(a) Long Essay

'The significance of the creative class in urban development'

This will be a 1500-2000 word essay. This will be started at the end of Module 2 and will be submitted online ten days before the end of the quarter – it will be worth 25% of the final grade for the class.

(b) The Five Modules

The course material is subdivided into **Five Modules**. You should proceed through each Module in the following way.

1) Each one begins with '**Class Notes**' that highlight and focus on the major components of that particular topic area. Read carefully through this material and make your own notes that highlight the key points. You will be tested on this material in the Module Quiz.

2) Now turn your study toward the '**Recommended Reading Section**' of the Module. There will be a series of articles that you need to read – each has a number of questions that you will need to answer. Complete this section before you progress onto the quiz – you will be tested on these questions and your general understanding of the material from the Module in the Module Quiz.

Please note that in all of the Module Quizzes 1 thru 5 there will be some questions that require written answers and some that will be multiple choice questions.

3) If you have completed stages 1 and 2 above - you are now in a position to answer the

Module Quiz. But, before you attempt the quiz carefully read through all your notes and the answers to the questions from all of the material that you have read in the readings in the module. All of the questions on the quiz will be taken directly from the questions from the Recommended Reading articles as well as the Class Notes. **You will only have one chance to do each module quiz – and once you start you must continue and you will be limited to 90 minutes.**

5) There are in all **5 Module Quizzes (remember that Module Quiz 5 is also the Final Exam.) and all answered online.** You will have access to the Module Quizzes usually from 11 am on a Thursday until 11 pm on the following Wednesday – you must take the quiz sometime during this period. **As you will see – this regimen is intended to help to keep you on target and complete the various exercises in a timely manner.** If you fail to complete a quiz on time and the instructor considers you had a good enough reason to allow you to make-up the quiz the instructor will penalize you a minimum of 25% of your score for the made-up quiz. Please note that there will be no make-up opportunities for Module Quiz 5 (the Final).

(c) Module Quiz 5 - The Final Examination

This will be a 90 minute online final examination and the material covered will be from the final module just as in the first four module quizzes.

Cheating, Stealing and Plagiarizing*

Cheating, stealing and plagiarizing (using the ideas or words of another as one's own without crediting the source) and inappropriate/disruptive classroom behavior are violations of the Student Code of Conduct at Bellevue Community College. Examples of unacceptable behavior include, but are not limited to: talking out of turn, arriving late or leaving early without a valid reason, allowing cell phones/pagers to ring, and inappropriate behavior toward the instructor or classmates. The instructor can refer any violation of the Student Code of Conduct to the Dean of Student Services for possible probation or suspension from Bellevue Community College. Specific student rights, responsibilities and appeal procedures are listed in the Student Code of Conduct, available in the office of the Dean of Student Services.

Incomplete

If a student fails to complete all the required work for a course, an instructor may assign the grade of Incomplete ("I"). The student must complete the coursework by the end of the next quarter, or receive the assigned letter grade (usually an "F").

F Grade

Students who fail a course will receive a letter grade of "F."

Final Examination Schedule

The Social Science Division will adhere to the final examination schedule as stated in the BCC Schedule. Final examinations will be held at the end of each quarter at fixed times. Instructors will not give examinations in advance of the regular schedule. A student who is absent from any examination held at any time during the quarter may forfeit the right to make up the examination. If, for illness or some other circumstance beyond the student's control, the student is unable to be present at any scheduled examination and has contacted the instructor on a timely basis, the student may be permitted to take such examination at a time designated by the instructor.

Withdrawal From Class

College policy states that students must formally withdraw from a class by the end of the seventh week of the quarter (Registration Office, B125). If a student has not withdrawn by that date, an appropriate letter grade will be assigned for the course.
