

Bellevue College Interlibrary Loan Guidelines

Interlibrary loan is a primary service that supports the mission of fostering connections, discovery, and research at the Bellevue College Library. The purpose of this service is to aid in the mission of supporting teaching, learning and research for Bellevue College students, faculty, and staff by providing enhanced access to materials not available through the physical and electronic collections of Bellevue College. The Bellevue College Library further supports pluralism and collaboration between libraries by lending materials at the local, state & national level.

The copyright law of the United States ([Title 17, United States Code](#)) governs the making of photocopies or other reproductions of copyrighted material.

Under certain conditions specified in the law, libraries and archives are authorized to furnish a photocopy or other reproduction. One of these specific conditions is that the photocopy or reproduction is not to be “used for any purpose other than private study, scholarship, or research.” If a user makes a request for, or later uses, a photocopy or reproduction for purposes in excess of “[fair use](#),” that user may be liable for copyright infringement.

This institution reserves the right to refuse to accept an ILL request if, in its judgment, fulfillment of the order would involve violation of copyright law.
