# PSYC& 100 General Psychology | BELLEVUE C O L L E G E

## **ABOUT THE COURSE**

Instructor: Janelle Tarasewicz

Email: janelle.tarasewicz@bellevuecollege.edu Class: General Psychology (Item #5419, Section OCS)

Required Text: Psychology in Everyday Life, ISBN: 9781319013738 (Myers & Dewall)

Term: Spring 2020 (Online Only)

Office Hours\*: Tuesdays and Fridays from 7:30 - 8:30 am

\*Since I do not teach on campus, you can reach me during those hours by email. We can always jump into an online chat session if you'd prefer. I set my hours early in the day since most of my students work full time while attending classes, so I set my hours prior to typical business hours. If you work an alternative schedule, or that time just doesn't work for you, sent me an email and we can coordinate a time to chat. I'm here to help!

# **Description and Learning Outcomes**

This course presents methods, concepts, and principles of psychology. Topics include psychophysiology, sensation and perception, learning and memory, motivation, development, emotion, health, stress, personality, and abnormalities and their treatments. After completing this class, students should be able to:

- Describe key concepts, principles, and overarching themes in psychology
- Describe psychology's content domains and areas of application to human behavior
- Use scientific reasoning to understand, apply and/or critique various research methods and theoretical perspectives used by psychologists to study and explain behavior
- Apply critical thinking and ethical standards to evaluate assumptions, claims, and common sense ideas about behavior
- Apply psychological principles and findings to enhance interpersonal relationships at individual, community, national, and global levels
- Communicate effectively in written and/or oral formats in academic and professional life

#### **General Course Format**

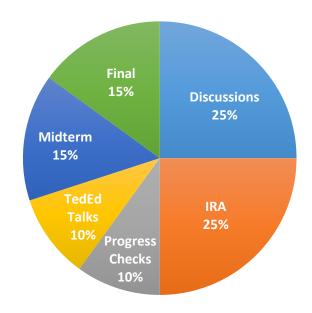

Since you will not have the benefit of an in-class lecture, it is my expectation that you are closely reading each of the assigned chapters in our textbook in addition to my lecture videos and "Start Page" video content.

One of the more difficult aspects of an introductory psychology course is the amount of information that is covered during the term. I want you to be successful in this course - and I'm here to help you be successful in this course! Please don't hesitate to reach out and let me know how I can help you during our time together.

Remember - grades are not given by me, they are earned by you. Please reach out if you are struggling with anything in this course so that I can help you earn the best grade possible (and hopefully have some fun in the process!).

# **COURSE REQUIREMENTS**

Assignment Type	Percentage of Overall Grade
Discussion Posts	25%
IRA Assignments	25%
Progress Checks	10%
TedED Talks	10%
Midterm Exam	15%
Final Exam	15%

# **Discussion Posts (worth 25%)**

Once or twice a week you will be required to post comments or reflections on the course discussion boards. These posts are typically due by Tuesday and Thursday each week, but each week may vary slightly, so be sure to pay attention to all due dates. The purpose of the discussion posts is to help students engage with the course material and interact with each other. The discussion posts are also an important way for us to learn from one another. Be sure to review the *Grading Rubric for Online Discussion Boards* posted on our Canvas site.

#### Insights, Resource Sharing, Applications (IRA) Assignments (worth 25%)

The Insights, Resource Sharing, and Application (IRA) Assignment is your opportunity to reflect on the content of this course, as well as discuss how you can apply the concepts we are learning to everyday life. You will submit an "IRA" assignment each week. Twice during the term I will review a sample of your writing assignments and grade them. I will not read all of your assignments; I will only read a few of them. In other words — twice during our course, I will choose a random selection of your entries to read and will base your grade on those randomly selected assignments. So, make sure you submit each "IRA" assignment and that each assignment is thoughtful and thorough, as you will not know which assignments will end up counting towards your final grade. Be sure to review the Grading Rubric for the IRA Assignments posted on our Canvas site.

#### **Progress Checks (worth 10%)**

Every week you will be required to complete a Progress Check quiz, which consists of multiple choice and/or matching questions. The purpose of these quizzes is to gauge your learning and to ensure you understand the concepts under discussion. It is also my way of double-checking that you are reading the textbook and watching the videos posted on our "Start Pages."

#### TedED Talks (worth 10%)

The TedED Talks are a chance to learn about the concepts we're covering in class from a different perspective. These TedED Talks allow us to see the psychological principles as they're applied to life outside the classroom. There is a short quiz after each video to ensure that you're watching and understanding the concepts.

#### Midterm Exam (worth 15%)

The Midterm Exam is a writing assignment intended to help assess whether students are engaging in the course materials and how well the concepts from our course are being understood. The goal of the Midterm Exam is to apply the concepts we're learning to everyday life. Be sure to review the *Grading Rubric for Midterm and Final Exam* posted on Canvas.

#### Final Exam (worth 15%)

The Final Exam is a writing assignment that will bring together several of the concepts from our course. The Final Exam will require students to look back at the course materials from all five of the class modules and apply concepts from each module to the questions/topic. Be sure to review the *Grading Rubric for Midterm and Final Exam* posted on Canvas.

# **GRADING SCALE**

Grades for the course will be based upon the following percentages. The College Grading Policy is explained in the current Course Catalog and can also be found at this link: Grading Policy.

B-	2.7	80 - 83 %	D	1.0	60 - 66 %

This class requires regular and sustained access to an internet-connected computer. You are required to access your Bellevue Student Email. You will also be required to have access to a web browser.

#### **Email Contact**

I will generally respond via your Bellevue Student Email account. Make sure you check that regularly. It is your responsibility to ensure class emails are not caught in your spam filters or blocked by firewalls.

## Response Time

I will generally respond to emails within two business days.

#### **Technical Problems**

Technical problems are not considered valid excuses for missing or incomplete assignments or quizzes. Have a backup plan and plan ahead! (Keep in mind that libraries offer internet services and you can access the Canvas app through a smart phone.) Students can find help with Canvas by following the link to Student Canvas Help or by calling the IT Service Desk at 425-564-HELP (4357).

## SUBMITTING ASSIGNMENTS

All course activities will occur through Bellevue's Canvas Learning System. Assignments must be submitted via Canvas. It is your responsibility to check Canvas and your Bellevue student email regularly for course information and updates. You are responsible for keeping backup copies of your assignments until after the quarter is over.

## **Procedures for Turning in Assignments**

All assignments and quizzes are conducted in Canvas. Turn in your assignments using the appropriate resource (assignment attachments, test and survey response, discussion forum, etc.) within Canvas. Assignments will not be accepted via email.

# Missed, Late, and Make-up Assignments

You have the responsibility for completing all assignments (discussions, quizzes, etc.) before the scheduled due date. If an assignment is turned in late, your score will be deducted by 25% for every day that it is past due. Do not miss an assignment or quiz. Only under rare circumstances do I allow make-up assignments.

#### WITHDRAWAL FROM CLASS

College policy states that students must formally withdraw from a class by the end of the seventh week of the quarter (Registration Office, B125). If a student has not withdrawn by that date, an appropriate letter grade will be assigned for the course. For hardship withdrawals, instructors may assign the grade of "HW" (hardship withdrawal) at their discretion in the event that a student cannot complete the coursework due to extreme and exceptional circumstances. Students may also contact the Enrollment Services office BEFORE grades are assigned in cases of hardship.

# **OTHER POLICIES & RESOURCES**

ACCESSIBILITY: The online elements of this course are designed to be welcoming to, accessible to, and usable by everyone, including students who are English-language learners, have a variety of learning styles, have disabilities, or are new to online learning. Be sure to let me know immediately if you encounter a required element or resource in the course that is not accessible to you. Also, let me know of changes I can make to the course so that it is more welcoming to, accessible to, or usable by students who take this course in the future.

<u>AFFIRMATION OF INCLUSION</u>: Bellevue College is committed to maintaining an environment in which every member of the campus community feels welcome to participate in the life of the college, free from harassment and discrimination. We value our different backgrounds at Bellevue College, and students, faculty, staff members, and administrators are to treat one another with dignity and respect. Please read the Bellevue College <u>Affirmation of Inclusion</u> for details.

**REASONABLE ACCOMMODATIONS FOR REASONS OF FAITH AND CONSCIENCE**: Students who will be absent from course activities due to reasons of faith or conscience may seek reasonable accommodations so that grades are not impacted. Such requests must be made within the first two weeks of the course to the office of the Associate Vice President of Student Affairs (see <u>Bellevue College Policy 2950</u>). In the event you feel you are being discriminated against based on faith or conscious, you may refer to the procedures outlined in the college's Discrimination, Harassment and Retaliation Policy (1440P).

<u>RELIGIOUS HOLIDAYS</u>: Students who expect to miss classes, examinations, or any other assignments because of their religious observance should be provided with a reasonable alternative opportunity to complete such academic responsibilities. It is the obligation of students to provide faculty with reasonable notice of the dates of religious holidays on which they will be absent, preferably at the beginning of the term. Students who are absent on days of examinations or class assignments should be offered an opportunity to make up the work

without penalty (if they have previously arranged to be absent), unless it can be demonstrated that a makeup opportunity would constitute an unreasonable burden on a member of the faculty. Should disagreement arise over what constitutes an unreasonable burden or any element of this policy, parties involved should consult the department chair, or Dean. Please read <u>Policy 2950 Accommodations for Reasons of Faith or Conscience</u> for more details.

<u>COLLEGE ANTI-DISCRIMINATION STATEMENT</u>: Bellevue College does not discriminate on the basis of race or ethnicity; creed; color; national origin; sex; marital status; sexual orientation; age; religion; genetic information; the presence of any sensory, mental, or physical disability; or veteran status in educational programs and activities which it operates.
