The exam format may contain multiple choice, fill-in-the-blank, or short answer questions. No exams will be available outside of the regular open exam window without written documentation. It is expected that if you go out of town, you will find a way to access the Internet (free Wi-Fi spots, hotel offices, public libraries, etc.) in order to take your exams during the open exam window. *There will be no comprehensive final exam.*

Discussions:

There will be 10 discussions during the quarter. Each student is required to post a response to the discussion topic, as well as respond to at least two other students' posts. Students must cite from the textbook, plus one additional outside source, for each discussion, using APA format, including a reference list. New topics and discussion questions are open all quarter, so you can work at your own pace after reading the corresponding chapters. Specific details on how to write discussion responses are available in the course modules.

Weekly Quizzes:

These weekly quizzes are incorporated into the various chapters of the textbook and used to help integrate terms and concepts to further learning. There will be ten quizzes over the course of the quarter.

Case Studies:

Part of the study of personality theory is focused on how personality characteristics are evaluated. There will be nine case studies during the quarter to illustrate this. While studying the weekly module, students will write an analysis of a case corresponding to that module's theoretical emphasis on personality development. Each case study and specific details including how to write a case study are located in the course modules.

Vision Quest:

This Vision Quest exercise is designed to help students synthesize a variety of concepts related to psychology and personality theory. The assignment is based on some of the features of a traditional "vision quest" in which an individual wanders or travels on a journey seeking personal insight. After going on your own mini-quest, you will be asked to write about your insights and apply course material to the experience.

PowerPoint Slides:

Each module of the course contains PowerPoint slides that you can download and/or print. The PowerPoint slides come from the textbook publisher are not narrated so that you can proceed at your own pace.

Canvas:

Canvas is Bellevue College's "Learning Management System" or "LMS". It enables instructors to build and maintain a secure workspace to share course content, communicate with students, provide online learning activities and assessments, and keep track of their students' progress. Due Dates and Deadlines:

All assignments for the course will be open from the first day of the quarter, but have weekly due dates and times when work is due. *Because of this generous and open schedule, no late work will be accepted, except under the following circumstances:*

- If you are able to provide written documentation, such as a letter from your health care provider, which explains your need for an exception, it will be considered.
- It is each student's responsibility to know the due dates and times for all assignments and make sure there is an alternate computer (public library, on campus, friend or family member) from which to complete assignments and take exams.
- Computer malfunction or technical problems are not valid excuses to grant an exception to the due date. Plan ahead.

Put all due dates and exam times in your phone to help manage your time efficiently. Save your work early, often, and in multiple locations, such as the cloud, a memory stick, or another computer.

Note: You will be allowed to submit one late assignment for credit without any documentation this quarter. This can be any graded course content, so you may wish to choose something worth a lot of points, or you can save it for later in the quarter, just in case you need it.

WITHDRAWAL FROM CLASS:

College policy states that students must formally withdraw from a class by the end of the seventh week of the quarter during the standard academic year (Registration Office, B125). If a student has not withdrawn by that date, an appropriate letter grade will be assigned for the course. Check Enrollment Calendar Deadlines, Refunds/Withdrawals, for additional details. As with most enrollment deadlines, it is the student's responsibility to be aware of these dates and act accordingly.

Bellevue College Anti-Discrimination Statement (Title IX):

Bellevue College does not discriminate on the basis of race or ethnicity; creed; color; national origin; sex; marital status; sexual orientation; age; religion; genetic information; the presence of

any sensory, mental, or physical disability; or veteran status in educational programs and activities which it operates. Bellevue College is prohibited from discriminating in such a manner by college policy and by state and federal law. All college personnel and persons, vendors, and organizations with whom the college does business are required to comply with applicable federal and state statutes and regulations designed to promote affirmative action and equal opportunity.

Religious Holiday Observation:

Students who expect to miss classes, examinations, or any other assignments because of their religious observance should be provided with a reasonable alternative opportunity to complete such academic responsibilities. It is the obligation of students to provide faculty with reasonable notice of the dates of religious holidays on which they will be absent, preferably at the beginning of the term.

The [Request for Accommodations for Reasons of Faith or Conscience Form](#) provides more information about and the steps to request this accommodation.

Students who are absent on days of examinations or class assignments will be offered an opportunity to make up the work without penalty (if they have previously arranged to be absent), unless it can be demonstrated that a makeup opportunity would constitute an unreasonable burden on a member of the faculty. Should disagreement arise over what constitutes an unreasonable burden or any element of this policy, parties involved should consult the department chair, or Dean. Policy 2950 Accommodations for Reasons of Faith or Conscience (<http://www.bellevuecollege.edu/policies/id-2950p-2/>).

Confidentiality and Mandatory Reporting:

One of my responsibilities is to help create a safe learning environment on our campus. It is my goal that you feel able to share information related to your life experiences in classroom discussions, in your written work, and in any possible one-on-one meetings. I will seek to keep information you share private to the greatest extent possible. However, I am required to share with the Title IX Coordinator any and all information regarding sexual assault and other forms of sexual misconduct (e.g. relationship violence, stalking) that may have occurred on campus or that impacts someone on campus.

Students may speak to someone confidentially by contacting the BC Counseling Center at (425) 564-2212. The [Title IX Office](#) can be contacted at 425-564-2641 and more information can be found at [Title IX](#). If you have any concerns, you may report to: [Report Concerns](#).
