and the algorithmic versions of the exercise assignments available on WileyPLUS. Do these problems and exercises for extra practice on the material presented in the chapter and for extra credit.

The comprehensive accounting cycle review problem is on pages 196-197 at the end of Chapter 4. This is to be submitted on the course assignment drop box. See the notes on the course schedule for more details.

Discussion forums

There will be discussion forums for the chapter to be covered each week. Participating in the discussions is your chance to learn from each other. You must submit a brief exercise or exercise that is NOT assigned as homework and that has NOT been posted by another classmate. You must check one classmates' work. Only one check each. You must read ALL posts to get full points.

Affirmation of Inclusion

Bellevue College is committed to maintaining an environment in which every member of the campus community feels welcome to participate in the life of the college, free from harassment and discrimination. We value our different backgrounds at Bellevue College, and students, faculty, staff members, and administrators are to treat one another with dignity and respect. <http://bellevuecollege.edu/about/goals/inclusion.asp>

Student Code

Bellevue College policy on student conduct, plagiarism, stealing and cheating:

"Cheating, stealing and plagiarizing (using the ideas or words of another as one's own without crediting the source) and inappropriate or disruptive classroom behavior are violations of the Student Code of Conduct at Bellevue College. Examples of unacceptable behavior include, but are not limited to talking out of turn, arriving late or leaving early without valid reason, using cell phones during exams, inappropriate behavior toward the instructor or classmates. The instructor can refer any violation of the Student Code of Conduct to the Vice President of Student Services for possible probation or suspension from Bellevue College. Specific student rights, responsibilities and appeal procedures are listed in the Student Code of Conduct, available in the office of the Vice President of Student Services.
