## **Course Description**

The course will cover a series of major themes of geographic inquiry. The dynamic nature of the physical environment will be studied and this will provide a foundation to better understand the cultural landscapes of our world.

Specific areas of investigation will focus on: the role of maps and mapmakers; physical processes and the surface of the Earth; a review of the dynamics of weather and climate; the impact of population growth; and additional in depth case studies focusing on population and demography, population distribution and the economic resource base, migration, urbanization, globalization and sustainability as well as a review of the major features of the cultural landscape.

## **Format**

The coursework is divided into 10 Chapters each with a Chapter Quiz: 5 Map Exercises: 5 Discussion Topics: Attendance: 5 “pop quizzes”: a Mid Term and a Final Exam.

### **a) Course Chapters and Chapter Quizzes:**

Each of the chapters in the class covers one key theme of geographic inquiry and all of the material that you need can be found in the class ebook, 'Introduction to Geography.' The 'Introduction to Geography' ebook contains the 10 Chapters that we will read and the ebook assessment system is used to take these weekly Chapter Quizzes (please note - not the Canvas assessment system).

At the end of each chapter you will find 15 Review Questions. Although you do not turn these in, some of these questions will show up on the Chapter Quiz. You

should create a Study Guide that highlights key points and material from the chapter. These questions may also show up on the mid-term and final so I highly suggest answering all questions as you make your way through reading each chapter.

After having carefully read through each chapter, made all appropriate notes in your Study Guide notebook and answered the 15 Review Questions at the end of the chapter, you are ready to take the Chapter Quiz. Each Chapter Quiz has an open book/open note format with multiple-choice questions and is taken online using the ebook assessment system. Please note that we will use the ebook assessment system to complete the Chapter Quizzes (not the Canvas assessment system).

There will be 10 questions in each Chapter Quiz. 5 will be selected from the 15 Review Questions and there will be an additional 5 questions selected from material in the relevant chapter.

Again – please note that all of these Chapter Quizzes are open book/open note and they are not timed. You can only make ONE attempt to answer the questions in each Chapter Quiz – remember to ‘Save’ the answers before you ‘Submit’ the quiz.

The mid-term and final exams will contain questions from the Chapter Review Questions. I would recommend compiling your study guide in a way that you will be able to refer to later for the final exam.

The order of the Chapter Quizzes will be exactly the same as the Chapters in the ebook - you will have 10 multiple choice questions (5 selected from the Review Questions at the end of the chapter and 5 additional questions from the material in the chapter) and each Chapter Quiz is worth 10 points (1 point per correct answer for a grand total of 100 points).

### **Chapter quizzes**

Chapter 2: Weather and Climate

Chapter 3: Maps and Mapmakers

Chapter 4: Population and Demography

Chapter 5: Population Distribution and the Economic Resource Base

Chapter 6: Geography of Migration

Chapter 7: Geography of Urbanization

Chapter 8: Cultural Geography

Chapter 9: Geography of Globalization

**b) 5 Map Exercises:**

There are 5 Map Exercises to take and each one is worth 20 points. These all have 'deadline dates' so please check to see when they are due.

The details on how to prepare for these map exercises are found when you go to the Home Page on the Canvas site, under “Map Exercises”.

You will need access to an atlas for the first 2 map exercises. Many of you will be tempted to use maps from Google or elsewhere online. I would highly recommend attaining an actual atlas as it will be easier to locate world regions and specific areas compared to relying on Google. You should be able to find an atlas at the library or for a reasonable price on amazon.com or ebay.com.

**c) Discussion Topic** postings are an additional part of the course and each of these five postings carries a score of 15 points for each completed posting (75 total points). These are submitted using the Discussion Tool on the class Canvas website. Some discussions will take place during class. If you miss an in-class “discussion day”, you must contact me for the questions and you can receive 75% credit for turning in a discussion day late. The cut off period for this is 72 hours.

For the details of each Discussion Topic please visit the Canvas Home Page and scroll down to Discussion Topics.

#### **d) The Mid-term Exam**

This will be worth 100 points - there will be around 35 multiple choice questions from topics covered in Chapters 1, 2, 3, 4 and 5. Most of the questions will be chosen from the 10 Chapter Review Questions in each chapter. There may also be questions from video worksheets that we complete in class. In addition, there will be a selection of 6 images and each will require a written response from you. Information from the images can be found in the powerpoints and from the lecture. Each image will require you to identify it and to write about the image with as much information as you can. It will be timed at 110 minutes.

#### **e) The Final Exam.**

This will be worth 100 points - there will be around 35 multiple choice questions from topics covered in Chapters 6, 7, 8, 9 and 10. Most of the questions will be chosen from the 10 Chapter Review Questions in each chapter. There may also be questions from video worksheets that we complete in class. In addition, there will be a selection of 6 images and each will require a written response from you. Each image will require you to identify it and to write about the image with as much information as you can. It will be timed at 110 minutes.

#### **f) Attendance**

There are around 20 classes and attendance will be taken each day. You will receive 1 point for each day of attendance and 5 points if you attend 80% of all classes (25 points total). You will not receive 5 points at the end of the quarter if you do not attend at least 80% of all classes.

Attending class means being present and respectful to myself and also your fellow classmates. You can lose attendance points for participating in the following behaviors:

- Whispering, giggling, or talking to other classmates
- Using your iPad/laptop/phone, etc. for non-classroom related activities that are distracting to other students. If you are using your electronics for classroom related activities, you must discuss this with me at the beginning of the quarter
- Consistently arriving to class late or arriving more than 7 minutes past the start of class
- Leaving class early without prior consent

- Being rude, discourteous or aggressive to myself or other students

***You will lose attendance points by participating in the above activities per my discretion***

### **g) “Pop” Quizzes**

There will be 5 “pop” quizzes in this course. These quizzes will not be announced ahead of time and will take roughly 20 minutes to complete during class time. These quizzes will be multiple choice and/or short answer responses to questions that relate to what we have been covering in class. You will be allowed to use notes for most of these quizzes. If you miss a “pop” quiz for any undocumented reason, you will lose 25% of credit for your first missed “pop” quiz. If you miss more than one “pop quiz”, you will be deducted 50% credit.

### **Course Grading:**

10 Weekly Chapter Quizzes	10 points each	=	100

## **Late Work Policy**

You can turn in work late although you will lose 25% of credit for that assignment. This includes all discussions and assignments. Late exams will be docked 20% for any undocumented reason (this includes computer or technology issues). Extra credit assignments can NOT be turned in late **Note:** The cut-off for all late work is 72 hours after the original due date. No late work will be accepted after the 72-hour period and some assignments cannot be turned in late. The final exam cannot be turned in late, no exceptions.

Of course, I understand that things happen in life which can may affect your schoolwork. Please be in touch with me about any issue that may affect your grade and we can work towards a solution.

## **Technology Issues**

Because this class has an online component, having access to a reliable internet connection and suitable technological equipment is necessary. You will always have around a week to do any assignment so not having access to wifi or experiencing computer issues is not a valid reason for late or missing work. If you do not have access to a computer or wifi connection, the public library or the Shoreline library has those resources available for your use. Do NOT ever, under any circumstances, turn assignments in through the Canvas app (iPad, iPhone or Android phone). I have heard from several students that they thought they completed something via the Canvas app but it did not submit. This will not be a valid excuse for missing or late work.

## **Assistance**

I am here to help you and I want you to succeed in this class. Please do not hesitate to contact me if you need assistance of any kind. It is always best to contact me earlier than later if you need assistance or guidance. Please note that under no circumstances will there be any “fudge points” or extra point opportunities that are not available to everyone. You are always welcome to come to my office during office hours or we can schedule a time to meet.

## **Plagiarism/Cheating**

Plagiarism and cheating are serious offenses and will be dealt with accordingly. Any assignment that violates Bellevue College’s rules of academic integrity will receive a ‘0’ and may be reported to the appropriate Bellevue College authorities and that student will forfeit all extra credit in the class (this includes extra credit before and after the incident). Please be in touch with me if you are unsure of what constitutes this type of violation.

## **Course Policies**

*Safe Space.* In this course we will discuss social problems and inequality and sometimes these issues will be controversial in nature. This classroom is considered a safe space for both students and the instructor. Please be respectful to the instructor and your fellow classmates. This includes interactions both verbally in person and digitally via email and Canvas. Hateful speech and language directed toward a person or group of people will not be tolerated. This includes but is not limited to language that can be considered racist, sexist, xenophobic, islamophobic, ageist, homophobic, derogatory toward immigration statues, ablest, etc. If you are not sure if something might be offensive then it is probably best to not say it. I want to encourage open discussion and communication in the classroom but we also have to be respectful to each other. Any student deemed to be breaking this policy would be asked to leave.

## Additional Information

A note about accessing Canvas from the People's Republic of China: some users have reported that they do not have full access to all Canvas functionality from within the People's Republic of China. This appears to be due to Canvas' parent company, Instructure, not fully committing to Chinese government requirements regarding internet operations within the country. The Chinese government does not inform foreign entities of their policy updates; therefore, Bellevue College cannot anticipate access to Canvas.

If you will be in China during the quarter, you should prepare for intermittent and uncertain access to Canvas.
