## *Class Learning Atmosphere*

### Instructor's Expectations

It is up to you to put in the effort to study on a consistent basis and perform on the various assignments that are used to evaluate you – papers, projects, exams, discussions, etc.

Homework will not be collected and graded for all assigned questions (see Class Schedule). It is recommended you do as many of the questions as possible to more thoroughly prepare yourself for the exams.

The Class Schedule outlines when each chapter should be covered. This should serve as a guide to how you should approach the materials during the duration of the quarter.

See the Class Schedule for the dates and times of exams. You will be required to a #2 pencil and a calculator (cell phones may NOT be used as calculators) to each exam. In general, late/make-up exams will NOT be administered; however, if necessary, early exams may be arranged as long as it is done well in advance of the scheduled exam date.

I am committed to ensuring that you get the most out of this course and that you are given every reasonable opportunity to achieve success. In this regard, I will commit to being available for group or one-on-one extra help (see General Information for office hours). As an adjunct faculty, I do not have a permanent office on campus; therefore, if you would like to meet with me please send me an email to setup a meeting. As a courtesy, I request notice at least three days in advance of all meeting requests.

I DO NOT SUBSCRIBE TO THE PHILOSOPHY OF EXTRA CREDIT. In other words, please do not make the mistake of counting on extra credit work to bring you back should you fall behind in this class. As such, I strongly recommend you try very hard to get out of the blocks well as it will be difficult to make up ground in this class. Though this may seem harsh, I feel providing special accommodation to students who have performed poorly is unfair to those who stay on schedule and are doing well. However, I will give special consideration when there has been vast improvement when a student does markedly better on the cumulative FINAL than on my earlier exams. If a student scores a 93-97 percent on the final exam, I will replace the lowest scored exam with the final exam score. These are raw exam scores.

BC provides private tutoring services for any student who feels they are falling behind in the class. These tutoring services must be arranged through the course instructor, so you need to make a formal request before I can contact the appropriate personnel within the college to assist you. If you feel you may require these services, please let me know as soon as possible as there will likely be some delay between the time of the request and delivery of the services. As noted above, I'd be glad to help you as well, but if my schedule isn't right for you or if

you feel more comfortable getting outside assistance, please let me know ASAP so I can arrange these services for you.

### **Cheating, Stealing, Plagiarism**

Cheating includes, but is not limited to, copying answers on exams, glancing at nearby exams, turning in assignments or papers that have been used in other classes, and giving or receiving help during an exam. It also includes, but is not limited to, purchasing or selling notes, assignments or examination materials. Stealing includes, but is not limited to, taking the text, notes, exams, library books or other personal property of others without their permission. It also includes, but is not limited to, taking an exam copy from the classroom without permission from the instructor. Plagiarism is presenting the words, ideas, and/or work of others as if it is an individual's own work. It includes, but is not limited to, using other's papers as one's own and including parts of published works without giving credit where credit is due. If you choose to cheat, steal or plagiarize and you are caught doing so, the following actions will be taken: 1) You will receive a failing grade for the course or a failing grade for that assignment, solely dependant upon my judgment and 2) A report of the incident will be forwarded to the Dean of Student Services who may file the report in your permanent record and/or take further disciplinary action. If you feel you have been unfairly accused of any of the above, you may appeal. For a description of due process, see WAC 132H-120, available in the Dean's office.

## Other Information

ACCT 203 is a business class and many of us are either already in the business world or aspiring to join it. Consequently, we will adhere to business standards for our class behavioral standards. All of Bellevue Community College's general policies are in effect and can be viewed at <http://bellevuecollege.edu/catalog/policies/>  
Some general comments:

- Classes will start at 6:00PM. If you are late, please be considerate in entering the class room.
- Refrain from side conversations with other students. Please feel free to ask questions by raising your hand. I will get to you as soon I finish my point. Of course, if you're late and ask me about something I just talked about, you probably will not get an answer from me.
- Please use the restroom before class or during the break, but if you have to go, go. Please be respectful of others as you exit and enter the class.
- Please eat during the break or before class. If you wish to drink, please be respectful to others in terms of the amount of noise you will generate.
- Cellular phones and pagers should be set to vibrate. If you need to take a call, please leave the classroom and be mindful to others as you enter or exit. No texting in class. During tests and exams, all electronics should be turned off and stowed out of sight.
- Laptops and tablets can be used to take notes, however, you will not be able to use them for tests and exams.

**WITHDRAWAL POLICY:** If feel you need to withdraw from the class for any reason, you are required to do so within the regulations of the school. Students who do not officially withdraw will have their grade calculated on the number of points earned divided by the total possible points assigned for the entire quarter. Please act responsibly and officially withdraw from any classes you choose not to complete. Unless you formally drop by the deadline enrollment/college calendars online, you will receive an "F" grade, with 0.0 grade points. There may be a situation that warrants an "NC" grade, which does not put grade points on your record. If you reach this point, please see me.

**DISCLAIMER:** This syllabus (including all associated documents) was constructed as a tentative plan for how the course will proceed. A number of conditions and circumstances may arise which can alter the topics, schedule, activities, materials, etc. As such, I reserve the right to make any changes I deem necessary to enhance your learning of the subject material.
