

NUCLEAR MEDICINE PROGRAM

PREREQUISITE REVIEW/APPROVAL WORKSHEET

To receive information about courses you have taken or plan to take that may meet equivalency requirements for the Nuclear Medicine Program prerequisites, please submit the following form along with an unofficial copy of your transcript. Please highlight on your transcript the courses that you would like us to review.

Send the completed form back to us via Email: imaging@bellevuecollege.edu, Please allow 7-10 working days to receive a reply from Program Advisor. If you do not hear back from us within 10 days please follow up by sending us an email.

Please take note: This worksheet is used to determine if the course/s submitted is/are equivalent or acceptable to meet the Nuclear Medicine program prerequisites. In order for future coursework to be considered, it must meet the following requirements:

- All courses must be taken from a regionally accredited college
- All courses meet the minimum grade requirement of 2.7 (B-)
- All courses will be reviewed to determine if they were completed within an appropriate time frame.

This worksheet is to be used for the Nuclear Medicine Program only. If you need help regarding prerequisites for a different program. Please contact the program directly. Prerequisites are evaluated by the program for acceptability and do NOT need to be transferred to Bellevue College. Submitting this form does not apply any coursework to your BC transcript. If you wish to have any of your prior coursework transferred to the college, please follow the directions at: <https://forms.bellevuecollege.edu/studentcentral/evaluation-of-transfer/>.

If you have any questions please contact us at (425) 564-2013 or send an email to imaging@bellevuecollege.edu.

Thank you!

PREREQUISITE REVIEW WORKSHEET
