Quizzes constitute 35 percent of your final grade.

I will upload weekly quizzes, each week will cover the topics of the week. This hopefully help you to digest the material in smaller bite-size, and help you better understand the materials.

DQ assignments constitute 35 percent of your final grade.

Since we are not meeting person-to-person in class for lectures, much of our learning takes place through participations in DQs postings. You are required to participate in posting answers to the weekly discussion questions (DQs). Your responses must be substantive that include your own thoughts. You are also required to respond to your classmates' posts. Substantive answers include making comments using concepts found in the assigned reading materials or offering examples from your experience. Hence merely providing a brief "yes, I agree" or "no, I do not agree" postings are not adequate posts. I will provide the guidelines regarding the points that you can earn, on the first week of DQ.

It is intended that your involvement in discussions be of a collaborative nature. Collaboration is quite different from confrontation. Due date for each DQ will be on Monday night 11.55pm, but you are free to make your comments and

participate right after the DQ is posted. At the end of the quarter, the points earned are totaled and expressed as a percentage.

Take a note that it is unacceptable behavior to post rude or personal attacks in discussion messages or using information from the personal biographies posted to harass fellow students. The instructor reserves the right to remove messages posted, downgrade the assessment of the exercise, and/or refer the student(s) to the appropriate authorities.

The Final Exam constitutes 30 percent of your final grade. Final Exam will follow the College's schedule, and it will consist of 50 multiple-choice questions. For this ONLINE class, you will do it via Canvas, and you will be given a window of time to access the exam, and further information or instruction will be given a week prior to the scheduled exam date. Please do not miss the exam. If it is an emergency, **you must notify me beforehand, and forward me the proof of the reason.**

If, for illness or some other circumstance beyond the student's control, the student is unable to be present at any scheduled examination and has contacted the instructor on a timely basis, the student may be permitted to take such examination at a time designated by the instructor.

Withdrawal From Class

College policy states that students must formally withdraw from a class by the end of the seventh week of the quarter (Registration Office, B125). If a student has not withdrawn by that date, an appropriate letter grade will be assigned for the course.
