Course Description: We live in a global village: people are ‘closer’ than they have ever been. This geography class focuses on geographic themes of that village. As we examine issues of location and learn about places around the world, you will learn more about the relationships between people and places.

Geography is often about making connections between cultures and people. An important way to make connections in this class involves working with students from other countries and reading world news articles online. Bloomberg.com, AFP, AP, latimes.com, news.google.com and seattletimes.com are good online world news sources. **I will put a few articles on Canvas under Announcements this quarter. Also, we will discuss relevant information in class that may not show up on Canvas or the etextbook.** As we listen to and learn from each other, our communication skills will be sharpened and our geographic knowledge enriched. For most, working **in small groups inside and**

outside class and having a “study buddy” will help. Both might increase your grade if you missed something.

Students with disabilities who have accommodation needs are required to contact Disability Resource Center (DRC) in room B132 (phone 425-564-2498). Also, please contact me as soon as possible.

Please check Canvas Announcements regularly for general reminders.

Format:

Where is everything????????...

- a) 10 weekly eBook Chapter Quizzes found in the eBook
- b) 10 Map Quizzes found on BC’s Canvas under Quizzes
- c) A Regional Quiz found in the eLocations book
- d) A Midterm and a Final Exam....both taken in class.

It is important to develop a Study Guide for this class - a notebook of all key ideas/answers to all questions/and any material that will help you to remember the content. You can use this Study Guide in all of the 21 'open book' quizzes.....it will also help you prepared for the Midterm and Final.

- a) Course Chapters and Chapter Quizzes in eBook

Each of the chapters in the class covers one key theme (Ex. Chapter 8 – Cultural Geography) of geographic inquiry and most* of the material that you need for Chapter Quizzes is in the eBook, 'Introduction to Geography.' The 'Introduction to Geography' eBook has 10 Chapters.

*A few articles will be on Canvas under Announcements. Questions on these articles will only show up on the in-class Midterm and the in-class Final. Also, information given in class can show up on the midterm and the final. Please come to class ready to learn and have a study buddy so you do well this quarter.

Having carefully read through each chapter, made all appropriate notes in your Study Guide and answer the fifteen Review Questions at the end of the chapter so you are ready to take the eBook Chapter Quiz. Each Chapter Quiz has an open book/open note format with multiple-choice questions and is answered totally online using the eBook assessment system. Please note (and see above!!) that we will use the eBook assessment system to complete the Chapter Quizzes (not Canvas).

There will be 9 or 10 questions in each eBook Chapter Quiz – 4 or 5 will be selected from the 15 Review Questions and there will be an additional 4 or 5 questions from material in the relevant chapter.

Though you have several days to complete Chapter Quizzes, you can only make ONE attempt to answer the questions in each Chapter Quiz – remember to ‘Save’ the answers. Then push ‘Submit’ before the time expires. Remember/Know the deadline(s)!!

The order of the Chapter Exams will be exactly the same as the Chapters in the eBook - you will have 10 multiple choice questions and each Chapter Quiz is worth 10 points (1 point per correct answer for a grand total of 100 points).

The eBook chapters:

Chapter 1: Physical Geography: The Surface of the Earth
Chapter 2: Physical Geography: Weather and Climate
Chapter 3: Maps and Mapmakers
Chapter 4: Population and Demography
Chapter 5: Population Distribution and the Economic Resource Base
Chapter 6: Geography of Migration
Chapter 7: Geography of Urbanization
Chapter 8: Cultural Geography
Chapter 9: Geography of Globalization
Chapter 10: Geography of Sustainability

b) Map Quizzes - World Place Locations/elocations book:

The 'World Place Locations' (the elocations book) is used for the 10 map quizzes and the Regional Quiz. Each map quiz is timed (10 minutes). The map quizzes are done using the online elocations book 'World Place Locations.'

You will be required to study place locations for the eight major world regions (listed below). There are 10 online Map Quizzes with 20 questions in each quiz (total 200 points).

Note that - Europe and Russia and - North America - are both divided into two quizzes each, a cultural quiz and a physical quiz. For all of the other regional map quizzes the cultural and physical locations are combined into one quiz (cultural features are cities, states and countries while physical ones are seas, rivers, gulfs, mountains, deserts and lakes etc.).

Preparation for the map quizzes is done by completing the respective chapters, *and the questions at the end of each chapter*, in the World Place Locations online elocations book and referencing an atlas/online source of your choice including Google. Give www.ilike2learn.com a try. Many students have used this in the past and liked it.

For your convenience you may access the A-Z Maps website which is available to you through the Bellevue College Library (*On BC's website find----*Services > Library Media Center > Database (under Quick Links) > A-Z Maps Online/Blank Maps/Tutorial Video) - this is an online atlas and we also recommend that you print off from this Library resource your own blank maps of the regions for study purposes. We suggest that you follow the link on the website to download the blank maps and label all of the required

locations on the blank map - this will help you to better remember the locations for the map quiz.

To ensure success, read the Instructions to the Student for suggestions, hints, and guidelines in the World Place Locations online elocations Book.

So - you fill in the blank maps and they are then used to practice identifying the locations listed in each Chapter in the elocations book (you do not hand in these maps as they are only for your practice). The Place Location quizzes are all 'open book' matching format. Carefully, follow the online instructions when taking the quizzes.

Also, answer all of the end of chapter questions, as five of them are part of the map quiz.

You only have 10 minutes to answer each Map Quiz so please be sure you know the locations and the end of chapter questions well before you begin.

The 10 Map Quizzes and respective Chapters in the World Place Location online elocations Book are listed below.

Please note - The Major Features of the Planet Map Quiz is at the start of the elocations book and this is to be used for practice only – it will not count toward your score for the class – it is only for practice to give you a good idea of what to expect in the Map Quizzes.

1. Europe and Russia Cultural – in Chapter 2
2. Europe and Russia Physical - in Chapter 2
3. East Asia – Chapter 3
4. South and Central Asia – Chapter 4
5. Southeast Asia and Australasia – Chapter 5
6. Northern Africa and the Middle East – Chapter 6
7. Southern Africa – Chapter 7
8. South and Central America and the Caribbean – Chapter 8
9. North America Cultural –in Chapter 9
10. North America Physical – in Chapter 9

Remember - Chapter 1 in your elocations textbook considers the Major Features of the Planet and is not assessed and should be used as a practice map quiz before you begin the other map quizzes. However, it is advised that you plot the locations on a blank map of the world to allow you to become more familiar with the format of the workbook.

c) The Regional Quiz is done using the online elocations book 'World Place Locations' assessment tool.

At the end of each of the eight chapters in the online textbook 'World Place Locations' you have between 20 and 25 questions to answer. Questions in the Regional Quiz will be chosen from these 200 questions (8 chapters x 25 questions each). You can earn a total of

50 points by doing the Regional Quiz. It is intended that it will be taken toward the end of the quarter when you have finished all of the map quizzes.

d) The Midterm...100 points. Format is much like the final (Multiple choice, matching, true/false, short answers based on images) but not as long. Midterm will include some extra credit. Make sure you come to class so you do well on the two big tests.

e) The Final Exam....125 points.

The final will be worth 125 points plus at least 25 points of 'extra credit.' There will be at least 25 multiple choice questions most of which will be chosen from the 10 Chapter Review Questions and the questions asked in the Chapter Quizzes. A minority of the multiple choice questions on the midterm and the final will come from the articles under Announcements on Canvas or from information given in class. In addition, there will be a selection of 8 to 12 images from the etextbook and/or the in class PowerPoints and each will require a written response from you. Each image will require you to identify it and to write about the image with as much information as you can. The images will each be worth some points for correct identification and more points for the discussion you submit.

Due Dates and Student Responsibility

Extra-credit will be given on the Midterm and the Final, but you must earn it. I may give some information that is not in the textbook that could show up on the midterm or final.

While we will try to follow this syllabus, it is subject to change.

The flu may be a strike hard this quarter. Please do not come to school if you are ill.

To complete this course with a satisfactory grade you must carefully follow directions, finish all assignments on time, be prepared for quizzes, and demonstrate a mastery of geographic concepts through performance on exams. In addition, check files/announcements under BC's Canvas regularly, take notes in class and read the two eBooks and articles/information put on Canvas under Announcements.

It is each student's responsibility to get any notes, or important information for any class time missed. Sign up for **Canvas Notifications** in Building N to help your grade and stay organized.

Coming in late disturbs the class. Please get here on time and, if late, **quietly sit in back.**

Make-up midterms and final exams must be arranged **in advance** with me. A phone call (leave message) **before** the exam or an e-mail **before** the exam suffices. Make-up exams have 25% deducted from the score. Please see Social Science Guidelines on pages 8-9.

Talking during class about personal issues interferes with the learning of other students and is **UNACCEPTABLE. PLEASE LEAVE THE CLASSROOM AND TALK ELSEWHERE.** Also, please turn off cell phones, MP3 players, and I-pods during class.

Cheating, plagiarism, and other forms of academic dishonesty are unacceptable at Bellevue College and are subject to disciplinary action and a reduced grade or failure of the class. See pages 8-9 of this syllabus.

Thanks for making this class successful.

Cheating, Stealing and Plagiarizing*

Cheating, stealing and plagiarizing (using the ideas or words of another as one's own without crediting the source) and inappropriate/disruptive classroom behavior are violations of the Student Code of Conduct at Bellevue College. Examples of unacceptable behavior include, but are not limited to: talking out of turn, arriving late or leaving early without a valid reason, allowing cell phones/pagers to ring, and inappropriate behavior toward the instructor or classmates. The instructor can refer any violation of the Student Code of Conduct to the Dean of Student Services for possible probation or suspension from Bellevue College. Specific student rights, responsibilities and appeal procedures are listed in the Student Code of Conduct, available in the office of the Dean of Student Services and at

Email Communication with instructors must be done through student email accounts only. Instructors cannot communicate with students about their course work or grades through student's personal email accounts.

Incomplete

If a student fails to complete all the required work for a course, an instructor may assign the grade of Incomplete ("I"). The student must complete the coursework by the end of the next quarter, or receive the assigned letter grade (usually an "F").

F Grade

Students who fail a course will receive a letter grade of "F."

Final Examination Schedule

The Social Science Division will adhere to the final examination schedule as stated in the BC Schedule. Final examinations will be held at the end of each quarter at fixed times. Instructors will not give examinations in advance of the regular schedule. A student who is absent from any examination held at any time during the quarter may forfeit the right to make up the examination. If, for illness or some other circumstance beyond the student's control, the student is unable to be present at any scheduled examination and has contacted the instructor on a timely basis, the student may be permitted to take such examination at a time designated by the instructor.

Withdrawal from Class

College policy states that students must formally withdraw from a class by the end of the seventh week of the quarter (Registration Office, B125). If a student has not withdrawn by that date, an appropriate letter grade will be assigned for the course.

Hardship Withdrawal

Instructors may assign the grade of "HW" (hardship withdrawal) at their discretion in the event that a student cannot complete the coursework due to extreme and exceptional circumstances. Students may also contact the Enrollment Services office BEFORE grades are assigned in cases of hardship.

The DRC office will provide each eligible student with an accommodation letter. Students who require accommodation in class should review the DRC accommodation letter with each instructor during the first week of the quarter.

Students with mobility challenges who may need assistance in case of an emergency situation or evacuation should register with Disability Resource Centre, and review those needs with the instructor as well.

Distribution of Grades

Grades will not be posted in the Social Science Division or in faculty offices, and program assistants or coordinators will not give out grades. Students should access their grades through the BC Web site.

Return of Papers and Tests

Paper and/or Scantron score sheet returns will be arranged in the following ways **ONLY**: by mail, if student supplies the instructor with stamped, self-addressed envelope (with appropriate postage); or by the instructor designating a time and place whereby the student may retrieve his/her papers. Unclaimed papers and/or Scantron score sheets must be kept by the instructor for a minimum of sixty (60) instructional days following the end of the quarter.

***If you are accused of cheating, stealing exams and/or plagiarism, there is a Bellevue College Student Discipline and Appeals Procedure (the right to due process) which you may pursue.
