

General Psychology

Psychology 100
Spring, 2017

General Course Information

Instructor: Jillene Grover Seiver, Ph.D.
Mailbox: Drop off items with the Secretary in D110.
Voicemail: (425)564-5106
e-mail: jseiver@bellevuecollege.edu
Canvas webpage: <https://bc.instructure.com/>
Office Hours: M-W, 3-5 in Eastern WA University House 1
Class Meets: M & W, 8:30-10:20 pm in A138
Text: *Exploring Psychology, 9th edition* by David Myers

Course Description

General Psychology broadly surveys the knowledge and methods of the discipline of Psychology. This course will emphasize the development of critical thinking skills, and familiarity with scientific research and reasoning.

Course Overview

This is an introductory-level course, which will survey most of the major issues in the field of psychology. The major goals for this course are:

1. Examine how human behavior is studied and analyzed by psychologists.
2. Gain greater insight into the behavior of ourselves and others.
3. Develop familiarity with the theories describing human behavior.
4. Familiarize ourselves with the symptoms of psychological disorders and the various treatment options.
5. Develop critical thinking skills and prepare ourselves to be cautious and analytical consumers of information that proclaims to be scientific or based on some form of research.

Course Outcomes

Upon completion of Psychology 100, students will be able to:

1. Describe the purpose, comprehensive scope, and areas of application in the field of psychology.
2. Demonstrate knowledge of the scientific process by applying and/or critiquing various research methods used by psychologists in the study of behavior.
3. Recognize, compare and contrast various theoretical perspectives used to explain and guide psychological research and application.
4. Identify historical and present-day contributions of major psychologists.
5. Define important psychological terms, concepts, processes and principles.
6. Apply critical thinking to assumptions, claims, and common sense ideas about behavior.
7. Demonstrate the application of psychological principles and findings to one's own life.

In terms of general education outcomes, students will be able to:

8. Use cognitive and creative skills:
 - a. Analyzing (identifying and evaluating problems)
 - b. Synthesizing (interpreting situations, drawing conclusions, and making connections)
9. Improving communications skills:
 - a. Doing research (gathering and documenting information)
 - b. Delivering one or more written, oral and/or visual presentations with formal documentation
10. Applying personal skills: Understanding the influence of stress, nutrition, and life style on personal health and performance

Course Requirements

Chapter Quizzes:

To ensure that you're keeping up with your reading, you will take a brief reading quiz for each chapter. The quizzes will be available in Canvas until the dates indicated on the Canvas calendar. Each quiz will be worth 5 pts, and may consist of multiple choice, true/false, matching, or short answer questions. Once you open a quiz, you will have 5 minutes to complete it. There are absolutely no make-ups of these quizzes.

Exams:

Materials: You will need a pencil for all Exams. Answer sheets will be provided.

Midterms

There will be three midterms, on the dates indicated on the calendar. They will occur in class, at the start of our class session. Each exam will be allotted 50 minutes, and will cover the material since the last exam.

Midterms will consist of 50 multiple-choice questions. Each midterm will be worth 50 pts, and there are absolutely no make-ups of midterms.

Final

There will be an OPTIONAL cumulative final on the date scheduled by the college (see course calendar). It will cover all of the chapters you've been tested on throughout the quarter. It will consist of 100 multiple choice questions. If you choose to take the final, your score on it will substitute for your lowest midterm score. If you choose to take the final, you must take it during the time assigned by the college for your class (no early or late finals).

Projects:

You will need to complete five projects, and submit them to the proper Project Dropbox in Canvas by 11:59 pm on Tuesday of the week that they are due. Each project will be worth 25 points.

Preparing Projects:

- You will select one project from the list of several.
- It is NOT permitted to do more than one project from one list, as a substitute for doing another project on a different list. I have designed the projects to supplement the topics that we will be discussing as you concurrently work on the project. Therefore, you must complete them in order.
- The projects will be graded based on three criteria.
 - **Accuracy.** Each project topic requires some factual content. You will lose points for inaccuracies.
 - **Completeness.**
 - You must answer all parts of the assignment that you choose. For example, if a project asks you to solve a problem and then describe your problem-solving strategy, you must do both of those things.
 - Each project has its own unique set of expectations. You'll know that you've completed the project fully when you've answered all of the issues that I raised in the topic's question.
 - A complete project will require no fewer than 150 words.
 - **Timeliness.** Projects are not accepted late, under any circumstances.

- The dropbox will literally **lock you out** when the deadline passes, so be prepared to push the “submit” button no later than 8:29 am on the due date.
 - As a deadline passes, the Dropbox will disappear.
 - Do NOT submit a late project to the next project’s dropbox, as that will prevent you from being able to submit the next project to that box, and it won’t earn any credit anyway.
- Do NOT send your project to me via email if you miss the deadline. I will return it unread.
 - I will deduct 20% (5 pts) for spelling errors that should have been picked up by spell check, or grammar errors that are egregious enough that grammar check should have picked them up.
- Psychological Scales: In some Projects, I will include a personality scale or other sort of psychological measure for you to complete and score. Your responses on such scales are meant to be kept anonymous, so DO NOT submit your responses or scores to me. All I need is your responses to the questions that I ask about the scale.

Submitting Projects:

You will submit your projects to the Project X Drop box, where X represents the number of the project you’re submitting.

- Create your project in your own software, and save it to your computer.
- To submit your project as an attached file:
 - Save your work as a .doc **or** .docx **or** .rtf **or** .txt file.
 - Click on Project X in the Assignments button.
 1. Click on the “Submit Assignment” button on the right side of the screen.
 2. Under the “File Upload” tab, click on the “Browse” button, find your file, and click “Submit Assignment.”
- If you can’t save in .doc or .docx format:
 - Click on Project X in the Assignments button.
 1. Click on the “Submit Assignment” button on the right side of the screen.
 2. Click on the “Text Entry” tab.
 3. Copy and paste your work into the message box.
 4. Click “Submit Assignment.”

The Drop Boxes will limit your access automatically.

- You can only submit one posting to each Drop Box, so make sure that you’re submitting your work to the correct drop box.
- The Drop Box will automatically lock when the deadline passes, so you can’t submit your work late.

When will I read the projects?

- On the morning after the due date, I will begin reading the projects.
- I will NOT reply to queries about whether I received your project or not. I will send you an email with feedback about your project once I've read it. If you have a question about a project topic, please make sure to put the words "question about" in the subject line of your email to me.

I will return your graded project in the dropbox, and will send an email with your points and my feedback. The points and feedback will also appear in the Grades button.

Attendance:

I expect that you will attend lectures. There is a great deal of information presented in the text, and the lectures will serve to narrow that information down. Also, there will be a large number of demonstrations, film clips, and participatory activities that will enhance your experience.

Academic integrity

It is assumed that all students will maintain the highest academic integrity. Cheating of any sort, including copying on exams, falsifying records, plagiarism (e.g. copying and pasting from a website, collaborating on tests), etc. will not be tolerated, and suspected cheaters will be reported to the Dean of Academic Education.

No electronic devices (cell phones, mp3/iPods, dictionaries, laptops, etc) will be allowed during lectures or exams.

Grade Distribution

A:	95-100%	C+:	77-79%
A-:	90-94%	C:	74-76%
B+:	87-89%	C-:	70-73%
B:	84-86%	D+:	67-69%
B-:	80-83%	D:	60-66%
		F:	<=59%

Grade Breakdown

Exams:	3 @ 50 pts	=	150
Projects:	5 @ 25 pts	=	125
Reading quizzes:	12 @ 5 pts	=	60
Total:			335

Incompletes and Hardship Withdrawals

These options are reserved for students who, through unforeseeable circumstances, cannot complete a course that they were passing. If you wish to request one of these grading options, the following criteria must be met:

1. You are passing the class at the time of the request.
2. You must make your request in writing, explaining the circumstances and including any documentation.
3. In the case of an Incomplete, the circumstances must be acute. That is, they must be something that prevents completion of the course within the current quarter, but that would be resolved in time for the student to complete the course work within the next quarter.
4. In the case of a Hardship Withdrawal, the circumstances must be ongoing, such that the student would not be able to complete the course work within the following quarter. In other words, a student could not request a hardship withdrawal and then retake the course the following quarter.
5. Qualifying circumstances for Incompletes and Hardship Withdrawals are limited to:
 - a. Death in the immediate family (spouse, child, parent) documented by a funeral director's note.
 - b. Significant illness or injury (documented by a doctor's note) of self or a person for whom the student is primarily responsible.
 - c. Relocation outside of the Bellevue Community College area.

Reading Assignments and due dates:

Week	Date	Chapter
1	4/3 & 5	1: Thinking Critically with Psychological Science
2	4/10 & 12	2: The Biology of Mind
	4/12	Project 1 due in Canvas by 8:30 pm
3	4/17 & 19	3: Consciousness and Two-Track Mind
4	4/24	4: The Developing Person
	4/26	NO CLASS: Instructor at conference Project 2 due in Canvas by 8:30 pm
5	5/1	Exam 1 (Chapters 1 - 4)
	5/1 & 3	6: Sensation and Perception
6	5/8 & 10	7: Learning
		8: Memory
	5/10	Project 3 due in Canvas by 8:30 pm
7	5/15 & 17	9: Thinking/Language/Intelligence
8	5/22	Exam 2 (Chapters 6 - 9)
	5/22 & 24	12: Personality
	5/24	Project 4 due in Canvas by 8:30 pm
9	5/29	No Class: Holiday
	5/31	13: Social Psychology
10	6/5 & 7	14: Psychological Disorders
		15: Therapy
	6/7	Project 5 due in Canvas by 8:30 pm
11	6/12	Exam 3 (Chapters 12 - 15)
	6/14	OPTIONAL Final Exam (Chapters 1-4, 6-9, 12-15) 7:30-9:20 A138
