Attendance

It is very important that you come to class everyday in order to stay current on class discussion, readings, and homework. If you miss class, it will affect your grade. The BC's Art's and Humanities Division's policy regarding attendance stipulates that any student missing more than 20% of class time for a course may receive an “F” as a final grade. **Therefore, any student missing more than 10 classes will receive an “F”.** I expect you to arrive on time to class each day and stay the entire class. If you arrive after I have taken attendance you will be counted as absent for the day.

If you stop attending English 092, you will not receive a passing grade in English 101. Please do not skip English 092 and come to English 101 thinking you can still pass; you must attend English 092 in order to receive a passing grade in English 101. In addition, attending English 092 does not guarantee that you will pass English 101.
