Chapter Reading Questions	Learn to read a textbook! To prepare yourself for the chapter, you are required to answer a series of chapter reading questions. The answers to these questions must be in your own words. Do not copy verbatim from the textbook nor copy and paste from other sources. Prepare all your answers before you complete the assessment. Students have given feedback that these reading assignments help to understand the concepts. Print out the questions in advance and be prepared as you read.
Homework	<p>You must have a Textbook Access Code to do the Online (WileyPlus) Homework. To obtain this, you will need either to purchase your textbook new, or purchase the access code separately. Computer Lab(s)	You may be assigned a computer lab for applying the principles of the time value of money. You will estimate your retirement needs and calculate how to get there. It is NEVER too early to start planning! The project will also require working knowledge of Microsoft Word® or Excel.
Projects	<ul style="list-style-type: none"> • Accounting 201 Review (Cornelian Window Washing) and Peer Review, AND A Computer Lab– It is imperative that you come to Accounting 202 with a strong foundation. The project will be submitted in multiple parts. The project is locked for now as I am making some revisions.
Email feedback	Please use Canvas . Do not use my regular email unless you cannot get hold of me on Canvas . I monitor email on a daily basis on weekdays. If you do not receive a reply within 24 hours on weekday, please resend your email.

Student “Absences”	Sometimes, students feel that online classes require less involvement than on campus classes. This is not true for the 200 level classes. Please note that there are weekly deadlines on Sunday, Monday, Thursday, and Friday, as well as the occasional other deadline.
Helping you succeed	<p>If you are local, the Business Transfer Program encourages you to make use of our study center (The Business Study Center located at C207K. Students find the study center to be extremely helpful to their success.</p> <p><i>Print out the monthly Calendar in Canvas . Use it as your deadline guide. Listen to the YouTube lectures (students say they help, see link in Modules), (print out the PowerPoint slides, under Files), Review the textbook.</i></p> <ul style="list-style-type: none"> • Study in groups and start early on homework assignments and projects. • You can use the Questions About this Class Discussion on Canvas to post questions that your class mates or I can answer. • Homework assigned is a minimum and must be completed ON TIME. You need to do much more (especially chapter review problems) on your own in order to succeed.
Review sessions	Prior to exams, if desired, online review sessions will be scheduled for TUESDAY, late afternoon. IF this day is inconvenient, we will agree on a different day.

Inappropriate communications include jokes and discussions your classmates find offensive, excessive messages, and other communications which would be typically deemed inappropriate in the workplace. The materials take you into the world of Balance Sheet analysis, time value of money, cash flow. We have no time to take a break or revisit material – it is VERY HARD to catch up if you slack off. Having said that, please contact me EARLY if you need extra help or want to attend one of the on campus Accounting 202 class and I will try to arrange this.

WITHDRAWAL POLICY If you decide to drop the class, it's okay. Students who do not officially withdraw will have their grade calculated on the number of points earned divided by the total possible points assigned for the entire quarter. Please act responsibly and officially withdraw from any classes you choose not to complete. Unless you **formally** drop by the deadline (I think it's the end of the 7th week from the start of the quarter, but check the course schedule to be certain), you will receive an F grade, with 0.0 grade points. There may be a situation that warrants an NC grade, which does *not* put grade points on your record. If you reach this point, see me.

Please note: THE LEGAL STUFF: This syllabus was constructed as a tentative plan for how the course will proceed. A number of conditions and circumstances may arise which can alter the topics, schedule, activities, materials, etc. The faculty member reserves the option to make any changes, as she deems necessary.
